SUPPLEMENTARY INFORMATION:

I. Introduction

The U.S. Nuclear Regulatory Commission (NRC or the Commission) has received a license amendment application from Westinghouse Electric Company, LLC. (WEC or the licensee), dated August 16, 2012, requesting an exemption and an amendment of NRC License Number SNM–00033 (the Hematite license). The requested exemption pertains to section 70.24 of Title 10 of the Code of Federal Regulations (10 CFR) requirements for criticality monitoring systems at WEC Hematite Decommissioning Project (HDP) site in Missouri.

The Hematite license authorizes the licensee to conduct decommissioning activities. The NRC’s letter to WEC, dated November 9, 2011, (ADAMS Accession No. ML112200209), issued Amendment 59 to the Hematite license, approving the Westinghouse Hematite Physical Security Plan, Category I Contingency Safeguards Contingency Response and Contingency Security Training and Qualification Plans, dated July 28, 2011, and Fundamental Nuclear Material Control Plan, dated February 18, 2011. Amendment 59 included license condition 15 which exempts WEC from the requirements to 10 CFR 70.24 regarding its HDP activities where the risk of a criticality accident was not considered credible.

In support of its August 16, 2012, request, WEC provided a revised license application with additional proposed 10 CFR 70.24 exemption provisions; justification for these provisions; a proposed revision to license condition 15; and the justification for revising license condition 15.

An NRC administrative review, documented in a letter to WEC dated August 31, 2012, (ADAMS Accession No. ML12243A378) found the application acceptable to begin a technical review. If the NRC approves the requested exemption and license amendment, such approval will be documented in a Safety Evaluation Report, which will contain the findings required by the Atomic Energy Act of 1954, as amended, and the NRC’s regulations.

II. Opportunity To Request a Hearing and Leave To Intervene

Requirements for submitting hearing requests and petitions for leave to intervene are found in 10 CFR 2.309, “Hearing Requests, Petitions to Intervene, Requirements for Standing, and Contentions.” Interested persons should consult 10 CFR 2.309, which is available at the NRC’s PDR, located at One White Flint North, 11555 Rockville Pike, Room O1–F21, Rockville, Maryland 20852. You may also call the PDR at 1–800–397–4209 or 301–415–4737. The NRC’s regulations are also accessible electronically from the NRC Library on the NRC’s Web site at http://www.nrc.gov/reading-rm/doc-collections/cfr/.

Pursuant to 10 CFR 2.309(a), any person whose interest may be affected by this proceeding, and who wishes to participate as a party in the proceeding must file a written request for hearing and petition for leave to intervene. As required by 10 CFR 2.309, a petition for leave to intervene shall set forth with particularity the interest of the petitioner in the proceeding and how that interest may be affected by the results of the proceeding. Pursuant to 10 CFR 2.309(d), the petition must provide the name, address, and telephone number of the petitioner; and explain the reasons why intervention should be permitted with particular reference to: (1) The nature of the petitioner’s right under the Act to be made a party to the proceeding; (2) the nature and extent of...
the petitioner’s property, financial, or other interest in the proceeding; and (3) the possible effect of any decision or order that may be entered in the proceeding on the petitioner’s interest.

A request for hearing or petition for leave to intervene must also identify specific contentions that the petitioner seeks to have litigated in the proceeding. As required by 10 CFR 2.309(f), for each contention, the petitioner must provide a specific statement of the issue of law or fact to be raised or controverted, as well as a brief explanation of the basis for the contention. The petitioner also must demonstrate that the issue raised by each contention is within the scope of the proceeding, and is material to the findings that the NRC must make to support the granting of a license in response to the application. In addition, the petition must also include a concise statement of the alleged facts or expert opinions which support the position of the petitioner, and on which the petitioner intends to rely at the hearing—together with references to the specific sources and documents on which the petitioner intends to rely.

Finally, the petition must provide sufficient information to show that a genuine dispute exists with the Applicant on a material issue of law or fact, including references to specific portions of the License Amendment (LA) that the petitioner disputes and the supporting reasons for each dispute; or, if the petitioner believes that the LA fails to contain information on a relevant matter as required by law, the identification of each failure, and the supporting reasons for the petitioner’s belief. Each contention must be one that, if proven, would entitle the petitioner to relief. A petitioner who fails to satisfy these requirements with respect to at least one contention will not be permitted to participate as a party.

Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing with respect to resolution of that person’s admitted contentions, including the opportunity to present evidence and to submit a cross-examination plan for cross-examination of witnesses, consistent with NRC’s regulations, policies, and procedures. The Licensing Board will set the time and place for any pre-hearing conferences and evidentiary hearings, and the appropriate notices will be provided.

Request for hearing, petitions for leave to intervene, and motions for leave to file new or amended contentions that are filed after the 60-day deadline will not be entertained absent a determination by the presiding officer that the filing demonstrates good cause by satisfying the following three factors in 10 CFR 2.309(c)(1): (i) The information upon which the filing is based was not previously available; (ii) the information upon which the filing is based is materially different from information previously available; and (iii) the filing has been submitted in a timely fashion based on the availability of the subsequent information.

A State, local governmental body, Federally-recognized Indian tribe, or agency thereof may submit a petition to the Commission to participate as a party under 10 CFR 2.309(h)(1) and (2). The petition should state the nature and extent of the petitioner’s interest in the proceeding. The petition should be submitted to the Commission by December 31, 2012. The petition must be filed in accordance with the filing instructions in section IV of this document, and should meet the requirements for petitions for leave to intervene set forth in this section, except that under 2.309(h)(2) State and Federally-recognized Indian tribes do not need to address the standing requirements in 10 CFR 2.309(d) if the facility is located within its boundaries. A State, local governmental body, Federally-recognized Indian tribe, or agency thereof may also have the opportunity to participate under 10 CFR 2.315(c).

If a hearing is granted, any person who does not wish to become a party to the proceeding may, in the discretion of the presiding officer, be permitted to make a limited appearance pursuant to the provisions of 10 CFR 2.315(a), by making an oral or written statement of his or her position on the issues at any session of the hearing or at any pre-hearing conference, within the limits and conditions fixed by the presiding officer. However, that person may not otherwise participate in the proceeding.

III. Electronic Submissions (E-Filing)

All documents filed in NRC adjudicatory proceedings, including a request for hearing, a petition for leave to intervene, any motion or other document filed in the proceeding prior to the submission of a request for hearing or petition to intervene, and documents filed by interested governmental entities participating under 10 CFR 2.315(c), must be filed in accordance with the NRC E-Filing rule (72 FR 49139; August 28, 2007). The E-Filing process requires participants to submit and serve all adjudicatory documents over the internet, or in some cases to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek an exemption in accordance with the procedures described below.

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the participant should contact the Office of the Secretary by email at hearing.docket@nrc.gov, or by telephone at 301-415-1677, to request (1) a digital identification (ID) certificate, which allows the participant (or its counselor representative) to digitally sign documents and access the E-Submittal server for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a request or petition for hearing (even in instances in which the participant, or its counselor representative, already holds an NRC-issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the hearing in this proceeding if the Secretary has not already established an electronic docket.

Participants may attempt to use other software not listed on the Web site, but should note that the NRC’s E-Filing system does not support unlisted software, and the NRC Meta System Help Desk will not be able to offer assistance in using unlisted software.

If a participant is electronically submitting a document to the NRC in accordance with the E-Filing rule, the participant must file the document using the NRC’s online, Web-based submission form. In order to serve documents through the Electronic Information Exchange System, users will be required to install a Web browser plug-in from the NRC’s Web site. Further information on the Web-based submission form, including the installation of the Web browser plug-in, is available on the NRC’s public Web site at http://www.nrc.gov/site-help/e-submittals.html.

Once the participant has obtained a digital ID certificate and a docket has been created, the participant can then
submit a request for hearing or petition for leave to intervene. Submissions should be in Portable Document Format in accordance with the NRC’s guidance available on the NRC’s public Web site at http://www.nrc.gov/site-help/e-submittals.html. A filing is considered complete at the time the documents are submitted through the NRC’s E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59 p.m. Eastern Time on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an email notice confirming receipt of the document. The E-Filing system also distributes an email notice that provides access to the document to the NRC’s Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the documents on those participants separately. Therefore, applicants and other participants (or their counselor representative) must apply for and receive a digital ID certificate before a hearing request or petition for leave to intervene is filed so that they can obtain access to the document via the E-Filing system. A person filing electronically using the agency’s adjudicatory E-Filing system may seek assistance by contacting the NRC Meta System Help Desk through the “Contact Us” link located on the NRC Web site at http://www.nrc.gov/site-help/e-submittals/contact-us.html or by email at MSHOResource@nrc.gov, or by a toll-free call at 1–866–673–7640. The NRC Meta System Help Desk is available between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday, excluding government holidays.

Participants who believe that they have a good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by: (1) First class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, Maryland, 20852, Attention: Rulemaking and Adjudications Staff. Participants filing a document in this manner are responsible for serving the document on all other participants. Filing is considered complete by first-class mail as of the time of deposit in the mail, or by courier, express mail, or expedited delivery service upon depositing the document with the provider of the service. A presiding officer, having granted an exemption request from using E-Filing, may require a participant or party to use E-Filing if the presiding officer subsequently determines that the reason for granting the exemption from use of E-Filing no longer exists.

Documents submitted in adjudicatory proceedings will appear in the NRC’s electronic hearing docket which is available to the public at http://ehd1.nrc.gov/EHD/ unless excluded pursuant to an order of the Commission, or the presiding officer. Participants are requested not to include personal privacy information, such as social security numbers, home addresses, or home phone numbers in their filings, unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants are requested not to include copyrighted materials in their submission.

Dated at Rockville, Maryland, this 24, day of October 2012.

For the Nuclear Regulatory Commission.

Andrew Persinko,
Deputy Director, Decommissioning and Uranium Recovery Licensing Directorate, Division of Waste Management and Environmental Protection, Office of Federal and State Materials and Environmental Management Programs.

I. Introduction
II. Notice of Filing
III. Ordering Paragraphs

I. Introduction

On October 23, 2012, the Postal Service filed notice that it has agreed to an amendment to the existing Priority Mail Contract 19 subject to this docket. The Postal Service includes one attachment in support of its notice:

• Attachment A—a redacted copy of the amendment to the existing Priority Mail Contract 19.

The Postal Service also filed the unredacted amendment under seal. It asserts that the “supporting financial documentation and financial certification initially provided in this docket remain applicable.” It also seeks to incorporate by reference the Application for Non-Public Treatment originally filed in this docket for the protection of customer-identifying information that it has filed under seal.

The amendment requires the customer to manifest pieces for eligible customized pricing under the contract using a separate permit number and use Electronic Verification Systems and Endicia for shipment of such pieces. Id. Attachment A at 1. The Postal Service intends for the amendment to become effective on the day after the date that the Commission completes its review of the notice. Id.

The Postal Service filed certain supporting materials, including the related contract, under seal. Id. at 1.

II. Notice of Filing

Interested persons may submit comments on whether the changes presented in the Postal Service’s notice are consistent with the policies of 39 U.S.C. 3632, 3633, or 3642, 39 CFR 3015.5, and 39 CFR part 3020, subpart B. Comments are due no later than November 2, 2012. The public portions of these filings can be accessed via the Commission’s Web site (http://www.prc.gov).
