DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

[FES 12–23]

Final Environmental Impact Statement, Narrows Project, Sanpete County, Utah

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability.

SUMMARY: We, the Bureau of Reclamation, announce the availability of the final environmental impact statement on the Narrows Project, a non-Federal dam and reservoir proposed by the Sanpete Water Conservancy District on Gooseberry Creek in Sanpete County, Utah.

DATES: We will make a decision on the proposed action 30 days or more after the Environmental Protection Agency publishes their Notice of Availability of Weekly Receipt of Environmental Impact Statements in the **Federal Register**. This notice, usually published on Fridays, lists all environmental impact statements filed with the Environmental Protection Agency during the preceding week. After the 30-day public review period, we will complete a Record of Decision which will explain how we arrived at our decision on the proposed action.

ADDRESSES: The final environmental impact statement is available at www.usbr.gov/uc/envdocs/index.html. To receive a copy on a compact disc send a request to Mr. Peter Crookston, Bureau of Reclamation, Provo Area Office, 302 East 1860 South, Provo, Utah 84606. See the **SUPPLEMENTARY INFORMATION** section for locations where copies are available.

FOR FURTHER INFORMATION CONTACT: Mr. Peter Crookston, telephone (801) 379–1152; facsimile (801) 379–1159; email pcrookston@usbr.gov. Persons who use a telecommunications device for the deaf may call the Federal Information

Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: Pursuant to the National Environmental Policy Act of 1969, as amended, we have prepared a final environmental impact statement (FEIS) on a proposal under which Sanpete Water Conservancy District (SWCD) would construct, operate, and maintain the Narrows Project—a proposed non-Federal water development and conveyance project funded with a variety of public and private financing and located in part on Federal lands.

The FEIS Analyzes Four Alternatives

The FEIS describes and analyzes the potential effects of four alternatives. The No Action Alternative represents the conditions of the affected area in Sanpete and Carbon counties if the project is not built. The three action alternatives represent three different versions of the Narrows Project, each differing in the size of the dam and reservoir. Three reservoir sizes were analyzed to enable the U.S. Army Corps of Engineers to determine the Least Environmentally Damaging Practicable Alternative.

Under all three action alternatives, a supplemental water supply would be developed for presently irrigated lands and for municipal and industrial water users in north Sanpete County. The alternatives would require diversion of up to 5,400 acre-feet of water annually from Gooseberry Creek drainage in the Colorado River Basin to northern Sanpete County in the Sevier River drainage basin. The water right used under the action alternatives represents about 6.6 percent of the average annual yield of the Price River above the City of Price. Under all action alternatives, the SWCD's conversion of water from irrigation to municipal and industrial use would occur in stages.

What the Preferred Alternative Does

The preferred alternative is to allow SWCD to build, operate, and maintain the largest dam with a reservoir capacity of 17,000 acre-feet of water stored behind a dam with a height of 120 feet, a crest length of 550 feet, and a reservoir surface area of 604 acres. The reservoir would produce an average yield of 5,136 acre-feet per year. In addition, it would provide an average annual supply of 4,281 acre-feet of water for 15,420 acres of farmland and 855 acre-feet of water for municipal and industrial use.

Irrigation is expected to yield a third crop of alfalfa in an area where usually only two crops are harvested.

Previous Publications

The Narrows Project Supplemental Draft Environmental Impact Statement (SDEIS) was issued to the public on March 29, 2010, and we published a Notice of Availability of the SDEIS in the **Federal Register** on March 29, 2010 (75 FR 15458). A 63-day public review and comment period for the SDEIS ended on June 1, 2010. During the public comment period, public hearings were held in both Carbon and Sanpete counties. The FEIS contains responses to all comments received on the SDEIS.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-822]

Certain Integrated Circuits, Chipsets, and Products Containing Same Including Televisions; Notice of Commission Determination Not To Review an Initial Determination Terminating the Investigation; Termination of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the presiding administrative law judge's ("ALJ") initial determination ("ID") (Order No. 18) granting a motion of respondents to terminate the investigation in its entirety. The investigation is terminated.

FOR FURTHER INFORMATION CONTACT:

Megan M. Valentine, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 708-2301. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on January 10, 2012, based on a

complaint filed by Freescale Semiconductor, Inc. of Austin, Texas ("Freescale"), alleging violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain integrated circuits, chipsets, and products containing same including televisions by reason of infringement of certain claims of U.S. Patent No. 5,467,455 ("the '455 patent"). 77 FR 1505-6 (Jan. 10, 2012). The Notice of Investigation named the following as respondents: MediaTek Inc. of Hsinchu City, Taiwan; Zoran Corporation of Sunnyvale, California; Vizio, Inc. of Irvine, California; Sanyo Electric Co., Ltd. of Osaka, Japan; Sanyo North America Corporation of San Diego, California; Sanyo Manufacturing Corporation of Forrest City, Arizona; TPV Technology Limited of Hong Kong, China; TPV International (USA) Inc. of Austin, Texas; Top Victory Electronics (Taiwan) Co., of Zhonghe City, Taiwan; Top Victory Electronics (Fujian) Co., Ltd. of Fuqing City, China; AOC International (USA) Ltd. of Fremont, California ("AOC"); Envision Peripherals, Inc. of Fremont, California; Amtran Technology Co., Ltd. of Xinbei City, Taiwan; and Amtran Logistics, Inc. of Irvine, California. The Office of Unfair Import Investigations was named as a party. The Commission later terminated AOC from the investigation. See Notice (Mar. 21, 2012).

On July 20, 2012, several of the respondents collectively filed a motion to stay the procedural schedule pending the completion of *Certain Integrated Circuits, Chipsets, and Products Containing Same Including Televisions*, Inv. No. 337-TA-786. On August 6, 2012, the ALJ issued Order No. 17, granting the motion. On September 12, 2012, the Commission terminated Inv. No. 337-TA-786, finding no violation and further finding that the asserted claims of the '455 patent are invalid as obvious. See 77 FR 57589-90 (Sept. 18, 2012).

On September 18, 2012, respondents filed a motion to terminate this investigation pursuant to Commission Rule 210.21(a). Respondents argued that no further proceedings are appropriate or necessary in light of the Commission's finding of invalidity concerning the '455 patent in Inv. No. 337-TA-786. The motion indicated that the Commission investigative attorney did not oppose. On September 27, 2012, Freescale filed a response stating that the Commission's determination in Inv. No. 337-TA-786 that the '455 is invalid renders its claims in this investigation

moot and, as such, it did not oppose the motion to terminate.

On September 28, 2012, the ALJ issued the subject ID, granting respondents' motion to terminate for good cause pursuant to section 210.21(a) of the Commission's Rules of Practice and Procedure (19 CFR 210.21(a)). No petitions for review of the subject ID were filed.

The Commission has determined not to review the ID.

The authority for the Commission's determination is contained in Section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.42 of the Commission's Rules of Practice and Procedure (19 CFR 210.42).

Issued: October 31, 2012.

By order of the Commission.

Lisa R. Barton,

Acting Secretary to the Commission.
