ENVIRONMENTAL PROTECTION AGENCY

[FRL–9749–3]

Twenty-Fifth Update of the Federal Agency Hazardous Waste Compliance Docket

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Since 1988, the Environmental Protection Agency (EPA) has maintained a Federal Agency Hazardous Waste Compliance Docket (''Docket'') under Section 120(c) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). Section 120(c) requires EPA to establish a Docket that contains certain information reported to EPA by Federal facilities that manage hazardous waste or from which a reportable quantity of hazardous substances has been released. As explained further below, the Docket is used to identify Federal facilities that should be evaluated to determine if they pose a threat to public health or welfare and the environment and to provide a mechanism to make this information available to the public.

Today's notice identifies the Federal facilities not previously listed on the Docket and reported to EPA since the last update of the Docket on October 13, 2010. In addition to the list of additions to the Docket, this notice includes a section with revisions of the previous Docket list. Thus, the revisions in this update include 52 additions and 17 deletions, as well as 19 corrections to the Docket since the previous update. At the time of publication of this notice, the new total number of Federal facilities listed on the Docket is 2334.

DATES: This list is current as of September 12, 2012.

FOR FURTHER INFORMATION CONTACT: Electronic versions of the Docket and more information on its implementation can be obtained at *http://www.epa.gov/fedfac/documents/docket.htm* by clicking on the link for *Update #25 to the Federal Agency Hazardous Waste Compliance Docket* or by contacting
