

number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

National Institute of Food and Agriculture

Title: Application for Authorization to Use the 4-H Name and/or Emblem.

OMB Control Number: 0524-0034.

Summary of Collection: Use of the 4-H Club Name and/or Emblem is authorized by an Act of Congress, (Pub. L. 772, 80th Congress, 645, 2nd Session). Use of the 4-H Club Name and/or Emblem by anyone other than the 4-H Clubs and those duly authorized by them, representatives of the Department of Agriculture, the Land-Grant colleges and universities, and person authorized by the Secretary of Agriculture is prohibited by the provisions of 18 U.S.C. 707. The Secretary has delegated authority to the Administrator of the National Institute of Food and Agriculture (NIFA) to authorize others to use the 4-H Name and Emblem. Therefore, anyone requesting, authorization from the Administrator to use the 4-H Name and Emblem is asked to describe the proposed use in a formal application. NIFA will collect information using form NIFA-01 "Application for Authorization to Use the 4-H Club Name or Emblem.

Need and Use of the Information: The information collected by NIFA will be used to determine if those applying to use the 4-H name and emblem are meeting the requirements and quality of materials, products and/or services provided to the public. If the information were not collected, it would not be possible to ensure that the products, services, and materials meet the high standards of 4-H, its educational goals and objectives.

Description of Respondents: Not-for-profit institutions; Business or other for-profit; Individuals or households; State, Local or Tribal Government.

Number of Respondents: 60.

Frequency of Responses: Reporting: Other (every 3 years).

Total Burden Hours: 30.

National Institute of Food and Agriculture

Title: Children, Youth, and Families at Risk (CYFAR) Year End Report.

OMB Control Number: 0524-0043.

Summary of Collection: Funding for the Children, Youth, and Families at Risk (CYFAR) is authorized under section 3(d) of the Smith-Lever Act (7

U.S.C. 341 et seq.), as amended and other relevant authorizing legislation, which provides jurisdictional basis for the establishment and operation of extension educational work for the benefit of youth and families in communities. The CYFAR funding program supports community-based programs serving children, youth, and families in at risk environments. CYFAR funds are intended to support the development of high quality, effective programs based on research and to document the impact of these programs on intended audiences which are children, youth, and families in at-risk environments.

Need and Use of the Information: The purpose of the CYFAR Year End Report is to collect the demographic and impact data from each community site in order to evaluate the impact of the programs on intended audiences. The CYFAR data is also used to respond to requests for impact information from Congress, the White House, and other Federal agencies. Data from the CYFAR annual reports is used to refine and improve program focus and effectiveness. Without the information NIFA would not be able to verify if CYFAR programs are reaching at risk, low-income audiences.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 51.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 16,422.

DEPARTMENT OF COMMERCE

Census Bureau

Proposed Information Collection; Comment Request; Generic Clearance for Master Address File (MAF) and Topologically Integrated Geographic Encoding and Referencing (TIGER) Update Activities

AGENCY: U.S. Census Bureau.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995,

Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: To ensure consideration, written comments must be submitted on or before January 7, 2013.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via email at jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Patricia Williams, U.S. Census Bureau, 5H020E, Washington DC 20233, 301-763-3036 (or via email at Patricia.A.Williams@census.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau presently operates a generic clearance covering activities involving respondent burden associated with updating our Master Address File (MAF) and Topologically Integrated Geographic Encoding and Referencing (TIGER) Database (MTdb). The MTdb is the Census Bureau's integrated address geographic database. We now propose to extend the generic clearance to cover update activities we will undertake during the next three fiscal years.

Under the terms of the generic clearance, we plan to submit a request for OMB approval that will describe, in general terms, all planned activities for the entire period. We will provide information to OMB at least two weeks before the planned start of each activity giving more exact details, examples of forms, and final estimates of respondent burden. We also will file a year-end summary with OMB after the close of each fiscal year giving results of each activity conducted. The generic clearance enables OMB to review our overall strategy for MTdb updating in advance, instead of reviewing each activity in isolation shortly before the planned start.

The Census Bureau used the addresses in the MTdb for mailing and delivering questionnaires to households during the 2010 Census and will do so for the 2020 Census. These addresses are also used as a sampling frame for our demographic current surveys. Prior to Census 2000, the Census Bureau built a new address list for each decennial census. The MTdb built for the 2010 Census is designed to be kept up-to-date, thereby eliminating the need to develop a completely new address list for future censuses and surveys. The Census Bureau plans to use the MTdb

for post-Census 2010 evaluations and as a sampling frame for the American Community Survey and our other demographic current surveys. The TIGER component of the MTdb is a geographic system that maps the entire country in Census Blocks with applicable address ranges or living quarter location information. The MTdb allows us to assign each address to the appropriate Census Block, produce maps as needed and publish results at the appropriate level of geographic detail. The following are descriptions of activities we plan to conduct under the clearance for the next three fiscal years. The Census Bureau has conducted these activities (or similar ones) previously and the respondent burden remains relatively unchanged from one time to another.

Demographic Area Address Listing (DAAL)

The Demographic Area Address Listing (DAAL) program encompasses the geographic area updates for the Community Address Updating System (CAUS), the area and group quarters frame listings for many ongoing demographic surveys (the Current Population Survey, the Consumer Expenditures Survey, etc.), and any other operations which choose to use the Automated Listing and Mapping System (ALMI) for evaluations, assessments, or to collect updates for the MTdb. The CAUS program was designed to address quality concerns relating to areas with high concentrations of noncity-style addresses, and to provide a rural counterpart to the update of city-style addresses the Census Bureau will receive from the U.S. Postal Services' Delivery Sequence File. The ongoing demographic surveys, as part of the 2000 Sample Redesign Program, use the MTdb as one of several sources of addresses from which they select their samples.

The DAAL program is a cooperative effort among many divisions at the Census Bureau; it includes automated listing software, systems, and procedures that will allow us to conduct listing operations in a dependent manner based on information contained in the MTdb. The DAAL operations will be conducted on an ongoing basis in potentially any county across the country. Field Representatives (FRs) will canvass selected 2010 Census tabulation blocks in an effort to improve the address list in areas where substantial address changes may have occurred that have not been added to the MTdb through regular update operations, and/or in blocks in the area

or group quarters frame sample for the demographic surveys. FRs will update existing address information and, when necessary, contact individuals to collect accurate location and mailing address information. In general, contact will occur only when the FR is adding a unit to the address list, and/or the individual's address is not posted or visible to the FR. There is no pre-determined or scripted list of questions asked as part of this listing operation. If an address is not posted or visible to the FR, the FR will ask about the address of the structure, the mailing address, and, in some instances, the year the structure was built. If the occupants of these households are not at home, the FR may attempt to contact a neighbor to determine the best time to find the occupants at home and/or to obtain the correct address information.

DAAL is an ongoing operation. Listing assignments are distributed quarterly with the work conducted throughout the time period. We expect the DAAL listing operation will be conducted throughout the entire time period of the extension.

2020 Census Research and Testing Program

The 2020 Census Research and Testing program will conduct tests from FY13 through FY15 to research methodologies to improve the efficiency and effectiveness of the 2020 Census. Among the research is Test 22, a test that will mainly involve the newly developed MAF error model. The goal of the MAF error project is to determine the components of MAF error and to develop an error model for use in measuring MAF quality. The MAF error project will use data from existing programs as well as data from Test 22 to validate the recommended solution. Test 22 is currently scheduled to be conducted in fiscal year 2013.

The MAF error project is a cooperative effort among many divisions at the Census Bureau; it includes automated software, systems, and procedures that will allow us to measure the quality of the MAF. Test 22 is currently a one-time project scheduled for fiscal year 2013. Enumerators (Listers) will canvass blocks to provide complete list of residential addresses. Listers will update existing address information and, when necessary, contact individuals to collect accurate location and mailing address information. In general, contact will occur only when the Lister is adding a unit to the address list, and/or the individual's address is not posted or visible to the Lister. Subsequent analysis will determine the

coverage of the address files, which will allow for the creation of coverage measures.

The listed activities are not exhaustive of all activities that may be performed under this generic clearance. We will follow the approved procedure when submitting any additional activities not specifically listed here.

II. Method of Collection

The primary method of data collection for most operations/evaluations will be personal observation or personal interview by Census Listers, Verifiers, Enumerators or Field Representatives using the operation/evaluation's listing form or questionnaire. In some cases, the interview could be by telephone callback if no one was home during the initial visit.

III. Data

OMB Control Number: 0607-0809.
Form Number: Some form numbers for activities have not yet been assigned.

Type of Review: Regular submission.
Affected Public: Individuals or households.

Estimated Number of Respondents:

FY13: 73,177 HH

2,752 GQs

FY14: 13,177 HH

1,535 GQs

FY15: 70,777 HH

2,111 GQs

Estimated Time per Response: 3 min/HH; 10 min/GQ.

Estimated Total Annual Burden Hours:

FY13: 4,118

FY14: 915

FY15: 3,891

Estimated Total Annual Cost: The only cost to respondents is that of their time to respond.

Respondent's Obligation: Mandatory.
Legal Authority: Title 13 United States Code, Sections 141 and 193.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: November 2, 2012.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-78-2012]

Foreign-Trade Zone 185—Culpeper County, VA Application for Reorganization Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the County of Culpeper, grantee of FTZ 185, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new “subzones” or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the Board’s standard 2,000-acre activation limit for a general-purpose zone project. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on November 1, 2012.

FTZ 185 was approved by the Board on May 22, 1992 (Board Order 578, 57 FR 23385, 6/3/92), and expanded on December 22, 1997 (Board Order 945, 63 FR 205, 1/5/98), and on March 7, 2008 (Board Order 1550, 73 FR 14434, 3/18/08). On April 20, 2010, the grant of authority was reissued to the County of Culpeper (Board Order 1677, 75 FR 24571, 5/5/10).

The current zone project includes the following sites: *Site 1* (78 acres)—Culpeper Business and Office Park, Route 29 and Route 666, Culpeper County; *Site 2* (104 acres)—Culpeper County Industrial Airpark, Route 29 North, Elkwood; and, *Site 3* (65 acres)—REO Distribution Services, 1 Solutions Way, Waynesboro.

The grantee’s proposed service area under the ASF would be the Counties of

Albemarle, Augusta, Bath, Caroline, Culpeper, Fluvanna, Greene, Highland, King George, Louisa, Madison, Nelson, Orange, Page, Rappahannock, Rockbridge, Rockingham, Shenandoah, Spotsylvania, Stafford and Warren, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The proposed service area is within and adjacent to the Front Royal Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project to include all of the existing sites as “magnet” sites. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 2 be so exempted. No subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 185’s previously authorized subzones.

In accordance with the Board’s regulations, Kathleen Boyce of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is January 7, 2013. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to January 22, 2013.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via www.trade.gov/ftz. For further information, contact Kathleen Boyce at Kathleen.Boyce@trade.gov or (202) 482-1346.

Dated: November 2, 2012.

Andrew McGilvray,
Executive Secretary.

BILLING CODE P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-79-2012]

Foreign-Trade Zone 147—Reading, PA Application for Reorganization Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the FTZ Corporation of Southern Pennsylvania, grantee of FTZ 147, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on November 1, 2012.

FTZ 147 was approved by the Board on June 28, 1988 (Board Order 378, 53 FR 26094, 7/11/1988) and expanded on February 25, 1997 (Board Order 871, 62 FR 10520-10521, 3/7/1997), November 3, 2005 (Board Order 1417, 70 FR 69937, 11/18/2005) and May 29, 2009 (Board Order 1615, 74 FR 28890, 6/18/2009).

The current zone includes the following sites: *Site 1* (865 acres)—Reading Municipal Airport, 2502 Bernville Road, Reading; *Site 2* (6.64 acres)—Hamm International and KMX International, 2nd and Grand Streets, Hamburg; *Site 3* (160.71 acres)—Excelsior Industrial Park, Maiden Creek Township; *Site 4* (272.33)—International Trade District of York, York; *Site 5* (54.42 acres)—Penn Township Industrial Park, York; *Site 7* (155 acres)—Greensprings Industrial Park, 305 Green Spring Road, York; *Site 8* (152 acres)—Fairview Business Park, McCarthy Drive and Industrial Drive, Lewisberry; *Site 9* (34 acres)—Chambersburg Industrial Park, 900 Kriner Road, Chambersburg; *Site 10* (1,214 acres)—Cumberland Valley Business Park, 5121A Coffey Ave., Chambersburg; *Site 11* (310 acres)—ProLogis Park 81, I-81 and Walnut Bottom Road, Shippensburg; *Site 12* (242 acres)—LogistiCenter, Allen Road Extension and Distribution Drive, Carlisle; *Site 13* (100 acres)—Capital Business Center, 400 First Street, Middletown; *Site 14* (164 acres)—Conewago Industrial Park, 1100 Zeager
