BILLING CODE 4510-CR-P

DEPARTMENT OF LABOR

Office of the Secretary

Dominican Republic—Central America—United States Free Trade Agreement; Notice of Extension of the Period of Review for Submission #2012-01 (Honduras)

AGENCY: Office of Trade and Labor Affairs, Bureau of International Labor Affairs, U.S. Department of Labor.

ACTION: Notice.

The Office of Trade and Labor Affairs (OTLA) in the Bureau of International Labor Affairs (ILAB) of the U.S. Department of Labor (DOL) has determined that an extension of time is required for its review of Submission #2012-01 concerning Honduras (the Submission) filed under Chapter Sixteen (the Labor Chapter) of the Dominican Republic—Central America—United States Free Trade Agreement (CAFTA-DR).

On March 26, 2012, OTLA received the Submission from the American Federation of Labor and Congress of Industrial Organizations (AFL-CIO) and 26 Honduran Federations, Trade Unions and Civil Society Organizations. It alleges action or inaction by the Government of Honduras that, if substantiated, could be inconsistent

with Honduras' commitments under the Labor Chapter.

OTLA accepted the Submission for review on May 14, 2012 (77 FR 30329 (2012)), in accordance with its published Procedural Guidelines (71 FR 76694 (2006)).

Acceptance triggers a 180-day fact-finding and review period that results in the issuance of a public report of any findings and recommendations. The objective of fact-finding and review is to gather information so that OTLA can better understand the case and publicly report on the U.S. Government's views regarding whether the Government of Honduras' action or inaction was consistent with the obligations set forth in the Labor Chapter. The public report will include a summary of the review process, as well as any findings and recommendations.

As part of its ongoing review, OTLA sent a delegation to Honduras from July 9–21, 2012, to gather information on issues raised by the Submission. The OTLA delegation met with representatives from the Government of Honduras, employers, workers, and other groups with information relevant to the Submission.

According to the Procedural Guidelines, if OTLA determines circumstances require an extension of time, it can delay the report's publication (Procedural Guidelines, Sec. H.7). OTLA has determined that an extension of time is required to complete its review due to:

- The scope of the submission, which covers seventeen distinct fact patterns in three different economic sectors and in three different regions of Honduras;
- The scope of the labor law violations alleged, which cover freedom of association, the right to organize, the right to bargain collectively, child labor, and acceptable conditions of work, as well as threats and violence against trade unionists; and
- The large amounts of information received from the government and stakeholders.

The extension will also permit OTLA to incorporate into its report, as relevant, more recent information related to the issues in the submission. OTLA will continue to give this matter the highest priority in order to complete the review as expeditiously as possible.

DATES: *Effective Date:* November 2, 2012.

SUPPLEMENTARY INFORMATION: The Assistant Secretary invites interested persons to submit nominations for membership on ACCSH.

Background. ACCSH is a continuing advisory committee established under Section 107(e) of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3701, 3704(d)), generally known as the Construction Safety Act (CSA), to advise the Secretary of Labor (Secretary) in the formulation of construction safety and health standards, as well as on policy matters arising under the CSA and the Occupational Safety and Health Act of 1970 (29 U.S.C. 651 *et seq.*). In particular, 29 CFR 1911.10(a) and 1912.3(a) provide that the Assistant

Secretary shall consult with ACCSH whenever the Agency proposes any safety or health standard that affects the construction industry.

ACCSH operates in accordance with the CSA, the OSH Act, the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2), and regulations issued pursuant to those statutes (29 CFR part 1912, 41 CFR part 102–3). ACCSH generally meets two to four times a year.

ACCSH membership. ACCSH is comprised of 15 members who the Secretary appoints.

The categories of ACCSH membership, and the number of new members to be appointed, are:

- Five members who are qualified by experience and affiliation to present the viewpoint of employers in the construction industry—three employer representatives will be appointed;
- Five members who are similarly qualified to present the viewpoint of employees in the construction industry—three employee representatives will be appointed;
- Two representatives of State safety and health agencies—one representative from a State safety and health agency will be appointed;
- Two public members, qualified by knowledge and experience to make a useful contribution to the work of ACCSH, such as those who have professional or technical experience and competence with occupational safety and health in the construction industry—one public representative will be appointed; and
- One representative the Secretary of the Department of Health and Human Services designates and the Secretary appoints—no new appointment will be made.

ACCSH members generally serve staggered two-year terms, unless they resign, cease to be qualified, become unable to serve, or the Secretary removes them (29 CFR 1912.3(e)). The Secretary may appoint ACCSH members to successive terms. No member of ACCSH, other than members who represent employers or employees, shall have an economic interest in any proposed rule that affects the construction industry (29 CFR 1912.6).

The Department of Labor is committed to equal opportunity in the workplace and seeks broad-based and diverse ACCSH membership. Any interested person or organizations may nominate more than one individual for membership on ACCSH. Interested persons also are invited and encouraged to submit statements in support of nominees.

Submission requirements. Nominations must include the following information:

- (1) Nominee’s contact information and current employment or position;
- (2) Nominee’s resume or curriculum vitae, including prior membership on ACCSH and other relevant organizations and associations;
- (3) Categories of membership (employer, employee, public, State safety and health agency) that the nominee is qualified to represent;
- (4) A summary of the background, experience, and qualifications that addresses the nominee’s suitability for each of the nominated membership categories;
- (5) Articles or other documents the nominee has authored that indicate the nominee’s knowledge, experience, and expertise in occupational safety and health, particularly as it pertains to the construction industry; and
- (6) A statement that the nominee is aware of the nomination, is willing to regularly attend and participate in ACCSH meetings, and has no conflicts of interest that would preclude membership on ACCSH.

Member selection. ACCSH members are selected on the basis of their experience, knowledge, and competence in the field of occupational safety and health, particularly as it pertains to the construction industry. Information, received through this nomination process, in addition to other relevant sources of information, will assist the Secretary in appointing members to ACCSH. In selecting ACCSH members, the Secretary will consider individuals nominated in response to this **Federal Register** notice, as well as other qualified individuals.

BILLING CODE 4510-26-P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before December 7, 2012. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Management Services (ACNR) using one of the following means:

Mail: NARA (ACNR), 8601 Adelphi Road, College Park, MD 20740-6001.

Email: request.schedule@nara.gov.

Fax: 301-837-3698.

Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

FOR FURTHER INFORMATION CONTACT: Margaret Hawkins, Director, Records Management Services (ACNR), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: 301-837-1799. Email: request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this

accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless specified otherwise. An item in a schedule is media neutral when the disposition instructions may be applied to records regardless of the medium in which the records are created and maintained. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is limited to a specific medium. (See 36 CFR 1225.12(e).)

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it too includes information about the records. Further information about the disposition process is available on request.
