

environmental document and during development of the CCP.

## Background

### *The CCP Process*

The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd–668ee) (Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System (Refuge System), consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Administration Act.

Each unit of the Refuge System was established for specific purposes. We use these purposes as the foundation for developing and prioritizing the management goals and objectives for each refuge within the Refuge System mission, and to determine how the public can use each refuge. The planning process is a way for us and the public to evaluate management goals and objectives for the best possible conservation approach to this important wildlife habitat, while providing for wildlife-dependent recreation opportunities that are compatible with the refuge's establishing purposes and the mission of the Refuge System.

Our CCP process provides participation opportunities for Tribal, State, and local governments; agencies; organizations; and the public. We encourage input in the form of issues, concerns, ideas, and suggestions for the future management of Cahaba River NWR.

We will conduct the environmental review of this project in accordance with the requirements of the National Environmental Policy Act of 1969, as amended (NEPA) (42 U.S.C. 4321 *et seq.*); NEPA regulations (40 CFR 1500–1508); other appropriate Federal laws and regulations; and our policies and procedures for compliance with those laws and regulations.

Cahaba River NWR was established in 2002 under the authority of the Cahaba River National Wildlife Refuge Establishment Act, Public Law 106–331, dated October 19, 2000. This legislation directed the Secretary of the Interior to acquire up to 3,500 acres of lands and waters to establish the refuge. In 2004, the Regional Director of the Service (Southeast Region) authorized the expansion of the acquisition boundary of the refuge to include an additional 340 acres of property at the confluence of the Cahaba and Little Cahaba Rivers. In 2006, Pub. Law 109–363 was signed by the President, authorizing further expansion of the acquisition boundary by 3,600 acres. In 2008, the Regional Director authorized a 360-acre expansion of the acquisition boundary. The refuge currently contains 3,608 acres in Bibb County.

The refuge was established to: (1) Conserve, enhance, and restore the native aquatic and terrestrial community characteristics of the Cahaba River (including associated fish, wildlife, and plant species); (2) conserve, enhance, and restore habitat to maintain and assist in the recovery of plants and animals that are listed under the Endangered Species Act of 1973 (16 U.S.C. 1331 *et seq.*); (3) provide opportunities for compatible wildlife-dependent recreation; and (4) facilitate partnerships among the Service, local communities, conservation organizations, and other non-Federal entities to encourage participation in the conservation of the refuge's resources.

### Public Availability and Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

### Authority

This notice is published under the authority of the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd *et seq.*).

Dated: September 27, 2012.

**Mark J. Musaus,**

*Acting Regional Director.*

### Notice of Availability of the Final Environmental Impact Statement for the Restoration Design Energy Project and Proposed Resource Management Plan Amendments, Arizona; Correction

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Correction.

**SUMMARY:** This notice corrects acreages and information referenced in the **SUPPLEMENTARY INFORMATION** section of a notice that published in the **Federal Register** on Friday, October 26, 2012 (77 FR 65401). The correct acreages were presented and analyzed in the final Environmental Impact Statement.

On page 65402, column 1, line 59 of the notice, which reads, “approximately 298,400 acres of,” is hereby corrected to read, “approximately 266,100 acres of.”

On page 65402, column 2, line 7 of the notice, which reads, “approximately 213,500 acres of BLM-,” is hereby corrected to read, “approximately 185,700 acres of BLM-.”

On page 65402, column 2, line 11 of the notice, which reads, “by identifying approximately 106,800,” is hereby corrected to read, “by identifying approximately 82,500.”

On page 65402, column 2, line 17 of the notice, which reads, “for 298,400 acres of potential REDAs to,” is hereby corrected to read, “for 266,100 acres of potential REDAs to.”

On page 65402, column 2, line 23 of the notice, which reads, “adjustments by identifying about 25,500,” is hereby corrected to read, “adjustments by identifying about 21,700.”

On page 65402, column 2, line 32, which reads, “Alternative 6 identifies about 222,800,” is hereby corrected to read, “Alternative 6 identifies about 192,100.”

On page 65402, column 2, line 59 of the notice, which reads, “Alternative 6, with 222,800 acres of,” is hereby corrected to read, “Alternative 6, with 192,100 acres of.”

On page 65403, column 1, line 17 of the notice, which reads, “defining the REDAs and general,” is hereby corrected to read, “defining the REDAs and the SEZ and general.”

**Raymond Suazo,**  
*State Director.*
