

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following application for a permit to conduct activities with the purpose of enhancing the survival of endangered species. The Endangered Species Act of 1973, as amended (Act), prohibits certain activities with respect to endangered species unless a Federal permit allows such activity. The Act also requires that we invite public comment before issuing such permits.

DATES: To ensure consideration, please send your written comments by December 14, 2012.

ADDRESSES: Endangered Species Program Manager, Ecological Services, U.S. Fish and Wildlife Service, Pacific Regional Office, 911 NE 11th Avenue, Portland, OR 97232-4181. Please refer to the permit number for the application when submitting comments.

FOR FURTHER INFORMATION CONTACT: Colleen Henson, Fish and Wildlife Biologist, at the above address or by telephone (503-231-6131) or fax (503-231-6243).

SUPPLEMENTARY INFORMATION:

Background

The Act (16 U.S.C. 1531 *et seq.*) prohibits certain activities with respect to endangered and threatened species unless a Federal permit allows such activity. Along with our implementing regulations in the Code of Federal Regulations (CFR) at 50 CFR 17, the Act provides for certain permits, and requires that we invite public comment before issuing these permits for endangered species.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes the permittee to conduct activities (including take or interstate commerce) with respect to U.S. endangered or threatened species for scientific purposes or enhancement of propagation or survival. Our regulations implementing section 10(a)(1)(A) of the Act for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Applications Available for Review and Comment

We invite local, State, and Federal agencies, and the public to comment on the following application. Please refer to the appropriate permit number for the application when submitting comments.

Documents and other information submitted with this application are

available for review by request from the Endangered Species Program Manager at the address listed in the **ADDRESSES** section of this notice, subject to the requirements of the Privacy Act (5 U.S.C. 552a) and Freedom of Information Act (5 U.S.C. 552).

Permit Number: TE-84876A

Applicant: Andersen Air Force Base, Yigo, Guam

The applicant requests a recovery permit to remove and reduce to possession (collection of seed pods, seeds, flowers, cuttings, and seedlings) *Serianthes nelsonii* (Hayun lagu) in conjunction with captive propagation and future outplanting for the purpose of enhancing its survival.

Public Availability of Comments

All comments and materials we receive in response to this request will be available for public inspection, by appointment, during normal business hours at the address listed in the **ADDRESSES** section of this notice.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority:

We provide this notice under section 10 of the Act (16 U.S.C. 1531 *et seq.*).

Dated: October 18, 2012.

Richard Hannan,

Acting Regional Director, Pacific Region, U.S. Fish and Wildlife Service.

Charles M. Russell National Wildlife Refuge and UL Bend National Wildlife Refuge, MT; Availability of Record of Decision for the Final Comprehensive Conservation Plan and Final Environmental Impact Statement

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the availability of a record of decision (ROD) for the final comprehensive conservation plan (CCP) and final environmental impact statement (EIS) for Charles M. Russell and UL Bend National Wildlife Refuges (NWRs, Refuges).

ADDRESSES: You may view or obtain copies of the ROD, the final CCP and final EIS, or other project information by any of the following methods:

Agency Web site: Download a copy of the documents at www.fws.gov/cmr/planning.

Email: cmrplanning@fws.gov. Include "Request copy of Charles M. Russell NWR ROD" in the subject line of the message.

U.S. mail: Charles M. Russell NWR, P.O. Box 110, Lewistown, MT 59457.

In-Person Viewing or Pickup: Call 406-538-8706 to make an appointment during regular business hours at Charles M. Russell NWR Headquarters, Airport Road, Lewistown, MT 59457.

Local Libraries: The final documents are available for review at the libraries listed under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Richard Potts, Project Leader, at 406-538-8706 (phone), or Laurie Shannon, Planning Team Leader, 303-236-4317 (phone) or laurie_shannon@fws.gov (email).

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for Charles M. Russell and UL Bend NWRs. We started this process through a notice in the **Federal Register** (72 FR 68174, December 4, 2007). Following a lengthy scoping and alternatives development period, we published a second notice in the **Federal Register** (75 FR 54381, September 7, 2010), announcing the availability of the draft CCP and draft EIS and our intention to hold public meetings, and requesting comments. We then published a third notice in the **Federal Register** (75 FR 67095, November 1, 2010), extending the comment period by 24 days to December 10, 2010.

Charles M. Russell and UL Bend NWRs encompass nearly 1.1 million acres, including Fort Peck Reservoir in north central Montana. The Refuges extend about 125 air miles west from Fort Peck Dam to the western edge at the boundary of the Upper Missouri Breaks National Monument. UL Bend NWR lies within Charles M. Russell NWR. In essence, UL Bend NWR is a

refuge within a refuge, and the two refuges are managed as one unit and referred to as Charles M. Russell NWR. Refuge habitat includes native prairie, forested coulees, river bottoms, and badlands. Wildlife is as diverse as the topography and includes Rocky Mountain elk, mule deer, white-tailed deer, pronghorn, Rocky Mountain bighorn sheep, sharp-tailed grouse, greater sage-grouse, Sprague's pipit, black-footed ferrets, prairie dogs, and more than 236 species of birds.

In accordance with National Environmental Policy Act (NEPA) (40 CFR 1506.6(b)) requirements, this notice announces the availability of the ROD for the final CCP and final EIS for Charles M. Russell NWR and UL Bend NWR. We completed a thorough analysis of the environmental, social, and economic considerations associated with our actions. The ROD documents our selection of alternative D, the preferred alternative.

The CCP will guide us in managing and administering Charles M. Russell NWR and UL Bend NWR for the next 15 years. Alternative D, as we described in the final EIS/ROD, is the foundation for the CCP.

Background

The CCP Process

The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C.

668dd-668ee) (Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. We will review and update the CCP at least every 15 years in accordance with the Administration Act.

CCP Alternatives and Selected Alternative

Our final CCP and final EIS (77 FR 26781; May 7, 2012) addressed several issues. To address these, we developed and evaluated the following alternatives: Alternative A—No Action, Alternative B—Wildlife Population Emphasis, Alternative C—Public Use and Economic Use Emphasis, and Alternative D—Ecological Processes Emphasis.

After consideration of 24,600 comments that we received on the draft CCP and draft EIS and several minor comments we received following the release of the final CCP and final EIS, we have selected alternative D—Ecological Processes Emphasis. It is the

alternative that best meets the purposes of the refuges; the mission of the National Wildlife Refuge System; the vision and management goals set for the refuge; and also adheres to Service policies and guidelines. It considers the interests and perspectives of many agencies, organization, tribes, and the public. Additionally, it is the environmentally preferred alternative.

Under alternative D and in cooperation with our partners, we would use natural, dynamic, ecological processes, and management activities in a balanced, responsible manner to restore and maintain the biological diversity, biological integrity, and environmental health of the Refuge. Once natural processes are restored, a more passive approach (less human assistance) would be favored. There would be quality wildlife-dependent public uses and experiences. Economic uses would be limited when they are injurious to ecological processes.

Public Availability of Documents

In addition to the using any of the methods listed under **ADDRESSES**, you can view or obtain a copy of the final CCP and final EIS at any of the following public libraries:

Library	Address	Phone No.
Garfield County	228 E. Main, Jordan MT 59337	406-557-2297

Establishment of Sangre de Cristo Conservation Area, Colorado and New Mexico

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: This notice advises the public that the U.S. Fish and Wildlife Service (Service) has established the Sangre de

Cristo Conservation Area as a unit of the National Wildlife Refuge System. The Service established the Sangre de Cristo Conservation Area on September 14, 2012, with the donation by Mr. Louis Bacon of an approximately 77,000-acre conservation easement on the Trinchera Ranch in Costilla County, Colorado.

ADDRESSES: A map depicting the approved boundary and other information regarding the Conservation Area is available on the Internet at <http://www.fws.gov/mountain-prairie/planning/>.

FOR FURTHER INFORMATION CONTACT: Dr. Mike Dixon, Planning Team Leader,
