Title: Holders or Containers which Enter the United States Duty Free.

OMB Number: 1651-0035.

Form Number: None.

Abstract: All articles that are brought into the United States are subject to duty unless they are specifically exempt under the Harmonized Tariff Schedules of the United States (HTSUS), codified as 19 U.S.C. 1202. Item 9801.00.10 (HTSUS) provides that articles that were manufactured in the U.S. and exported and returned without having been advanced in value or improved in condition by any process of

manufacture may be brought back into the U.S. duty-free. In addition, Item 9803.00.50 (HTSUS) provides for the duty-free entry of substantial holders or containers of foreign manufacture if duty had been paid upon a previous importation pursuant to the provisions of 19 CFR 10.41b.

Although an article may be brought back into the United States without being subject to duty, a consumption entry must nevertheless be made along with the reason for the article not being subject to duty set forth on the entry. However, an importer who brings in merchandise packed in U.S. manufactured containers or holders or previously duty-paid containers or holders, and does so several times a year involving a great many containers or holders, may mark the container or holder with the HTSUS number in lieu of filing of entry papers each time. CBP believes such frequent filing of entry papers for these containers or holders would be overly burdensome to the importer or shipper.

19 CFR 10.41 provides that substantial holders or containers are to have prescribed markings in clear and conspicuous letters of such a size that they will be easily discernable. Section 10.41b of the CBP regulations eliminates the need for an importer to file entry documents by instead requiring the marking of the containers or holders to indicate under which item number of the HTSUS the containers or holders are entitled duty free entry.

In order to comply with 19 CFR 10.41b, the owner of the holder or container is required to place the markings on a metal tag or plate containing the following information: 9801.00.10, HTSUS; the name of the owner; and the serial number assigned by the owner. In the case of serially numbered holders or containers of foreign manufacture for which free clearance under the second provision of item 9803.00.50 HTSUS is claimed, the owner must place the following markings containing the following information: 9803.00.50 HTSUS; the port code numbers of the port of entry; the entry number; the last two digits of the fiscal year of entry covering the importation of the holders and containers on which duty was paid; the name of the owner; and the serial number assigned by the owner.

Action: CBP proposes to extend the expiration date of this information collection with no change to the burden hours or to the information collected.

Type of Review: Extension (without change).

SUPPLEMENTARY INFORMATION:

I. Background

Section 8 of the USHA (42 U.S.C. 1437f) authorizes housing assistance to aid lower-income families in renting safe and decent housing. Housing assistance payments are limited by FMRs established by HUD for different geographic areas. In the HCV program, the FMR is the basis for determining the "payment standard amount" used to calculate the maximum monthly subsidy for an assisted family (see 24 CFR 982.503). In general, the FMR for an area is the amount that would be needed to pay the gross rent (shelter rent plus utilities) of privately owned, decent, and safe rental housing of a modest (non-luxury) nature with suitable amenities. In addition, all rents subsidized under the HCV program must meet reasonable rent standards. Small Area FMRs (SAFMRs) are subject to all of the same rules and regulations that govern the use of all other FMRs.

II. Procedures for the Development of FMRs

Section 8(c) of the USHA requires the Secretary of HUD to publish FMRs periodically, but not less frequently than annually. Section 8(c) states, in part, as follows:

Proposed fair market rentals for an area shall be published in the **Federal Register** with reasonable time for public comment and shall become effective upon the date of publication in final form in the **Federal Register**. Each fair market rental in effect under this subsection shall be adjusted to be effective on October 1 of each year to reflect changes, based on the most recent available data trended so the rentals will be current for the year to which they apply, of rents for existing or newly constructed rental dwelling units, as the case may be, of various sizes and types in this section.
