[EPA-R08-RCRA-2012-0396; FRL-9753-5]

Colorado: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: The state of Colorado has applied to the EPA for final authorization of changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). The EPA proposes to grant final authorization to the hazardous waste program changes submitted by the state of Colorado. In the “Rules and Regulations” section of this **Federal Register**, the EPA is authorizing the changes in a final rule. The EPA did not propose the rule prior to issuing the final rule because the Agency believes this action is not controversial and does not expect comments that oppose it. We have explained the reasons for this authorization in the preamble to the final rule. Unless we receive written

comments that oppose this authorization during the comment period, the final rule will become effective on the date it establishes, and the EPA will not take further action on this proposal. If the Agency receives comments that oppose this action, the EPA will publish a document in the **Federal Register** withdrawing this rule before it takes effect. The EPA will then address public comments in a later, final rule, based on this proposal. Any parties interested in commenting on this action must do so at this time. The EPA may not provide further opportunity for comment.

DATES: Comments must be received on or before December 21, 2012.

Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov>, or email. The federal web site <http://www.regulations.gov> is an “anonymous

access” system, which means the EPA will not know your identity or contact information unless you provide it in the body of your comment. If you email your comment directly to the EPA rather than going through <http://www.regulations.gov>, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, the EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If the EPA cannot read your comment due to technical difficulties, and cannot contact you for clarification, the EPA may not be able to consider your comment.
