ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The NRC published a Federal Register notice with a 60-day comment period on this information collection on August 1, 2012 (77 FR 45697).

1. Type of submission, new, review, or extension: Extension.

2. The title of the information collection: Part 60 of Title 10 of the Code of Federal Regulations (10 CFR), ‘‘Disposal of High-Level Radioactive Wastes in Geologic Repositories.’’

4. The form number if applicable: N/A.

5. How often the collection is required: The information need only be submitted one time.

6. Who will be required or asked to report: State or Indian tribes, or their representatives, requesting consultation with the NRC staff regarding review of a potential high-level radioactive waste geologic repository site, or wishing to participate in a license application review for a potential geologic repository (other than a potential geologic repository site at Yucca Mountain, Nevada, which is regulated under 10 CFR part 63).

7. An estimate of the number of annual responses: 1; however, none are expected in the next 3 years.

8. The estimated number of annual respondents: 1; however, none are expected in the next 3 years.

9. An estimate of the total number of hours needed annually to complete the requirement or request: 1 hour; however, none are expected in the next 3 years.

10. Abstract: Part 60 requires States and Indian tribes to submit certain information to the NRC if they request consultation with the NRC staff concerning the review of a potential repository site, or wish to participate in a license application review for a potential repository (other than the Yucca Mountain, Nevada site, which is regulated under 10 CFR part 63). Representatives of States or Indian tribes must submit a statement of their
