

information any time that an issued patent is involved in a proceeding before the Office post-issuance, including: reissue applications under 35 U.S.C. 251, supplemental examinations

under 35 U.S.C. 257, reexaminations under 35 U.S.C. 302, *inter partes* reviews under 35 U.S.C. 311, post-grant reviews under 35 U.S.C. 321, and the transitional program for covered

business method patents under 37 CFR part 42, subpart D.

In sum, the Office envisions collecting or verifying RPI information as follows:

<i>Submission of application</i>	Applicant provides RPI information as part of the original application data sheet.
<i>Through pendency of prosecution.</i>	Applicant is responsible for ensuring that any changes in RPI information are submitted to the Office within a reasonable period of time.
<i>Prior to 18-month publication date.</i>	Applicant submits a form verifying that RPI information on file is accurate. Changes may be submitted in a supplemental form with an explanation for why the submission is timely. Note that information may be collected for all applications, though applications will only be published in accordance with 35 U.S.C. 122.
<i>Upon issuance</i>	Applicant's payment is accompanied by a form statement that RPI information on file is accurate. Changes may be submitted in a supplemental form with an explanation for why the submission is timely.
<i>Upon payment of maintenance fees.</i>	Patentee's payment is accompanied by a form statement that RPI information on file is accurate, or is accompanied by changes in a supplemental form.
<i>Involvement in any post-grant proceedings.</i>	Patentee is required to verify that RPI information on file is accurate, or to submit changes in a supplemental form.

The Office envisions this process applying to new applications filed after the date of any final rules coming into effect and after 35 U.S.C. 102(b)(2)(C) becomes effective on March 16, 2013. For pending applications where there has already been submission of an application data sheet, applicants would be required to submit RPI information at the next event described above (prior to 18-month publication or prior to issuance, or in conjunction with any continuing applications), and would then be responsible for updating any changes thereafter, through patent issuance. For issued patents, RPI information would be required in conjunction with the payment of the next maintenance fee, and with any subsequent maintenance fee payments thereafter—or instead, verification that the RPI information on file is unchanged.

Provision of RPI Information to the Public

While the USPTO would be able to use the information collected immediately for examination purposes, RPI information would be made available to the public in accordance with 35 U.S.C. 122, with RPI information being published in conjunction with the publication of a patent application or issued patent. The Office anticipates providing information about the current RPI as well as a history of any RPI changes in an accessible electronic format, such as on Public PAIR, in conjunction with a patent application or issued patent.

Details About the Roundtable

The number of participants in the roundtable is limited to ensure that all who are speaking will have a meaningful chance to do so. The USPTO plans to invite a number of participants from patent user, practitioner, industry,

and independent inventor organizations, as well as academia, industry, and government to provide input. The USPTO also plans to have a few at-large participants based upon requests received in response to this notice to ensure that the USPTO is receiving a balanced array of views on possible requirements for patent ownership recordation.

The roundtable is open to the public, but participation in the roundtable is by request, as the number of participants in the roundtable is limited. While members of the public who wish to participate in the roundtable must do so by request, members of the public who wish solely to observe need not submit a request to attend. Any member of the public, however, may submit written comments for consideration by the USPTO on issues raised at the roundtable or on any issue pertaining to patent ownership recordation. Persons submitting written comments should note that the USPTO does not plan to provide a “comment and response” analysis of such comments, as this notice is not a notice of proposed rulemaking.

The USPTO plans to make the roundtable available via Web cast. Web cast information will be available on the USPTO's Internet Web site before the roundtable. The written comments and list of the roundtable participants and their associations will also be posted on the USPTO's Internet Web site.

Dated: November 9, 2012.

David J. Kappos,

Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office.

BILLING CODE 3510-16-P

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 3

RIN 2900-AO31

Eligibility of Disabled Veterans and Members of the Armed Forces With Severe Burn Injuries for Financial Assistance in the Purchase of an Automobile or Other Conveyance and Adaptive Equipment; Correction

AGENCY: Department of Veterans Affairs.

ACTION: Proposed rule; correction.

SUMMARY: In a document published in the **Federal Register** on November 5, 2012 (77 FR 66419), the Department of Veterans Affairs amended its adjudication regulations regarding a certificate of eligibility for financial assistance in the purchase of an automobile or other conveyance and adaptive equipment. The document contained several grammatical errors in the preamble and regulatory text. This document corrects the errors and does not make any substantive change to the content of the proposed rule.

FOR FURTHER INFORMATION CONTACT:

Nancy Copeland, Consultant, Regulations Staff (211D), Compensation Service, Veterans Benefits Administration, Department of Veterans Affairs, 810 Vermont Ave. NW., Washington, DC 20420, (202) 461-9487. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: VA published a proposed rule on November 5, 2012, implementing section 803 of Public Law 111-275, the Veterans' Benefits Act of 2010, that amended subsection 3901(1)(A) of title 38, United States Code (U.S.C.), by reformulating the statute and adding “severe burn injury (as determined pursuant to regulations prescribed by the Secretary)” as one of the disabilities that VA will consider

when making a determination of eligibility for financial assistance in the purchase of an automobile or other conveyance and adaptive equipment. Pursuant to the authority granted to the Secretary in 38 U.S.C. 501(a) and 3901(1)(A)(iv), VA proposes to amend 38 CFR 3.808 to define the term "severe burn injury." In the proposed amendment to 38 CFR 3.808, we redesignated current paragraph (b)(4) as (b)(5) and added a new paragraph (b)(4) to define "severe burn injury," as one of the conditions that determines entitlement for a certificate of eligibility for financial assistance in the purchase of an automobile or other conveyance and adaptive equipment. We found that newly proposed paragraph (b)(4) contained grammatical errors. This document corrects those grammatical errors.

List of Subjects in 38 CFR part 3

Administrative practice and procedure, Claims, Disability benefits, Health care, Pensions, Radioactive materials, Veterans, Vietnam.

Dated: November 19, 2012.

Robert C. McFetridge,

Director, Office of Regulation Policy and Management, Office of the General Counsel, Department of Veterans Affairs.

For the reasons set out in the preamble, VA proposes to correct 38 CFR part 3 as follows:

PART 3—ADJUDICATION

Subpart A—Pension, Compensation, and Dependency and Indemnity Compensation

1. The authority citation for part 3, subpart A continues to read as follows:

Authority: 38 U.S.C. 501(a), unless otherwise noted.

2. Revise § 3.808, paragraph (b)(4) to read as follows:

§ 3.808 Automobiles or other conveyances and adaptive equipment; certification.

* * * * *

(b) * * *

(4) Severe burn injury: Deep partial thickness or full thickness burns resulting in scar formation that cause contractures and limit motion of one or more extremities or the trunk and preclude effective operation of an automobile.

* * * * *

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

46 CFR Parts 160 and 164

[Docket No. USCG-2010-0048]

RIN 1625-AB46

Lifesaving Equipment: Production Testing and Harmonization With International Standards

AGENCY: Coast Guard, DHS.

ACTION: Supplemental notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to amend the interim rule addressing lifesaving equipment to harmonize Coast Guard regulations concerning release mechanisms for lifeboats and rescue boats with recently adopted international standards affecting design, performance, and testing for such lifesaving equipment, and to clarify the requirements concerning grooved drums in launching appliance winches. The Coast Guard seeks comments on this proposal.

DATES: Comments and related material must either be submitted to our online docket via <http://www.regulations.gov> on or before January 25, 2013 or reach the Docket Management Facility by that date.

ADDRESSES: You may submit comments identified by docket number USCG-2010-0048 using any one of the following methods:

(1) *Federal eRulemaking Portal:* <http://www.regulations.gov>.

(2) *Fax:* 202-493-2251.

(3) *Mail:* Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590-0001.

(4) *Hand delivery:* Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

To avoid duplication, please use only one of these four methods. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

Viewing incorporation by reference material: You may inspect the material proposed for incorporation by reference at U.S. Coast Guard Headquarters, 2100 Second Street SW., Washington, DC 20593-0001 between 9 a.m. and 3 p.m., Monday through Friday, except Federal

holidays. The telephone number is 202-372-1385. Copies of the material are available as indicated in the "Incorporation by Reference" section of this preamble.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or email Mr. George Grills, Commercial Regulations and Standards Directorate, Office of Design and Engineering Standards, Lifesaving and Fire Safety Division (CG-ENG-4), Coast Guard; telephone 202-372-1385, email George.G.Grills@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.
