**SUPPLEMENTARY INFORMATION:** The Federal Aviation Administration has determined that approximately 1,905 acres of Air Navigation Site No. 189 is excess to its needs and has requested a partial revocation of the withdrawal. Upon revocation, the State of Alaska selection applications made under the Alaska Statehood Act and the Alaska National Interest Lands Conservation Act become effective without further action by the State. While the land remains in Federal ownership, there is no significant restriction on subsistence uses. If the lands are ultimately conveyed to the State of Alaska pursuant to the Alaska Statehood Act, that conveyance will not result in a significant restriction on subsistence. Even if any such restriction would result upon conveyance of the land to the State, conveyance of the land is authorized by Section 810(c) of the Alaska National Interest Lands Conservation Act.

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-794]

### Certain Electronic Devices, Including Wireless Communication Devices, Portable Music and Data Processing Devices, and Tablet Computers; Notice of Commission Determination To Review the Final Initial Determination; Schedule for Filing Written Submissions on the Issues Under Review and on Remedy, Public Interest, and Bonding

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined to review the final initial determination issued by the presiding administrative law judge in the above-captioned investigation on September 14, 2012. The Commission requests certain briefing from the parties on the issues under review, as indicated in this notice. The Commission also requests briefing from the parties and the public on the issues of remedy, the public interest, and bonding.

**FOR FURTHER INFORMATION CONTACT:** Clark S. Cheney, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone 202-205-2661. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436,

telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on August 1, 2011, based on a complaint filed by Samsung Electronics Co., Ltd. of Korea and Samsung Telecommunications America, LLC of Richardson, Texas (collectively, "Samsung"). 76 FR 45860 (Aug. 1, 2011). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain electronic devices, including wireless communication devices, portable music and data processing devices, and tablet computers, by reason of infringement of various patents, including U.S. Patent Nos. 7,706,348 ("the '348 patent"), 7,486,644 ("the '644 patent"), 7,450,114 ("the '114 patent"), and 6,771,980 ("the '980 patent"). The notice of investigation names Apple Inc. of Cupertino, California, as the only respondent.

On September 14, 2012, the presiding administrative law judge ("ALJ") issued his final initial determination ("ID") in this investigation finding no violation of section 337. The ALJ determined that the '348, '644, and '980 patents are valid but not infringed and that the '114 patent is both invalid and not infringed. The ALJ further determined that the economic prong of the domestic industry requirement is satisfied for all four patents at issue, but that the technical prong is not satisfied for any of the asserted patents.

On October 1, 2012, complainant Samsung and the Commission investigative attorney filed petitions for review of the ID, while Apple filed a contingent petition for review.

Having examined the record of this investigation, including the ID, the petitions for review, and the responses thereto, the Commission has determined to review the ALJ's determination of no violation in its entirety.

In connection with the final disposition of this investigation, the Commission may issue an order that results in the exclusion of the subject articles from entry into the United
