Title: Farm to School Census.

OMB Control Number: 0536—NEW.

Summary of Collection: Section 243 of the Healthy, Hunger-Free Kids Act (HHFKA) of 2010 (Pub. L. 111–296) directed USDA to establish a Farm to School program in order to assist eligible entities through grants and technical assistance, in implementing farm to school programs that improve the access to local foods in eligible schools. Under 7 U.S.C. 427, the Secretary of Agriculture is authorized and directed to conduct and to stimulate research into the laws and principles underlying the basic problems of agriculture in its broadest aspects, including but limited to research relating to the improvement of the quality of, and the development of new and improved methods of the production, marketing, distribution, processing, and utilization of plant and animal commodities at all stages from the original producer through the ultimate consumer. The Farm to School Census is a new, one-time, data collection. A questionnaire on purchases of local foods and other farm to school related activities will be sent to public school district School Food Authorities (SFA) in the 50 United States and the District of Columbia.

Need and Use of the Information: USDA's Farm to School Program will use data from the Farm to School Census to develop a baseline assessment of farm to school programs and to set priorities for USDA outreach and technical support, as mandated by the HHFKA. The Farm to School Census will also be used to establish a baseline measure of local food purchases in schools and set priorities for USDA programming related to local school food sourcing. The Farm to School Census data will be used in mapping SFAs that procured local foods for school meal programs in 2011–12 in order to characterize the geographic distribution farm to school programs and obtain State-level estimates of the prevalence of local procurement among SFAs.

The South Carolina State Ports Authority, grantee of FTZ 38, submitted a notification of proposed production activity on behalf of ZF Transmissions Gray Court, LLC (ZFTGC), located in Gray Court, South Carolina. The notification conforming to the requirements of the regulations of the Foreign-Trade Zones Board (15 CFR § 400.22) was received on November 8, 2012.

The ZFTGC facility is located within Site 20 of FTZ 38. The facility is used for the production of automatic transmissions for motor vehicles. transmissions (2.5%) for the foreign status inputs noted below. The company would be exempt from customs duty payments on foreign components used in the production of automatic transmissions that would be shipped to auto assembly plants operating under FTZ authority. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

Components and materials sourced from abroad include: control units, pumps, housings, parts of gear boxes and transmissions, valves, accumulators, lock discs, magnetic rings, gears, clutches, o-rings, seal rings, bushings, snap rings, and bearings (duty rate ranges from free to 3.8%).

Steel Wire Garment Hangers From the People's Republic of China: 2011-2012 Initiation of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* November 28, 2012.

SUMMARY: The Department of Commerce ("the Department") has determined that a request for a new shipper review ("NSR") of the antidumping duty order on steel wire garment hangers from the People's Republic of China ("PRC") meets the statutory and regulatory requirements for initiation.

FOR FURTHER INFORMATION CONTACT:

Irene Gorelik, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202-482-6905.

SUPPLEMENTARY INFORMATION:

Background

The antidumping duty order on steel wire garment hangers from the PRC ("the Order") was published on October 6, 2008.¹ On October 22, 2012, pursuant to section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.214, the Department received a timely request to conduct a NSR of the Order from Hangzhou Yingqing Material Co. Ltd. and Hangzhou Yingqing Mechanical Co. Ltd. (together, "Yingqing").² Yingqing has certified that it is the producer and exporter of the subject merchandise upon which the request was based.³

Pursuant to section 751(a)(2)(B)(i)(I) of the Act and 19 CFR 351.214(b)(2)(i), Yingqing certified that it did not export subject merchandise to the United States during the period of investigation ("POI").⁴ In addition, pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A), Yingqing certified that, since the initiation of the investigation, it has never been affiliated with any PRC exporter or producer who exported subject merchandise to the United States during the POI, including those respondents not individually examined during the investigation.⁵ As required by 19 CFR 351.214(b)(2)(iii)(B), Yingqing also certified that its export activities were not controlled by the PRC central government.⁶

In addition to the certifications described above, pursuant to 19 CFR 351.214(b)(2)(iv), Yingqing submitted documentation establishing the following: (1) The date on which it first shipped subject merchandise for export to the United States; (2) the volume of its first shipment; and (3) the date of its first sale to an unaffiliated customer in the United States.⁷

¹ See *Notice of Antidumping Duty Order: Steel Wire Garment Hangers from the People's Republic of China*, 73 FR 58111 (October 6, 2008).

² See generally Yingqing's NSR request dated October 22, 2012.

⁴ See *id.*, at 2 and Ex. 1.

⁷ See *id.* at 3 and Ex. 2; Yingqing's Letter to the Department dated November 14, 2012.

Initiation of New Shipper Reviews

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(d)(1), we find that Yingqing's NSR request meets the threshold requirements for initiation of a NSR for the shipment of steel wire garment hangers from the PRC produced and exported by Yingqing.⁸ The period of review ("POR") is October 1, 2011, through September 30, 2012.⁹ The Department intends to issue the preliminary results of this NSR no later than 180 days from the date of initiation, and the final results no later than 270 days from the date of initiation.¹⁰

It is the Department's usual practice, in cases involving non-market economies ("NMEs"), to require that a company seeking to establish eligibility for an antidumping duty rate separate from the NME entity-wide rate provide evidence of *de jure* and *de facto* absence of government control over the company's export activities. Accordingly, we will issue a questionnaire to Yingqing, which will include a section requesting information with regard to its export activities for separate rate purposes. The NSR will proceed if the response provides sufficient indication that Yingqing is not subject to either *de jure* or *de facto* government control with respect to its exports of subject merchandise.

We will instruct U.S. Customs and Border Protection to allow, at the option of the importer, the posting, until the completion of the NSR, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise from Yingqing in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e). Because Yingqing certified that it produced and exported the subject merchandise, the sale of which is the basis for this NSR request, we will apply the bonding privilege to Yingqing only for subject merchandise which Yingqing both produced and exported.

Interested parties requiring access to proprietary information in this NSR should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 19 CFR 351.306.

This initiation and notice are published in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

⁹ See 19 CFR 351.214(g)(1)(i)(A).
