

the amendment is expected to be not significant.

Possible Alternatives

Under the No Action Alternative the TNF LRMP and BLM RMPs would not be amended to incorporate new or change existing regulatory mechanisms. There are no other alternatives to the proposed action identified at this time.

Lead and Cooperating Agencies

The FS is the lead agency and the BLM is a cooperating agency. The Forest has also invited the Walker River Paiute and Yerington Paiute Tribes and the Bridgeport Indian Colony, Nevada BLM, the U.S. Fish and Wildlife Service, Nevada Department of Wildlife, and Mono, Lyon, Douglas, Alpine, Esmeralda, and Mineral Counties to be cooperating Agencies. Federal, State, and local agencies, along with other stakeholders that may be interested or affected by the FS's or BLM's decision on this proposal are invited to participate in the scoping process and, if eligible, may request or be requested by the FS to participate as a cooperating agency.

Responsible Official

For the FS the responsible official is the Forest Supervisor, Humboldt-Toiyabe National Forest 1200 Franklin Way, Sparks Nevada 89431.

For the Department of Interior, BLM the responsible officials are: The District Manager, Carson City District, 5665 Morgan Mill Road, Carson City, NV 8970, and the District Manager, Battle Mountain District, 50 Bastian Road, Battle Mountain, NV 89820.

Nature of Decision To Be Made

Based on the analysis conducted and represented in the EIS and project record the FS responsible official will decide whether to amend the TNF LRMP as described in the proposed action, as in one of the alternatives to the proposed action, or by combining elements of the proposed action and alternatives to create a decision that best meets the purpose of conserving, enhancing and/or restoring sagebrush and associated habitats to provide for the long-term viability of the BS DPS and the need to improve the FS regulatory mechanisms. The FS decision does not include a decision about the BLM RMPs. The BLM will make its own decisions based on the EIS.

Scoping Process

Scoping begins upon publication of this notice in the **Federal Register** and ends January 30, 2013. The scoping document is posted on the Humboldt-

Toiyabe National Forest public Web site at <http://www.fs.usda.gov/projects/htnf/landmanagement/projects>. During the scoping period the Forest will solicit comments from interested parties and the public. It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered; however, anonymous comments will not provide the FS with the ability to provide the respondent with subsequent environmental documents. This proposal has been listed on the Humboldt-Toiyabe National Forest Schedule of Proposed Actions since November 2012.

Early Notice of Importance of Public Participation in Subsequent Environmental Review

As required under 36 CFR 219.17(b)(2), this proposed plan amendment is subject to the pre-decisional administrative review process ("objection procedure") set forth in 36 CFR 219 Subpart B. Only those individuals and entities who have submitted substantive formal comments related to the proposed plan amendment during opportunities for public comment may file an objection. Objections must be based on previously submitted substantive formal comments attributed to the objector, unless the objection concerns an issue that arises after the opportunities for formal comment (36 CFR 219.53). Comments are considered substantive when they are within the scope of the proposal, are specific to the proposal, have a direct relationship to the proposal, and include supporting reasons for the responsible official to consider (36 CFR 219.62). Formal comments received from an authorized representative(s) of an entity are considered those of the entity only. A member of an individual must submit substantive formal comments independently to be eligible to file an objection in an individual capacity (36 CFR 219.53(b)).

Substantive formal comments must be written comments submitted to, or oral comments recorded by, the responsible official or his designee during an opportunity for public participation and

attributed to the individual or entity providing them (36 CFR 219.62). For this proposal, the opportunities for public participation are the 45 day scoping comment period announced by this Notice of Intent and the 90 day comment period that begins when the Environmental Protection Agency publishes the Notice of Availability of the draft EIS in the **Federal Register**.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Input from Hawaii's Boat-based Anglers.

OMB Control Number: None.

Form Number(s): NA.

Type of Request: Regular submission (request for a new information collection).

Number of Respondents: 1,500.

Average Hours per Response: 20 minutes.

Burden Hours: 500.

Needs and Uses: This request is for a new information collection. The Magnuson-Stevens Fishery Conservation and Management Act (MSA) requires anglers who (1) engage in angling or spearfishing for fish in the Exclusive Economic Zone (EEZ); anadromous species in any tidal waters; or continental Shelf fishery resources beyond the EEZ, (2) operate a for-hire fishing vessel in the EEZ, (3) operate a for-hire fishing vessel that engages in angling or spearfishing for: Anadromous species in any tidal waters; or continental shelf fishery resources beyond the EEZ, (4) possess equipment used for angling or spearfishing and also possesses: Fish in the EEZ; anadromous species in any tidal waters; or continental shelf fishery resources beyond the EEZ to register annually with the National Angler Register, other than states which have received exempted status per regulations at 50 CFR 600.1415-1417 need not register

with National Marine Fisheries Service (NMFS). Under 50 CFR 600.1417, MSA allows NMFS to exempt a State that has developed a qualifying regional survey that meets the Marine Recreational Information Program's National Data Standards.

The State of Hawaii is developing a comprehensive data collection program that will meet the requirements set forth at 50 CFR 600.1417 and exempt the State's anglers from the national registry requirement. The information gathered from the proposed voluntary survey of a sample of the State's registered boaters will be used to develop an ongoing (monitoring) survey of fishing catch and effort derived from Hawaii's private boaters—a required component of any qualifying regional survey. The survey instrument will also collect information to inform engagement of and projects aimed at local boat-based anglers under NOAA's National Recreational Saltwater Fishing Initiative.

Affected Public: Individuals or households.

Frequency: One time.

Respondent's Obligation: Voluntary.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at *Jessup@doc.gov*).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to

OIRA_Submission@omb.eop.gov.

Dated: November 26, 2012.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

National Institute of Standards and Technology

Notice of Public Workshop: Blueprint for Action: Workshop on the Design of the National Network for Manufacturing Innovation (NNMI)

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice.

SUMMARY: The Advanced Manufacturing National Program Office (AMNPO), housed at the National Institute of Standards and Technology (NIST), announces the first workshop in a new series of public workshops entitled “*Blueprint for Action: Workshop on the Design of the National Network for Manufacturing Innovation (NNMI).*” This workshop series provides a forum for the AMNPO to present the proposed design of the National Network for Manufacturing Innovation and its regional components, Institutes for Manufacturing Innovation (IMIs), for public discussion of the proposed NNMI and IMI design, and for public discussion of this initiative, announced by President Obama on March 9, 2012.¹ The first workshop will focus on an update on the NNMI program proposed by the President; a review of the public comments received by the AMNPO in response to the May 4, 2012 Request for Information (RFI) on the proposed NNMI; a review of the proposed NNMI design and discussion of that design; and anticipated next steps.

The “*Blueprint for Action*” workshop series is organized by the federal interagency AMNPO, in cooperation with stakeholders and local organizations. AMNPO partner agencies include Department of Commerce, NIST, Department of Defense, Department of Education, Department of Energy's Advanced Manufacturing Office, Department of Labor, National Aeronautics and Space Administration (NASA), and National Science Foundation.

DATES: The first public workshop in this series will be held on Wednesday, January 16, 2013 from 8:30 a.m. until approximately 5:00 p.m. Eastern time. Event check-in will begin at approximately 7:30 a.m. Eastern time. Please see registration information in the **SUPPLEMENTARY INFORMATION** section below.

ADDRESSES: This public workshop will be held at the U.S. Space and Rocket Center, Davidson Center for Space Exploration, One Tranquility Base, Huntsville, Alabama 35805 (1-800-637-7223).

SUPPLEMENTARY INFORMATION:

Legal Authority: 15 U.S.C. 272(b)(1).

Members of the public wishing to attend this public workshop are encouraged to register in advance and may do so online through the event Web site: http://www.manufacturing.gov/event_011613.html. Space is limited. Registration will be on a first-come, first-served basis, with no more than four representatives from the same organization accepted. Advance online registration will close at 11:59 p.m. Eastern time, Monday, January 7, 2013 or when all spaces have been filled, whichever occurs first. After advance online registration closes, registration will be permitted only on a first-come, first-served basis on the day of the event, on site, should space become available. Please check the event Web site, http://www.manufacturing.gov/event_011613.html, for space availability information. Early registration is encouraged.

The proposed NNMI initiative focuses on strengthening and ensuring the long-term competitiveness and job-creating power of U.S. manufacturing. The constituent IMIs will bring together industry, universities and community colleges, federal agencies, and U.S. states to accelerate innovation by investing in industrially-relevant manufacturing technologies with broad applications to bridge the gap between basic research and product development, provide shared assets to help companies—particularly small manufacturers—access cutting-edge capabilities and equipment, and create an unparalleled environment to educate and train students and workers in advanced manufacturing skills. The President's proposed FY 2013 budget includes \$1 billion for this proposed initiative.

Each IMI will serve as a regional hub of manufacturing excellence, providing the innovation infrastructure to support regional manufacturing and ensuring that our manufacturing sector is a key pillar in an economy that is built to last. Each IMI also will have a well-defined technology focus to address industrially relevant manufacturing challenges on a large scale and to provide the capabilities and facilities required to reduce the cost and risk of commercializing new technologies.
