This notice does not, however, alter or extend the limitation period for challenges of project decisions subject to previous notices published in the **Federal Register**. The projects and actions that are the subject of this notice are:

1. *Project name and location:* Atlanta BeltLine, Atlanta, GA. *Project sponsor:* Metropolitan Atlanta Rapid Transit Authority (MARTA). *Project description:* The FTA and the MARTA have completed a Tier 1 Programmatic Final Environmental Impact Statement (PFEIS) of the Atlanta BeltLine. The Atlanta BeltLine is a proposed fixed guideway transit and multi-use trails system within a corridor of approximately 22 miles encircling central Atlanta. The proposed transit and trails elements are part of a comprehensive economic development effort combining greenspace, trails, transit, and new development along historic rail segments that, together, encircle central Atlanta. Collectively, these railroad corridors form a circuit that intersects existing MARTA rail corridors near six stations: Lindbergh Center, Inman Park/Reynoldstown, King Memorial, West End, Bankhead, and Ashby. The Tier 1 decisions included the selection of either Modern Streetcar or Light Rail Transit technology; selection of a general alignment of new transit and trails; and establishment of the right-of-way needs that were described and evaluated as the preferred alternative in the *Atlanta BeltLine Tier 1 Programmatic Final Environmental Impact Statement/Section 4(f) Evaluation*. When MARTA seeks FTA

funding for any of the elements of the Atlanta BeltLine covered by the Tier 1 PFEIS, FTA and MARTA will perform a Tier 2 NEPA review to identify potential environmental impacts and develop appropriate mitigation measures in more detail. *Final agency actions:* Record of Decision (ROD) dated August 28, 2012. *Supporting documentation:* Programmatic Final Environmental Impact Statement dated April 2012.

2. *Project name and location:* Kansas City Downtown Streetcar Project, Kansas City, MO. *Project sponsor:* City of Kansas City. *Project description:* The project will construct an approximately two-mile streetcar system between Union Station at Pershing Road and Third Street and Grand Boulevard, in the River Market District. The project includes construction of streetcar stops approximately every two blocks and a new vehicle maintenance facility. *Final agency actions:* No use determination of Section 4(f) resources; Section 106 finding of no adverse effect; and Finding of No Significant Impact (FONSI) dated October 30, 2012. *Supporting documentation:* Environmental Assessment dated September 2012.

3. *Project name and location:* Downtown San Bernardino Passenger Rail Project, San Bernardino, CA. *Project sponsor:* San Bernardino Associated Governments (SANBAG). *Project description:* SANBAG is proposing to extend Metrolink regional passenger rail service approximately one mile east from its current terminus at the existing San Bernardino Metrolink Station/Santa Fe Depot (Depot) located at 1170 West 3rd Street to new Metrolink commuter rail platforms proposed near the intersection of Rialto Avenue and E Street in the City of San Bernardino. The primary features of the Downtown San Bernardino Passenger Rail Project include construction of a second track, rail platforms, parking lots, pedestrian overpass at the Depot, and an Omnitrans Bus Facility; grade crossing improvements; railroad signalizations; and roadway closures. Secondary features include construction of drainage improvements, utility accommodation, and implementation of safety controls. *Final agency actions:* No use determination of Section 4(f) resources; Section 106 finding of no adverse effect; project-level air quality conformity; and Finding of No Significant Impact (FONSI) dated October 26, 2012. *Supporting documentation:* Revised Environmental Assessment/Final Environmental Impact Report dated August 2012.
