**Agency Information Collection Activities: Application for Travel Document, Form Number I-131; Revision of a Currently Approved Collection****ACTION:** 30-Day Notice.

**SUMMARY:** The Department of Homeland Security (DHS), U.S. Citizenship and Immigration Services (USCIS) submitted the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995.

USCIS has previously published two notices in the **Federal Register** in connection with this information collection: a notice on December 28, 2011 published at 76 FR 81517, allowing for a 60-day public comment period; and, a notice on March 16, 2012 published at 77 FR 15787, allowing for a 30-day public comment period. USCIS did not receive any comments in connection with these notices. OMB, however, has recommended changes that are reflected in the instructions to the form.

In addition to these recommendations, USCIS is revising the form's instructions to include clear guidance regarding recipients' of Deferred Action under Childhood Arrivals (DACA) ability to request advance parole documents under certain circumstances as provided under the memorandum issued by the Secretary of the Department of Homeland Security on June 15, 2012, and the implementation guidance that derives from it. USCIS is also reporting an increase in the number of respondents associated with this information collection as DACA recipients that can establish a need to travel outside of the United States based on humanitarian, employment or education reasons will be able to request advance parole documents.
