

should clarify to investors the date by which this requirement will be implemented. Therefore, the Commission designates the proposed rule change as operative upon filing with the Commission.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68325; File No. SR-FINRA-2012-051]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Waiver of Certain TRACE Late Trade Reporting Fees Due to Hurricane Sandy

November 30, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on November 26, 2012, the Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as "establishing or changing a due, fee or other charge" under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to waive certain Trade Reporting and Compliance Engine ("TRACE") late trade reporting fees specified in FINRA Rule 7730(b)(3) due to disruptions in normal business operations as a result of Hurricane Sandy.

The text of the proposed rule change is available on FINRA's Web site at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Transactions in TRACE-Eligible Securities, as defined in FINRA Rule 6710(a), are required to be reported to FINRA within the time frames specified in FINRA Rule 6730(a). FINRA Rule 7730(b) sets forth the charges to be assessed against each member responsible for reporting such transactions. FINRA Rule 7730(b)(3) provides that members shall be charged a \$3.00 per transaction late fee for those transactions that are not timely reported "as/of" as required by the FINRA Rule 6700 Series. Due to significant disruptions in normal business operations as a result of Hurricane Sandy or Superstorm Sandy ("Sandy") that made landfall along the mid-Atlantic Coast on October 29, 2012, FINRA proposes to waive such TRACE late trade reporting fees if a firm in an area affected by Sandy⁵ reported certain

⁵ An affected area means any area, such as a state or a county, that the President declared a major disaster or for which the President signed a federal emergency declaration as a result of Sandy (e.g., the state, or certain counties, of Connecticut, New York, New Jersey, Delaware, District of Columbia,

transactions in TRACE-Eligible Securities late. The late trade reporting fee would be waived for transactions that were executed on Monday, October 29, 2012 or Tuesday, October 30, 2012, by firms located in the affected areas (or that have their fixed income operations in the affected areas), provided that the affected firms reported the transactions no later than Wednesday, October 31, 2012 by the TRACE system closing.⁶

FINRA has filed the proposed rule change for immediate effectiveness. The effective date and the implementation date will be the date of filing.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(5) of the Act,⁷ which requires, among other things, that FINRA rules provide for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system that FINRA operates or controls. FINRA believes that the proposed rule change to waive the late trade reporting fee for those firms that were adversely affected by Sandy is appropriate considering the lack of communications, transportation, electricity, facilities and available staff as a result of Sandy that hampered the ability of members in the affected areas (or with fixed income operations in the affected area) to meet their TRACE reporting deadlines. FINRA believes that this limited waiver results in reasonable fees and financial benefits from late trade reporting fee waivers that are equitably allocated. The financial benefit of the late trade reporting fee waiver would be available to all firms located in the affected areas (or that have their fixed income operations in the affected areas). In addition, the financial benefit of the late trade reporting fee waiver would be available for a very limited period (i.e., only for transactions that were executed on Monday, October 29, 2012 or

Tuesday, October 30, 2012 provided that such transactions were reported no later than Wednesday, October 31, 2012, by the TRACE system closing), such that members not eligible for the late trade reporting fee waiver are not unfairly or inequitably affected. The proposed rule change is reasonable because the waiver of a standard FINRA late trade reporting fee, and the financial benefit from such waiver is of limited amount, duration and application as noted above. Finally, the proposed late trade reporting fee waiver does not unfairly discriminate between or among members in that the waiver would be available to any such member in the affected areas that executed transactions on the relevant dates, provided that the firm reported the transaction(s) no later than Wednesday, October 31, 2012 by the TRACE system closing.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. FINRA believes that the proposed rule change to waive the late trade reporting fee for those firms that were adversely affected by Sandy is appropriate considering the lack of communications, transportation, electricity, facilities and available staff as a result of Sandy that hampered the ability of members in the affected areas (or with fixed income operations in the affected area) to meet their TRACE reporting deadlines. FINRA believes that the limited late trade reporting fee waiver would not place an unreasonable fee burden on members, nor confer an uncompetitive benefit to members that may have their late trade reporting fees waived, in that such waiver would be available for a very limited period (only for trades executed on Monday, October 29, 2012 or Tuesday, October 30, 2012 provided that such transactions were reported no later than Wednesday, October 31, 2012, by the TRACE system closing), and the financial impact of such a waiver would be *de minimis*.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)

of the Act⁸ and paragraph (f)(2) of Rule 19b-4 thereunder.⁹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

However, upon receipt of the November Invoice, if a firm has not received credit for a transaction(s) it believes qualifies for the fee waiver because its fixed income operations are located in one of the affected areas, the firm should contact TRACE Data Services by emailing TRACEDataServices@finra.org or calling (888) 507-3665, and provide a list of such transactions and the reason why the firm believes such transactions qualify for the waiver.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68324; File No. SR-ISE-2012-89]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Adopt Gateway Fees

November 30, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 20, 2012, the International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission the proposed rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE proposes to adopt gateway fees. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Prior to the launch of the Optimise trading system, ISE Members were able to lease "gateway" equipment, i.e., Routers, Switches and Servers, through ISE to connect to the Exchange. Members also were able to use their own equipment, which ISE managed. With the launch of the Optimise trading system, ISE began to maintain shared gateways at its datacenters without charging any fees to Members and removed the gateway fees it previously charged from its Schedule of Fees.³

The Exchange now proposes to adopt monthly gateway fees. Specifically, the Exchange proposes to adopt a monthly fee of \$250 per shared gateway. Also, some Members have requested their own dedicated gateways as an alternative to using the shared gateways. While the shared gateways provide for full redundancy and the same latency, these Members nevertheless desire their own dedicated gateways as a risk management alternative. To accommodate these Members, the Exchange proposes to adopt an optional dedicated gateway offering for a monthly fee of \$2,000 per dedicated gateway pair.⁴

ISE has expended significant amount of resources in developing this infrastructure and the proposed gateway fees will be used to recover the costs the Exchange incurs in providing and maintaining this infrastructure. With this proposed rule change, Members will have the ability to utilize a shared gateway or, if they have [sic] choose,

utilize a dedicated gateway. The use of the dedicated gateway is voluntary and therefore, Members who do not opt for a dedicated gateway will be able to connect to the Exchange through a shared gateway.

The Exchange has designated this proposal to be operative on December 3, 2012.

2. Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Securities Exchange Act of 1934 ("Act"),⁵ in general, and with Section 6(b)(4) of the Act,⁶ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among Exchange members and other persons using its facilities. In particular, the proposed rule change will provide greater transparency into the connectivity options available to Members.

The Exchange believes that the proposed rule change constitutes an equitable allocation of fees because all similarly situated Members would be charged the same amount, based on their preference for either a shared gateway or a dedicated gateway. While Members may opt for a dedicated gateway, those that do not will continue to be able to access the Exchange via a shared gateway. And both gateway options provide full redundancy and the same latency. Thus, access to the Exchange would continue to be offered on fair and non-discriminatory terms.

The Exchange also believes the proposed fee for a dedicated gateway is equitably allocated in that all Exchange Members that opt for a dedicated gateway will be charged the same amount. All Exchange Members have the option to select a dedicated gateway connection and those that choose not to will continue to access the Exchange via a shared gateway.

With respect to the increase in fees, the proposed fee change for gateways is expected to offset increasing connectivity costs, including costs for gateway software and hardware enhancements and resources dedicated to gateways development, quality assurance, and support.

The Exchange believes the proposed fees are not unfairly discriminatory in that all Exchange Members have the option of accessing the Exchange via shared gateways or dedicated gateways, and there is no differentiation among Members with regard to the fees charged for either option.

³ See Securities Exchange Act Release No. 65861 (December 1, 2011), 76 FR 76463 (December 7, 2011) (SR-ISE-2011-77).

⁴ For redundancy and load balancing purposes, Members that choose the dedicated gateway option would be connected to a pair of dedicated gateways for which the Exchange would charge one fee.
