3. Certification of Prisoner Identity Information—20 CFR 422.107—0960-0688. Inmates of Federal, State, or local prisons may need a Social Security card as verification of their Social Security number for school or work programs, or as proof of employment eligibility upon release from incarceration. Before SSA can issue a replacement Social Security card, applicants must show SSA proof

of their identity. People who are in prison for an extended period typically do not have current identity documents. Therefore, under formal written agreement with the correctional institution, SSA allows prison officials to verify the identity of certain incarcerated U.S. citizens who need replacement Social Security cards. Information prison officials provide

comes from the official prison files, sent on correctional facility letterhead. SSA uses this information to establish the applicant's identity in the replacement Social Security card process. The respondents are prison officials who certify the identity of prisoners applying for replacement Social Security cards.

Type of Request: Extension of an OMB-approved Information Collection.

Modality of completion	Number of responses	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
Verification of Prisoner Identity Statements	1,100	200	3	11,000

Dated: December 4, 2012.
