We anticipate going forward that these and additional ownership reports will provide useful periodic “snapshots” of minority and female ownership in the broadcast industry. We expect that our continuing efforts to reform and refine our ownership data collection will yield more and better data to support trend analyses in the future.

4. The Ownership Report was released to the public on November 14, 2012 and parties have submitted material in the record concerning the data. Several parties have requested an additional, formal opportunity to comment on the Ownership Report. Thus, while this proceeding has provided numerous opportunities for public input and participation, we will establish a further comment cycle for this limited purpose. Comments are due December 26, 2012; reply comments are due January 4, 2013.
