This Part of the regulation establishes procedures for recovery of the cost of reclamation activities conducted on private property. Responses are required to obtain a benefit.

This information collection activity was previously approved by the Office of Management and Budget (OMB) and assigned control number 1029-0057.

DATES: Comments on the proposed information collection must be received by February 11, 2013, to be assured of consideration.

ADDRESSES: Comments may be mailed to John A. Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave. NW., Room 203-SIB, Washington, DC 20240. Comments may also be submitted electronically to jtrelease@osmre.gov.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. This notice identifies an information collection that OSM will be submitting to OMB for approval. The collection is contained in 30 CFR Part 882—Reclamation on Private Lands. OSM will request a 3-year term of approval for this information collection activity.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany OSM's submission of the information collection request to OMB.
