#### SUPPLEMENTARY INFORMATION:

*Title:* Permanent, Privately Owned Horse Quarantine Facilities.

*OMB Number:* 0579-0313.

*Type of Request:* Extension of approval of an information collection.

*Abstract:* Under the Animal Health Protection Act (7 U.S.C. 8301 et seq.), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture is authorized, among other things, to prohibit or restrict the importation and interstate movement of animals and animal products to prevent the introduction into and dissemination within the United States of livestock diseases and pests. To carry out this mission, APHIS regulates the importation of animals and animal products into the United States based on the regulations in parts 92 through 98 of Title 9, Code of Federal Regulations (9 CFR).

The regulations in 9 CFR part 93 require, among other things, that certain animals, as a condition of entry, be quarantined upon arrival in the United States. APHIS operates animal quarantine facilities and also authorizes the use of quarantine facilities that are privately owned and operated for certain animal importations.

The regulations in subpart C of part 93 pertain to the importation of horses and include requirements for privately

owned quarantine facilities for horses. For permanent, privately owned quarantine facilities, these requirements entail certain information collection activities, including environmental certification, application for facility approval, service agreements, requests to APHIS concerning withdrawal of approval, notification to APHIS of facility closure, compliance agreements, security procedures, alarm notification, lists of personnel, signed statements, daily logs, and requests for variance.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average 0.80952 hours per response.

*Respondents:* Applicants who apply for facility approval; owners and operators of permanent, privately owned horse quarantine facilities; facility employees; authorities who issue environmental certifications; and employees of security companies.

*Estimated annual number of respondents:* 6.

*Estimated annual number of responses per respondent:* 3.5.

*Estimated annual number of responses:* 21.

*Estimated total annual burden on respondents:* 17 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 6th day of December 2012.

Acting Administrator, Animal and Plant Health Inspection Service.

### International Trade Administration

#### Lightweight Thermal Paper From Germany; Preliminary Results of Antidumping Duty Administrative Review; 2010-2011

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on lightweight thermal paper (LWTP) from Germany for the period November 1, 2010, through October 31, 2011. We have preliminarily determined that Papierfabrik August Koehler AG (Koehler) made sales of subject merchandise at less than normal value, based on adverse facts available (AFA).

**DATES:** *Effective Date:* December 11, 2012.

**FOR FURTHER INFORMATION CONTACT:** Stephanie Moore or George McMahon, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3692 or (202) 482-1167, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Scope of the Order

The merchandise covered by the order is lightweight thermal paper. The merchandise subject to the order is currently classified under the following Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 3703.10.60, 4811.59.20, 4811.90.8000, 4811.90.8030, 4811.90.8040, 4811.90.8050, 4811.90.9000, 4811.90.9030, 4811.90.9035, 4811.90.9050, 4811.90.9080, 4811.90.9090, 4820.10.20, and 4823.40.00. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description, available in the *Orders*, remains dispositive.<sup>1</sup>

<sup>1</sup> See *Antidumping Duty Orders: Lightweight Thermal Paper from Germany and the People's*

#### Methodology

In making these findings, we have relied on total facts available and because Koehler did not act to the best of its ability to respond to the Department's requests for information, we have drawn an adverse inference in selecting from among the facts otherwise available. See sections 776(a) and (b) of the Tariff Act of 1930, as amended (the Act).

Pursuant to section 776(b) of the Act, we are relying on information from the petition in order to ensure that the AFA rate is sufficiently adverse so as to induce cooperation.<sup>2</sup> Accordingly, we have preliminarily determined to apply a 75.36 percent rate as AFA for Koehler. For a full description of the methodology underlying our conclusions, see the Memorandum to Paul Piquado, Assistant Secretary for Import Administration from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, titled "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Lightweight Thermal Paper from Germany," (Preliminary Decision Memorandum), dated concurrently with these results and hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit (CRU), room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://www.trade.gov/ia/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

#### Preliminary Results of the Review

As a result of this review, we preliminarily determine that the following weighted-average dumping margin exists for the period November 1, 2010, through October 31, 2011:

*Republic of China*, 73 FR 70959 (November 24, 2008) (*Orders*).

Greynolds, Program Manager, AD/CVD Operations 3, from the Team, titled "Lightweight Thermal Paper from Germany: Notice of Preliminary Results of Antidumping Administrative Review: Application of Total Adverse Facts Available Rate," (AFA Memo) dated concurrently with this notice.

#### Assessment Rate

Upon issuance of the final results, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. For Koehler, we will assign an importer-specific *ad valorem* duty assessment rate to the total entered value of those same sales in accordance with section 776(b) of the Act.<sup>6</sup> We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate in the final results of this review is above *de minimis* (i.e., 0.50 percent). Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific
