SUPPLEMENTARY INFORMATION:

I. Background

FDA is announcing the availability of a guidance for industry entitled “Questions and Answers Regarding Food Facility Registration (Fifth Edition)” issued in August 2004. The guidance provides updated information pertaining to the registration of food facilities that manufacture, process, pack, or hold food for human or animal consumption in the United States.

On October 10, 2003, FDA issued an interim final rule (68 FR 58894) to implement amendments to the FD&C Act made by the Public Health Security and Bioterrorism Preparedness and Response Act of 2002 (the Bioterrorism Act) (Public Law 107–188). Section 415 of the FD&C Act (21 U.S.C. 350d) requires domestic and foreign facilities that manufacture, process, pack, or hold food for human or animal consumption in the United States to register with FDA by December 12, 2003. This guidance was developed to answer frequently asked questions relating to the registration requirements of section 415.

Section 102 of FSMA (Pub. L. 111–353), enacted on January 4, 2011, amended section 415 of the FD&C Act, in relevant part, to require facilities engaged in manufacturing, processing, packing, or holding food for consumption in the United States to submit additional registration information to FDA. This revised edition of the guidance includes new information relating to the FSMA amendments to section 415.

The first edition of this document was issued as level 2 guidance under § 10.115 (21 CFR 10.115) and was made available on FDA’s Web site on December 4, 2003. The second, third, and fourth editions of this document were issued as level 1 guidance documents under § 10.115 and were made available on FDA’s Web site on January 12, 2004, February 17, 2004, and August 2004, respectively. This revision (fifth edition) is being issued as a level 1 guidance and includes questions and answers relating to the FSMA amendments to section 415 of the FD&C Act. In addition, the guidance provides non-substantive revisions to clarify, delete, and renumber the questions and answers in edition 4.

This guidance is being issued consistent with FDA’s good guidance practices regulation § 10.115 as a level 1 guidance. The Agency will accept comments at any time, but it is implementing this guidance immediately, in accordance with § 10.115(g)(2) because the Agency has determined that prior public participation is not feasible or appropriate.
