(6) Totaling all such results of section 10(b)(5) for all applicable combinations of commodity types, intended uses, and age classes of trees in the unit and subtracting any indemnities paid for the current crop year to determine the amount payable for the unit.

(c) Any individual citrus fruit will be considered 100 percent damaged, if due to an insurable cause of loss it is:

(1) On the ground and unmarketable; or

(2) Unmarketable because it is immature, unwholesome, decomposed, adulterated, or otherwise unfit for human consumption.

(d) Any citrus fruit that can be processed into products for human consumption will be considered marketable. The percent of damage for the marketable citrus fruit (excluding citrus fruit sold as fresh or damaged due to uninsured causes) will be determined by:

(1) Subtracting the juice content of the marketable citrus fruit (excluding citrus fruit sold as fresh or damaged due to uninsured causes) from:

(i) The average juice content of the fruit produced on the unit for the three previous crop years based on your records, if they are acceptable to us; or

(ii) The default juice content provided in the Special Provisions, if at least three years of acceptable juice records are not furnished or the citrus fruit is insured as fresh;

(2) Subtracting the juice content of the marketable citrus fruit (excluding citrus fruit sold as fresh or damaged due to uninsured causes) from the official weight per box for the applicable commodity type provided in the Special Provisions;

(3) Dividing the result of section 10(d)(1) by the result of 10(b)(2);

(4) Dividing the official weight per box for the applicable commodity type provided in the Special Provisions by:

(i) The average juice content of the fruit produced on the unit for the three previous crop years based on your records, if they are acceptable to us; or

(ii) The default juice content provided in the Special Provisions, if at least

three years of acceptable juice records are not furnished or the citrus fruit is insured as fresh; and

(5) Multiplying the result of section 10(b)(3) by the result of 10(b)(4); and

(6) For citrus fruit insured as fresh that has a Fresh Fruit Factor listed in the Special Provisions, making an additional adjustment to the percent of damage by:

(i) Subtracting the result of section 10(d)(5) from 100;

(ii) Multiplying the result of section 10(d)(6)(i) by the applicable Fresh Fruit Factor located in the Special Provisions; and

(iii) Adding the result of section 10(d)(6)(ii) to the result of section 10(d)(5).

(e) Notwithstanding section 10(d), for citrus fruit insured as fresh that do not have a Fresh Fruit Factor provided in the Special Provisions, any individual citrus fruit not meeting the applicable United States Standards for packing as fresh fruit due to an insured cause of loss will be considered 100 percent damaged, except that the percent of damage for any production sold for an alternative use will be adjusted in accordance with section 10(d).

Community Reinvestment Act Regulations

AGENCIES: Office of the Comptroller of the Currency, Treasury (OCC); Board of Governors of the Federal Reserve

System (Board); and Federal Deposit Insurance Corporation (FDIC).

ACTION: Joint final rule; technical amendment.

SUMMARY: The OCC, the Board, and the FDIC (collectively, the agencies) are amending their Community Reinvestment Act (CRA) regulations to adjust the asset-size thresholds used to define “small bank” or “small savings association” and “intermediate small bank” or “intermediate small savings association.” As required by the CRA regulations, the adjustment to the threshold amount is based on the annual percentage change in the Consumer Price Index.

DATES: Effective January 1, 2013.

SUPPLEMENTARY INFORMATION:

Background and Description of the Joint Final Rule

The agencies' CRA regulations establish CRA performance standards for small and intermediate small banks and savings associations. The regulations define small and intermediate small banks and savings associations by reference to asset-size criteria expressed in dollar amounts, and they further require the agencies to publish annual adjustments to these dollar figures based on the year-to-year change in the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPIW), not seasonally adjusted, for each twelve-month period ending in November, with rounding to the nearest million. 12 CFR 25.12(u)(2), 195.12(u)(2), 228.12(u)(2), and 345.12(u)(2). This adjustment formula

was first adopted for CRA purposes by the OCC, Board, and FDIC on August 2, 2005, effective September 1, 2005. 70 FR 44256 (Aug. 2, 2005). As explained in the **SUPPLEMENTARY INFORMATION** section of these agencies' proposed rule, this particular index is used in other federal lending regulations such as the Home Mortgage Disclosure Act (HMDA). 70 FR 12148 (Mar. 11, 2005). See 12 U.S.C. 2808; 12 CFR 203.2(e)(1). On March 22, 2007, and effective July 1, 2007, the Office of Thrift Supervision (OTS), the agency responsible for regulating savings associations, adopted an annual adjustment formula consistent with that of the other federal banking agencies in its CRA rule set forth at 12 CFR part 563e. 72 FR 13429 (Mar. 22, 2007). Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act),¹ and effective July 21, 2011, rulemaking authority for federal and state savings associations was transferred from the OTS to the OCC, and the OCC subsequently republished, at 12 CFR part 195, the CRA regulations applicable to those institutions.² In addition, the Dodd-Frank Act transferred responsibility for supervision of savings and loan holding companies and their non-depository subsidiaries from the OTS to the Board, and the Board subsequently amended its CRA regulation to reflect this transfer of supervision authority.³

The threshold for small banks and small savings associations was revised most recently effective January 1, 2012 (76 FR 79529 (Dec. 22, 2011)). The CRA regulations, effective January 1, 2012, provided that banks and savings associations that, as of December 31 of either of the prior two calendar years, had assets of less than \$1.160 billion are small banks or small savings associations. Small banks and small savings associations with assets of at least \$290 million as of December 31 of both of the prior two calendar years and less than \$1.160 billion as of December 31 of either of the prior two calendar years are intermediate small banks or intermediate small savings associations. 12 CFR 25.12(u)(1), 195.12(u)(1), 228.12(u)(1), and 345.12(u)(1). This joint final rule further revises these thresholds.

During the period ending November 2012, the CPIW increased by 2.23 percent. As a result, the agencies are revising 12 CFR 25.12(u)(1), 195.12(u)(1), 228.12(u)(1), and

345.12(u)(1) to make this annual adjustment. Beginning January 1, 2013, banks and savings associations that, as of December 31 of either of the prior two calendar years, had assets of less than \$1.186 billion are small banks or small savings associations. Small banks or small savings associations with assets of at least \$296 million as of December 31 of both of the prior two calendar years and less than \$1.186 billion as of December 31 of either of the prior two calendar years are intermediate small banks or intermediate small savings associations. The agencies also publish current and historical asset-size thresholds on the Web site of the Federal Financial Institutions Examination Council at <http://www.ffiec.gov/cra/>.

Administrative Procedure Act and Effective Date

Under 5 U.S.C. 553(b)(B) of the Administrative Procedure Act (APA), an agency may, for good cause, find (and incorporate the finding and a brief statement of reasons therefore in the rules issued) that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest.

The amendments to the regulations to adjust the asset-size thresholds for small and intermediate small banks and savings associations result from the application of a formula established by a provision in the respective CRA regulations that the agencies previously published for comment. See 70 FR 12148 (Mar. 11, 2005), 70 FR 44256 (Aug. 2, 2005), 71 FR 67826 (Nov. 24, 2006), and 72 FR 13429 (Mar. 22, 2007). Sections 25.12(u)(1), 195.12(u)(1), 228.12(u)(1), and 345.12(u)(1) are amended by adjusting the asset-size thresholds as provided for in §§ 25.12(u)(2), 195.12(u)(2), 228.12(u)(2), and 345.12(u)(2).

Accordingly, since the agencies' rules provide no discretion as to the computation or timing of the revisions to the asset-size criteria, the agencies have determined that publishing a notice of proposed rulemaking and providing opportunity for public comment are unnecessary.

The effective date of this joint final rule is January 1, 2013. Under 5 U.S.C. 553(d)(3) of the APA, the required publication or service of a substantive rule shall be made not less than 30 days before its effective date, except, among other things, as provided by the agency for good cause found and published with the rule. Because this rule adjusts asset-size thresholds consistent with the procedural requirements of the CRA rules, the agencies conclude that it is

not substantive within the meaning of the APA's delayed effective date provision. Moreover, the agencies find that there is good cause for dispensing with the delayed effective date requirement, even if it applied, because their current rules already provide notice that the small and intermediate small asset-size thresholds will be adjusted as of December 31 based on twelve-month data as of the end of November each year.

Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) does not apply to a rulemaking where a general notice of proposed rulemaking is not required. 5 U.S.C. 603 and 604. As noted previously, the agencies have determined that it is unnecessary to publish a general notice of proposed rulemaking for this joint final rule. Accordingly, the RFA's requirements relating to an initial and final regulatory flexibility analysis do not apply.

Paperwork Reduction Act of 1995

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506; 5 CFR 1320), the agencies reviewed this final rule. No collections of information pursuant to the Paperwork Reduction Act are contained in the final rule.

Unfunded Mandates Reform Act of 1995

Section 202 of the Unfunded Mandates Reform Act of 1995, 2 U.S.C. 1532 (Unfunded Mandates Act), requires that an agency must prepare a budgetary impact statement before promulgating any final rule for which a general notice of proposed rulemaking was published. As discussed above, the agencies have determined that the publication of a general notice of proposed rulemaking is unnecessary. Accordingly, this joint final rule is not subject to section 202 of the Unfunded Mandates Act.

COMMODITY FUTURES TRADING COMMISSION

17 CFR Part 1

RIN 3038–AD53

Adaptation of Regulations To Incorporate Swaps—Records of Transactions

AGENCY: Commodity Futures Trading Commission.

ACTION: Final rules.

SUMMARY: The Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act” or “DFA”) established a comprehensive new statutory framework for swaps and security-based swaps. The Dodd-Frank Act repeals some sections of the Commodity Exchange Act (“CEA” or “Act”), amends others, and adds a number of new provisions. The DFA also requires the Commodity Futures Trading Commission (“CFTC” or “Commission”) to promulgate a number of rules to implement the new framework. The Commission has proposed and finalized numerous rules to satisfy its obligations under the DFA. This final rulemaking makes certain conforming amendments to recordkeeping provisions of regulations 1.31 and 1.35(a) to integrate these regulations more fully with the new framework created by the Dodd-Frank Act.¹ This final rulemaking requires futures commission merchants (“FCMs”), certain introducing brokers (“IBs”), retail foreign exchange dealers (“RFEDs”) and certain other registrants

¹ All Commission regulations are in Chapter I of Title 17 of the CFR.
