

**Additions**

On 10/12/2012 (77 FR 62219–62220), 10/19/2012 (77 FR 64326–64327) and 10/26/2012 (77 FR 65365), the Committee for Purchase From People Who Are Blind or Severely Disabled published notices of proposed additions to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the services and impact of the additions on the current or most recent contractors, the Committee has determined that the services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

*Regulatory Flexibility Act Certification*

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will provide the services to the Government.

2. The action will result in authorizing small entities to provide the services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the services proposed for addition to the Procurement List.

*End of Certification*

Accordingly, the following services are added to the Procurement List:

*Services*

*Service Type/Location:* Recycling Services, Hart-Dole-Inouye Federal Center, 74 North Washington Avenue, Battle Creek, MI

*NPA:* Navigations, Inc., Battle Creek, MI

*Contracting Activity:* General Services Administration, Public Buildings Service, Property Management Service Center, Detroit, MI

*Service Type/Location:* Contract Closeout Service, Architect of the Capitol, Acquisitions & Material Mgmt. Div., Ford House Office Building, H2–263, Washington, DC

*NPA:* ServiceSource, Inc., Alexandria, VA

*Contracting Activity:* Architect of the Capitol, Washington, DC

*Service Type/Location:* Mess Attendant Services, 128th Air Refueling Wing, Wisconsin Air National Guard (WI ANG) Dining Facility, Bldg. 611, 1919 E Grange Ave., Milwaukee, WI

*NPA:* Easter Seals Southeast Wisconsin, Inc., South Milwaukee, WI

*Contracting Activity:* Dept of the Army, W7N8 USPFO Activity WI ARNG, Camp Douglas, WI

*Service Type/Location:* Custodial Service, U.S. Government Accountability Office (GAO) Field Office, 2196 D Street—Area B, Bldg. 39, Wright-Patterson AFB, Dayton, OH

*NPA:* Goodwill Easter Seals Miami Valley, Dayton, OH

*Contracting Activity:* U.S. Government Accountability Office (GAO), Except Comptroller General, GAO Acquisition

Management, Washington, DC

201 12TH STREET SOUTH, STE 203  
ARLINGTON, VA 22202-5408

DEC 10 2012

The Honorable John A. Boehner  
Speaker of the House  
U.S. House of Representatives  
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 12-68, concerning the Department of the Navy's proposed Letter(s) of Offer and Acceptance to Japan for defense articles and services estimated to cost \$421 million. After this letter is delivered to your office, we plan to issue a press statement to notify the public of this proposed sale.

Sincerely,

*William E. Landay, III*  
William E. Landay, III  
Vice Admiral, USN  
Director

Transmittal No. 12-68

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as Amended

(i) *Prospective Purchaser:* Japan

(ii) *Total Estimated Value:*

|                              |               |
|------------------------------|---------------|
| Major Defense Equipment* ... | \$ 0 million  |
| Other .....                  | \$421 million |
| Total .....                  | \$421 million |

(iii) *Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:* For the upgrade of previously provided AEGIS Combat Systems as part of the modernization of two ATAGO Class Ships (DDG-177 ATAGO and DDG-178 ASHIGARA) with Integrated Air Missile Defense capability. The modifications/replacements consist of the following components: J6 AEGIS Weapon System Computer Program, 2 Multi-Mission Signal Processors for existing AN/SPY-1D(V) radar, 2 Common Processor

Systems, 2 ship sets Common Display Systems (44 OJ-827(V)1 Tri Screen Display Consoles, 8 Display Processor Cabinets, 2 Video Wall Screen and Projector Systems, 46 Flat Panel Displays, and 2 Distributed Video Systems), 2 ship sets AN/SPQ-15 Digital Video Distribution Systems, 2 ship sets Operational Readiness Test Systems hosted in AEGIS Weapon Systems computing infrastructure, Ballistic Missile Defense (Mission Planner Blade server processors hosted in CPS, and 2 Kill Assessment Systems/

Weapon Data Recording Cabinets), Vertical Launching System MK41 upgrade to Baseline 7 (24 Motor Control Panels MK 448 Mod 1, 48 Programmable Power4 Supplies MK 179 Mod 0, and 24 Launch Sequencers MK 5 Mod 1, 4 Fiber Optic Distribution Boxes, and 24 Single Module Junction Boxes), 4 Launch Control Units MK 235 Mod 7 with Global Positioning System Integrator, 2 ship sets Gun Weapon Systems MK 34, and 2 ship sets MK 20 Electro-Optical Sensor Systems. Also included: Software updates, ordnance alterations and engineering changes, spare and repair parts, support equipment, tools and test equipment, technical data and publications, personnel training and training equipment, U.S. Government and contractor engineering, technical, and logistics support services, and other related elements of logistics support.

(iv) *Military Department: Navy (LYJ)*

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: None*

\* as defined in Section 47(6) of the Arms Export Control Act.

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: See Attached Annex*

(viii) *Date Report Delivered to Congress: 10 Dec 2012*

#### POLICY JUSTIFICATION

##### Japan—AEGIS WEAPON SYSTEM UPGRADE

The Government of Japan has requested a possible sale for the upgrade of previously provided AEGIS Combat Systems as part of the modernization of two ATAGO Class Ships (DDG-177 ATAGO and DDG-178 ASHIGARA) with Integrated Air Missile Defense capability. The modifications/replacements consist of the following components: J6 AEGIS Weapon System Computer Program, 2 Multi-Mission Signal Processors for existing AN/SPY-1D(V) radar, 2 Common Processor Systems, 2 ship sets Common Display Systems (44 OJ-827(V)1 Tri Screen Display Consoles, 8 Display Processor Cabinets, 2 Video Wall Screen and Projector Systems, 46 Flat Panel Displays, and 2 Distributed Video Systems), 2 ship sets AN/SPQ-15 Digital Video Distribution Systems, 2 ship sets Operational Readiness Test Systems hosted in AEGIS Weapon Systems computing infrastructure, Ballistic Missile Defense (Mission Planner Blade server processors hosted in CPS, and 2 Kill Assessment Systems/

Weapon Data Recording Cabinets), Vertical Launching System MK41 upgrade to Baseline 7 (24 Motor Control Panels MK 448 Mod 1, 48 Programmable Power4 Supplies MK 179 Mod 0, and 24 Launch Sequencers MK 5 Mod 1, 4 Fiber Optic Distribution Boxes, and 24 Single Module Junction Boxes), 4 Launch Control Units MK 235 Mod 7 with Global Positioning System Integrator, 2 ship sets Gun Weapon Systems MK 34, and 2 ship sets MK 20 Electro-Optical Sensor Systems. Also included: Software updates, ordnance alterations and engineering changes, spare and repair parts, support equipment, tools and test equipment, technical data and publications, personnel training and training equipment, U.S. Government and contractor engineering, technical, and logistics support services, and other related elements of logistics support. The estimated cost is \$421 million.

Japan is one of the major political and economic powers in East Asia and the Western Pacific and a key ally of the United States in ensuring the peace and stability of this region. The U.S. Government shares bases and facilities in Japan. This proposed sale is consistent with U.S. objectives and with the 1960 Treaty of Mutual Cooperation and Security.

The proposed sale of AEGIS components to Japan will contribute to U.S. security objectives by providing a significantly improved Air Warfare capability. This sale will enhance Japan's Ballistic Missile Defense (BMD) capabilities by modernizing and upgrading the AEGIS technology on its two Atago-class destroyers. The Government of Japan can easily integrate the capabilities of these upgraded AEGIS Weapon Systems into its concept of operations. Japan will have no difficulty absorbing these systems into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin MS2 in Mooretown, New Jersey. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require multiple trips to Japan involving six U.S. Government and ten contractor representatives for technical reviews/support, programs management, and training over a period of three years.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 12-68

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as Amended Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. AEGIS Weapon System (AWS) hardware is Unclassified. The software, documentation, combat system training, and technical services/documentation will be provided up to and including Secret. Access to the manuals and technical documents is limited to those for whom the manuals and documents are necessary for operational use and organizational maintenance. AWS Baseline 9 requires modernization of the installed AEGIS combat system hardware to include Common Display System, Common Processing System, and Multi-Mission Signal Processor and is Unclassified.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

## DEPARTMENT OF DEFENSE

### Office of the Secretary

[Docket ID DOD-2012-OS-0168]

### Proposed Collection; Comment Request

**AGENCY:** Department of Defense (DoD), DoD Chief Information Officer (DoD CIO).

**ACTION:** Notice.

In compliance with Section 3506(c)(2)(A) of the *Paperwork Reduction Act of 1995*, the DoD CIO announces a proposed extension of a public information collection and seeks public comment on the provisions thereof. Comments are visited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the
