SUPPLEMENTARY INFORMATION: An employee group health benefit plan or its issuer that imposes a preexisting condition exclusion period must give, as part of any enrollment application, an employee eligible for coverage a general notice that describes the plan's preexisting condition exclusion—including that the plan will reduce the maximum exclusion period by the length of an employee's prior creditable coverage. If there are no such enrollment materials, the notice must be provided as soon after a request for enrollment as is reasonably possible. The EBSA has provided sample language for the general notice. See 29 CFR 2590.701–3(c).

A plan that uses the alternative method of crediting coverage provided in the applicable regulations must disclose the use of that method at the time of enrollment and describe how the method operates. The plan must also explain that a participant has a right to establish prior creditable coverage through a certificate or other means and to request a certificate of prior coverage from a prior plan or issuer. Finally, a plan or issuer must offer to assist the participant in obtaining a certificate from a prior plan or issuer, if necessary. See 29 CFR 2590.701–4(c)(4).
