General Services Administration Acquisition Regulation (GSAR); Industrial Funding Fee (IFF) and Sales Reporting

AGENCY: Office of Acquisition Policy, General Services Administration.

ACTION: Proposed rule.

SUMMARY: The General Services Administration (GSA) is proposing to amend the General Services Administration Acquisition Regulation (GSAR) to revise the GSAR clause and to address the use of the Industrial Funding Fee (IFF) under the Multiple Award Schedules (MAS) Program. The proposed revisions will reflect the current use of the IFF to include the ability to offset losses in other Federal Acquisition Service (FAS) programs and fund initiatives that benefit other FAS programs. This change will benefit GSA and the MAS Program by facilitating transparency and open government, and more accurately define the current MAS Program operations while simultaneously complying with the recommendations of the GSA Office of Inspector General (OIG). This proposed rule is part of the General Services Administration Acquisition Management (GSAM) rewrite Project, in which all parts of the regulation are being reviewed and updated to include new statutes, legislation, policies, and to delete outdated information and obsolete forms.

DATES: Interested parties should submit written comments to the Regulatory Secretariat on or before February 26, 2013 to be considered in the formulation of the final rule.

SUPPLEMENTARY INFORMATION:

A. Background

GSA is proposing to amend the GSAR to update the text addressing GSAR Part 552, Solicitation Provisions and Contract Clauses at 552.238–74 Industrial Funding Fee and Sales Reporting.

Currently, the language contained in the IFF Clause, GSAR 552.238–74, under subsection (b)(2) states “* * * * The IFF reimburses the Federal Supply Service for the costs of operating the Federal Supply Schedules Program and recoups its operating costs from Federal customers. Additionally, GSA is communicating to MAS Program revenue may extend beyond programs. Essentially, use of MAS losses in other FAS programs or funding the MAS Program, including offsetting the information collection requirement concerning 3090–0121, Industrial Funding Fee and Sales Reporting, to the Office of Management and Budget. The proposed rule described herein, of amending the IFF clause for clarification, does not affect the estimate of information collection burden.

Annual Reporting Burden

Public reporting burden for this collection of information is estimated to average .0833 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection information.

The annual reporting burden is estimated as follows:

Respondents: 19,000
Responses per Respondent: 4
Total Responses: 76,000
Hours per Response: .0833
Total Burden Hours: 6,330.80

Request for Comments Regarding Paperwork Burden

Submit comments, including suggestions for reducing this burden, not later than February 26, 2013 TO: GSAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the General Services Administration, Regulatory Secretariat (MVCB), ATTN: Hada Flowers, 1275 First Street NE., 7th Floor, Washington, DC 20417.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the GSAR, and will have practical utility; whether our estimate of the public burden of the collection of information is accurate and based on valid assumptions and methodology; ways to enhance the quality, utility and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

A requester may obtain a copy of the supporting statement from the General Services Administration, Regulatory Secretariat (MVCB), 1275 First Street NE., 7th Floor, Washington, DC 20417. Please cite OMB Control Number 3090–0121, Industrial Funding Fee and Sales Reporting, in correspondence.

This proposed rule complies with the recommendations of the OIG Report, and facilitates transparency and open government, as well as more accurately reflects the current MAS Program relative to use of the IFF. This action is separate and apart from GSA’s recent announcement that it will review and develop recommendations on the overall fee structure for the MAS Program in an effort to create savings for GSA customers.

B. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

C. Regulatory Flexibility Act

The General Services Administration does not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because the proposed rule clarifies GSA’s use of the IFF under the MAS Program, consistent with the GSA Modernization Act and the recommendation of the OIG. This rule does not require implementation of any changes on the part of businesses, large or small doing business with GSA. An Initial Regulatory Flexibility Analysis has, therefore, not been performed. We invite comments from small businesses and other interested parties on the expected impact of this rule on small entities. GSA will consider comments from small entities concerning the affected GSAR Part in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 601, et seq. (GSAR Case 2012–G503), in correspondence.

D. Paperwork Reduction Act

The Paperwork Reduction Act (44 U.S.C. Chapter 35) applies because the proposed rule contains information collection requirements relating to the collection of the Industrial Funding Fee. This information collection lapsed on March 9, 2010 and accordingly, the Regulatory secretariat will submit a request for approval of a reinstatement of the information collection burden.

The IFF reimburses FAS for the costs of operating the Federal Supply Schedules Program. FAS recoups its operating costs from ordering activities as set forth in 40 U.S.C. 321: Acquisition Services Fund. Net operating results generated by the IFF are also applied to offset losses or fund initiatives benefitting other FAS programs, in accordance with 40 U.S.C. 321.
