

EHDI-PALS is a project conceptualized by the CDC-EHDI team with input from an advisory group of external partners. EHDI-PALS workgroup has broad representation from American Speech-Language-Hearing Association (ASHA), American Academy of Audiology (AAA), Joint Committee on Infant Hearing (JCIH), National Centre for Hearing Assessment and Management (NCHAM), Directors of Speech and Hearing Programs in State Health & Welfare Agencies (DSHPHWA), Healthcare Resources and Services Administration (HRSA), University of Maine Center for Research and Evaluation, and Hands & Voices (H&V). Meeting since April 2010, the EHDI-PALS workgroup has sought consensus on the loss to follow up/loss to documentation issue facing the EHDI programs. A survey, based on standard of care practice, was developed for state EHDI programs to quantify the pediatric audiology resource distribution within

their state, particularly audiology facilities that are equipped to provide follow up services for children age 5 and younger. The survey will also capture how often providers report diagnostic hearing test results to their state EHDI jurisdiction.

CDC is requesting OMB approval to collect audiology facility information from audiologists or facility managers over a one-year period. The survey will allow CDC-EHDI team and state EHDI programs to compile a systematic, quantifiable distribution of audiology facilities and the capacity of each facility to provide services for children age 5 and younger. The data collected will also allow the CDC-EHDI team to analyze facility distribution data to improve technical assistance to State EHDI programs.

Respondents will all be audiologists who manage a facility or provide audiologic care for children age 5 and younger. Based on calculation from

ASHA's biannual membership survey (available in ASHA.org) we estimate approximately 1500 audiologists will respond to the survey. To minimize burden and improve convenience, the survey will be available via a secure password protected Web site. Placing the survey on the Internet ensures convenient, on-demand access by the audiologists. Financial cost is minimized because no mailing fee will be associated with sending or responding to this survey.

It is estimated that potentially 2000 audiologists will read through the purpose statement of this survey located on page one to decide whether or not to complete the survey. It is estimated that potentially 1500 audiologists will complete the survey, which will average 9 minutes per respondent. The estimated annual burden is 258 hours. There are no costs to respondents other than their time.

ESTIMATED ANNUALIZED BURDEN HOURS

Respondents	Form Name	Number of Respondents	Number of Responses per Respondent	Average Burden per Response (in minutes)
Audiologists	survey introduction survey	2000	1	1/60
Audiologists	survey introduction survey	1500	1	9/60

Dated: December 20, 2011.

Ron A. Otten,

Director, Office of Scientific Integrity (OSI), Office of the Associate Director for Science (OADS), Office of the Director, Centers for Disease Control and Prevention.

BILLING CODE P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA-2012-0033; OMB No. 1660-0082]

Agency Information Collection Activities: Proposed Collection; Application for Community Disaster Loan Cancellation; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal

agencies to take this opportunity to comment on an extension of a currently approved collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning Community Disaster Loans (CDLs) offered to local governments that have suffered substantial losses of taxes or other revenues as a result of a major disaster or emergency. FEMA shall cancel repayment of all or part of a Community Disaster Loan if, as a result of the disaster, the revenues of the local government during the full three fiscal year period following the disaster are insufficient to meet the local government's operating budget.

DATES: Comments must be submitted on or before February 26, 2013.

ADDRESSES: To avoid duplicate submissions to the docket, please use only one of the following means to submit comments:

(1) *Online.* Submit comments at www.regulations.gov under Docket ID FEMA-2010-0033. Follow the instructions for submitting comments.

(2) *Mail.* Submit written comments to Docket Manager, Office of Chief Counsel, DHS/FEMA, 500 C Street SW.,

Room 835, Washington, DC 20472-3100.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy Act notice that is available on the homepage of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Victor Kurz, Program Manager, Community Disaster Loans, Technology and Support Branch, Public Assistance Program, Recovery Directorate, 202-646-7947. You may contact the Records Management Division for copies of the proposed collection of information at facsimile number (202) 646-3347 or email address: FEMA-Information-Collections-Management@dhs.gov.

SUPPLEMENTARY INFORMATION: The Community Disaster Loan (CDL) Program is authorized by section 417 of the Disaster Relief Act of 1974 (Pub. L. 93-288), as amended by the Robert T.

Stafford Disaster Relief and Emergency Act of 1988 (Pub. L. 100-707), and implemented by FEMA regulation 44 CFR, subpart K, Community Disaster Loans. Community Disaster Loans, section 206.366. The CDL Program offers loans to local governments that have suffered a substantial loss of tax or other revenues as a result of a major disaster or emergency and demonstrates a need for Federal financial assistance in order to perform their governmental functions.

Collection of Information

Title: Application for Community Disaster Loan Cancellation.

Type of Information Collection: Extension, without change, of a currently approved collection.

FEMA Forms: FEMA Form 009-0-15.

Abstract: Local governments may submit an Application for Loan Cancellation through the Governor's Authorized Representative to the FEMA Regional Administrator prior to the expiration date of the loan. FEMA has the authority to cancel repayment of all or part of a Community Disaster Loan or a Special Community Disaster Loan to the extent that a determination is made that revenues of the local government during the three fiscal years following the disaster are insufficient to meet the operating budget of that local government because of disaster related revenue losses and additional non-reimbursable disaster-related municipal operating expenses. Operating budget means actual revenues and expenditures of the local government as published in the official financial statements of the local government.

Affected Public: State, Local or Tribal Government.

Number of Respondents: 27.

Number of Responses: 27.

Estimated Total Annual Burden Hours: 1 hour.

Estimated Cost: There are no recordkeeping, capital, start-up or maintenance costs associated with this information collection.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and

clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Dated: December 17, 2012.

Charlene D. Myrthil,

Director, Records Management Division, Mission Support Bureau, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9111-23-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2012-0003]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final Notice.

SUMMARY: New or modified Base (1% annual-chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or the regulatory floodway (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities. The flood hazard determinations modified by each LOMR will be used to calculate flood insurance premium rates for new buildings and their contents.

DATES: The effective date for each LOMR is indicated in the table below.

ADDRESSES: Each LOMR is available for inspection at both the respective Community Map Repository address listed in the table below and online through the FEMA Map Service Center at www.msc.fema.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov; or visit

the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Associate Administrator for Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The new or modified flood hazard determinations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

These new or modified flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

These new or modified flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings, and for the contents in those buildings. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at www.msc.fema.gov.
