[Investigation No. 337-TA-805]

Certain Devices for Improving Uniformity Used in a Backlight Module and Components Thereof and Products Containing Same; Commission Decision To Review a Final Initial Determination Finding No Violation of Section 337; Remand-in-Part of the Investigation to the Administrative Law Judge

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review the presiding administrative law judge's ("ALJ") final initial determination ("ID") issued on October 22, 2012, finding no violation of section 337 of the Tariff Act of 1930, (as amended), 19 U.S.C. 1337 ("section 337"), in the above-captioned investigation. The Commission has also determined to remand-in-part the investigation to the ALJ.

FOR FURTHER INFORMATION CONTACT: Megan M. Valentine, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 708-2301. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's

electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on September 14, 2011, based on a complaint filed by Industrial Technology Research Institute of Hsinchu, Taiwan and ITRI International Inc. of San Jose, California (collectively "ITRI"). 76 FR 56796-97 (Sept. 14, 2011). The complaint alleges violations of section 337 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain devices for improving uniformity used in a backlight module and components thereof and products containing same by reason of infringement of certain claims of U.S. Patent No. 6,883,932 ("the '932 patent"). The complaint further alleges the existence of a domestic industry. The Commission's notice of investigation named as respondents LG Corporation of Seoul, Republic of South Korea; LG Electronics, Inc. of Seoul, Republic of South Korea; and LG Electronics, U.S.A., Inc. of Englewood Cliffs, New Jersey. The Office of Unfair Import Investigation was named as a participating party. The complaint was later amended to add respondents LG Display Co., Ltd. of Seoul, Republic of South Korea and LG Display America, Inc. of San Jose, California to the investigation. Notice (Feb. 2, 2012); Order No. 11 (Jan. 19, 2012). The Commission later terminated LG Corporation from the investigation. Notice (July 13, 2012); Order No. 18 (June 22, 2012).

On October 22, 2012, the ALJ issued his ID, finding no violation of section 337 as to the '932 patent. The ID included the ALJ's recommended determination ("RD") on remedy and bonding. In particular, the ALJ found that claims 6, 9 and 10 of the '932 patent are not infringed literally or under the Doctrine of Equivalents by the accused products under his construction of the claim limitation "structured arc sheet" found in claim 6. The ALJ also found that ITRI's domestic industry product does not satisfy the technical prong of the domestic industry requirement. The ALJ did find, however, that ITRI has satisfied the economic prong of the domestic industry requirement under 19 U.S.C. 1337(a)(3)(A) and (B). Because he found no infringement and no domestic industry, the ALJ did not reach the issues of patent validity or
