report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: To evaluate the overall success of its research program, NIDRR assesses the quality of its funded projects through review of grantee performance and products. Each year, NIDRR examines a portion of its SBIR grantees to determine the percentage of NIDRR-funded grant applications that receive an average peer review score of 85 or higher.

Department of Education program performance reports, which include information on NIDRR programs, are available on the Department’s Web site: www.ed.gov/about/offices/list/opepd/sas/index.html.

5. Continuation Awards: In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made “substantial progress toward meeting the objectives in its approved application.” This consideration includes the review of a grantee’s progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The MSAP provides grants to eligible local educational agencies (LEAs) and consortia of LEAs to support magnet schools under an approved desegregation plan—either a required plan or voluntary plan—that is adequate under Title VI of the Civil Rights Act, which prohibits discrimination on the basis of race, color, or national origin. By supporting the development and implementation of magnet schools that reduce, eliminate, or prevent minority group isolation, these program resources can be used in pursuit of the objectives of the Elementary and Secondary Education Act of 1965, as amended (ESEA), which supports State and local efforts to enable all elementary and secondary school students to achieve high standards and which holds schools, LEAs, and States accountable for ensuring that their students do so. In particular, the MSAP provides an opportunity for eligible entities to expand their capacity to provide public school choice to students who attend low-performing schools.

Priorities: This competition includes four competitive preference priorities that are described in the following paragraphs.

Competitive Preference Priorities: In accordance with 34 CFR 75.105(b)(2)(ii), Competitive Preference Priorities 1, 2, and 3 are from the regulations for this program (34 CFR 280.32). Competitive Preference Priority 4 is from the Notice of Final Supplemental Priorities and Definitions for Discretionary Grant Programs, published in the Federal Register on December 15, 2010 (75 FR 78486), and corrected on May 12, 2011 (76 FR 27637).

For FY 2013 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Under 34 CFR 280.30(f) we will award up to 30 additional points to an application, depending on how well the applicant addresses Competitive Preference Priorities 1, 2, and 3. Under 34 CFR 75.105(c)(2)(i) we will award up to an additional 10 points to an application, depending on how well the application addresses Competitive Preference Priority 4. Together, depending on how
well the application meets these priorities, a total of 40 points will be awarded. Applicants may apply under any or all competitive preference priorities. The maximum possible points for each competitive preference priority are indicated in parentheses following the name of the priority. These points are in addition to any points the application earns under the selection criteria in this notice.

These priorities are:

Priority 1—Need for assistance (up to 10 additional points). The Secretary evaluates the applicant’s needs for assistance by considering—
(a) The costs of fully implementing the magnet schools project as proposed;
(b) The resources available to the applicant to carry out the project if funds under the program were not provided;
(c) The extent to which the costs of the project exceed the applicant’s resources; and
(d) The difficulty of effectively carrying out the approved plan and the project for which assistance is sought, including consideration of how the design of the magnet schools project—e.g., the type of program proposed, the location of the magnet school within the LEA—impacts on the applicant’s ability to successfully carry out the approved plan.

Priority 2—New or revised magnet schools projects (up to 10 additional points). The Secretary determines the extent to which the applicant proposes to carry out new magnet schools projects or significantly revise existing magnet schools projects.

Priority 3—Selection of students (up to 10 additional points). The Secretary determines the extent to which the applicant proposes to select students to attend magnet schools by methods such as lottery, rather than through academic examination.

Priority 4—Promoting Science, Technology, Engineering, and Mathematics (STEM) Education (up to 10 additional points). Projects that are designed to address one or more of the following priority areas:
(a) Providing students with increased access to rigorous and engaging coursework in STEM.
(b) Increasing the opportunities for high-quality preparation of, or professional development for, teachers or other educators of STEM subjects.

Note: Additional background information pertaining to this priority can be found in the Notice of Final Supplemental Priorities and Definitions for Discretionary Grant Programs published in the Federal Register on December 15, 2010 (75 FR 78486), and corrected on May 12, 2011 (76 FR 27637).

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 80, 81, 82, 84, 97, 98, and 99. (b) The Education Department suspension and debarment regulations in 2 CFR part 3485. (c) The regulations for this program in 34 CFR part 280. (d) The Notice of Final Supplemental Priorities and Definitions for Discretionary Programs, published in the Federal Register on December 15, 2010 (75 FR 78486), and corrected on May 12, 2011 (76 FR 27637).

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds

The Administration has requested $99,611,000 for the MSAP for FY 2013, of which we intend to use an estimated $96,622,670 for awards under this competition. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications to allow enough time to complete the grant process before the end of the current fiscal year, if Congress appropriates funds for this program.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2014 from the list of unfunded applicants from this competition.

Estimated Range of Awards: $350,000–$4,000,000 per year.

Estimated Average Size of Awards: $2,500,000 per year.

Maximum Award: Under section 5309(c) of the ESEA, no MSAP grantee may receive more than $4,000,000 in program funds for any single fiscal year. We will not fund any application at an annual amount exceeding this maximum amount. We may choose not to further review an application with a budget request for any 12-month budget period that exceeds this maximum amount, if we conclude during our initial review of the application that the proposed goals and objectives cannot be attained without exceeding the maximum amount.

Estimated Number of Awards: 40.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 36 months.

III. Eligibility Information

1. Eligible Applicants: LEAs or consortia of LEAs implementing a desegregation plan as specified in section III.3.

2. Cost Sharing or Matching: This program does not involve cost sharing or matching.

3. Other: Applicants must submit with their applications one of the following types of desegregation plans to establish eligibility to receive MSAP assistance: (a) A desegregation plan required by a court order; (b) a desegregation plan required by a State agency or an official of competent jurisdiction; (c) a desegregation plan required by the Office for Civil Rights (OCR), United States Department of Education (Department), under Title VI of the Civil Rights Act of 1964 (Title VI); or (d) a voluntary desegregation plan adopted by the applicant and submitted to the Department for approval as part of the application. Under the MSAP regulations, applicants are required to provide all of the information required in 34 CFR 280.20(a) through (g) in order to satisfy the civil rights eligibility requirements found in 34 CFR 280.2(a)(2) and (b).

In addition to the particular data and other items for required and voluntary desegregation plans described in the application package, an application must include—
• Projected enrollment by race and ethnicity for magnet and feeder schools;
• Signed civil rights assurances (including in the application package); and
• An assurance that the desegregation plan is being implemented or will be implemented if the application is funded.

Required Desegregation Plans

1. Desegregation plans required by a court order. An applicant that submits a desegregation plan required by a court order must submit complete and signed copies of all court documents demonstrating that the magnet schools are a part of the approved desegregation plan. Examples of the types of documents that would meet this requirement include a Federal or State court order that establishes specific magnet schools, amendments a previous order or orders by establishing additional or different specific magnet schools, requires or approves the establishment of one or more unspecified magnet schools, or that authorizes the inclusion of magnet schools at the discretion of the applicant.

2. Desegregation plans required by a State agency or official of competent jurisdiction. An applicant submitting a desegregation plan ordered by a State agency or official of competent jurisdiction must provide documentation that shows that the desegregation plan was ordered based upon a determination that State law was
violated. In the absence of this documentation, the applicant should consider its desegregation plan to be a voluntary plan and submit the data and information necessary for voluntary plans.

3. Desegregation plans required by Title VI. An applicant that submits a desegregation plan required by OCR under Title VI must submit a complete copy of the desegregation plan demonstrating that magnet schools are part of the approved plan.

4. Modifications to required desegregation plans. A previously approved desegregation plan that does not include the magnet school or program for which the applicant is now seeking assistance must be modified to include the magnet school component. The modification to the desegregation plan must be approved by the court, agency, or official that originally approved the plan. An applicant that wishes to modify a previously approved OCR Title VI desegregation plan to include different or additional magnet schools must submit the proposed modification for review and approval to the OCR regional office that approved its original plan.

An applicant should indicate in its application if it is seeking to modify its previously approved desegregation plan. However, all applicants must submit proof of approval of all modifications to their plans to the Department by April 1, 2013. Proof of plan modifications should be mailed to the person and address identified under FOR FURTHER INFORMATION CONTACT in section VII of this notice.

Voluntary Desegregation Plans

A voluntary desegregation plan must be approved by the Department each time an application is submitted for funding. Even if the Department has approved a voluntary desegregation plan in an LEA in the past, the desegregation plan must be resubmitted for approval as part of the application.

An applicant’s voluntary desegregation plan must demonstrate how the LEA will reduce, eliminate, or prevent minority group isolation, and demonstrate that the proposed voluntary desegregation plan is adequate under Title VI. For additional guidance on how an LEA can voluntarily reduce minority group isolation and promote diversity in an LEA in light of the Supreme Court’s decision in Parents Involved in Community Schools v. Seattle School District No 1 et al., 551 U.S. 701 (2007), see the December 2, 2011, “Guidance on the Voluntary Use of Race to Achieve Diversity and Avoid Racial Isolation in Elementary and Secondary Schools” (Guidance) available on the Department’s Web site at www.ed.gov/ocr/docs/guidance-ese-201111.pdf.

Complete and accurate enrollment forms and other information as required by the regulations in 34 CFR 280.20(f) and (g) for applicants with voluntary desegregation plans are critical to the Department’s determination of an applicant’s eligibility under a voluntary desegregation plan (specific requirements are detailed in the application package).

Voluntary desegregation plan applicants must submit evidence of school board approval or evidence of other official adoption of the plan as required by the regulations in 34 CFR 280.20(f)(2).

2. Content and Form of Application Submission:

   a. Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition.

Notice of Intent to Apply: The Department will be able to develop a more efficient process for reviewing grant applications if it has a better understanding of the number of entities that intend to apply for funding under this competition. Therefore, the Secretary strongly encourages each potential applicant to notify the Department of the applicant’s intent to submit an application for funding by completing a Web-based form. When completing this form, applicants will provide (1) the applicant organization’s name and address, (2) information on the competitive priority or priorities under which the applicant intends to apply, (3) schools that will be served through the MSAP grant with NCES numbers and grades, and (4) MSAP grant writer. Applicants may access this form online at http://www2.ed.gov/programs/magnet/index.html.

Applicants that do not complete this form may still apply for funding.

Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria and the competitive preference that reviewers use to evaluate your application. You are strongly encouraged to limit the application narrative [Part III] to no more than 100 pages, using the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12-point or larger or no smaller than 10 pitch (characters per inch).
- Use of one of the following fonts is strongly encouraged: Times New Roman, Courier, Courier New, or Arial.
- Include page numbers at the bottom of each page in your narrative.

The suggested page limit does not apply to the Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances, certifications, the desegregation plan and related information, and the forms used to respond to Competitive Preference Priority 2—New or revised magnet schools projects and Competitive Preference Priority 3—Selection of students; or the one-page abstract, the resumes, or letters of support. However, the suggested page limit does apply to all of the application narrative in Part III.
b. Submission of Proprietary Information:

Given the types of projects that may be proposed in applications for the MSAP program an application may include business information that the applicant considers proprietary. The Department’s regulations define “business information” in 34 CFR 5.11. Because we plan to make successful applications available to the public, you may wish to request confidentiality of business information.

Consistent with Executive Order 12600, please designate in your application any information that you feel is exempt from disclosure under Exemption 4 of the Freedom of Information Act. In the appropriate Appendix section of your application, under “Other Attachments Form,” please list the page number or numbers on which we can find this information. We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need accommodation or auxiliary aid in connection with the application process should contact the person listed under FOR FURTHER INFORMATION CONTACT in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual’s application remains subject to all other requirements and limitations in this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, Central Contractor Registry, and System for Award Management: To do business with the Department of Education, you must—

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the Central Contractor Registry (CCR)—and, after July 24, 2012, with the System for Award Management (SAM), the Government’s primary registration database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active CCR or SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day. The CCR or SAM registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days to complete. Information about SAM is available at SAM.gov.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/applicants/get_registered.jsp.

7. Other Submission Requirements: Applications for grants under the Magnet Schools Assistance Program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Magnet Schools Assistance Program, CFDA number 84.165A, must be submitted electronically using the Governmentwide electronic application site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the Magnet Schools Assistance Program at www.Grants.gov. You must search for the downloadable application package for this program Magnet Schools Assistance Program (MSAP 84.165) by the CFDA number. Do not include the CFDA number’s alpha suffix in your search (e.g., search for 84.165, not 84.165A).

Please note the following:

• When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

• Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time submitted and must be date and time.
stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.
- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for the Magnet Schools Assistance Program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department’s G5 system home page at www.G5.gov.
- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.
- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.
- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.
- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).
- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1–800–518–4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.
If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.
If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under FOR FURTHER INFORMATION CONTACT in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we determine that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—
- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system; and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.
- If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.
Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

(1) A private metered postmark.
(2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.165A), 550 12th Street SW., Room 7041, Potomac Center Plaza, Washington, DC 20202–4260.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110. (b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: We have established the following six performance measures for the MSAP:
   (a) The percentage of magnet schools receiving assistance whose student enrollment reduces, eliminates, or prevents minority group isolation.
   (b) The percentage of students from major racial and ethnic groups in magnet schools receiving assistance who score proficient or above on State assessments in reading/language arts.
   (c) The percentage of students from major racial and ethnic groups in magnet schools receiving assistance who score proficient or above on State assessments in mathematics.
   (d) The cost per student in a magnet school receiving assistance.

   (f) The percentage of magnet schools that received assistance that meet the State’s annual measurable objectives and, for high schools, graduation rate targets at least three years after Federal funding ends.

5. Continuation Awards: In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made ‘substantial progress toward meeting the objectives in its approved application.” This consideration includes the review of a grantee’s progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VI. Award Administration Information

Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
