**Section 610 Review of NPDES Permit Regulation and Effluent Limitations Guidelines Standards for Concentrated Animal Feeding Operations (CAFOs); Extension of Comment Period**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Extension of public comment period.

**SUMMARY:** On October 31, 2012 the EPA published a request for comments on a Regulatory Flexibility Act section 610 review titled, Section 610 Review of NPDES Permit Regulation and Effluent Limitations Guidelines Standards for Concentrated Animal Feeding Operations (CAFOs). As initially published in the Federal Register, written comments were to be submitted to the EPA on or before December 31, 2012 (a 60-day public comment period). Since publication, the EPA has received a request for additional time to submit comments. Therefore, the EPA is extending the public comment period for 60 days until March 1, 2013.

**DATES:** The public comment period for the review published October 31, 2012 (77 FR 65840) is being extended for 60 days to March 1, 2013 in order to provide the public additional time to submit comments and supporting information.

Instructions: Direct your comments to Docket ID No. EPA–HQ–OW–2012–0813. The EPA’s policy is that all comments received will be included in the public docket without change and could be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or email. The www.regulations.gov Web site is an “anonymous access” system, which means that the EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to the EPA without going through www.regulations.gov your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, the EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If the EPA cannot read your comment because of technical difficulties and cannot contact you for clarification, the EPA might not be able to consider your comment.

Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about the EPA’s public docket visit the EPA Docket Center homepage at http://www.epa.gov/epahome/dockets.htm. For additional instructions on submitting comments, go to the SUPPLEMENTARY INFORMATION section of this document.

SUPPLEMENTARY INFORMATION:

I. General Information

Section 610 of the Regulatory Flexibility Act requires that an agency review, within 10 years of promulgation, each rule that has or will have a significant economic impact on a substantial number of small entities (SISNOSE). The EPA undertakes section 610 reviews to decide whether the agency should continue a rule unchanged, amend it, or withdraw it. We encourage small entities to provide comments on the need to change these rules, and in particular, how the rules could be made clearer, more effective, or if there is need to remove conflicting or overlapping requirements with other Federal or State regulations.

The EPA promulgated revised regulations for CAFOs on February 12, 2003 (68 FR 7175). The “2003 CAFO Rule” expanded the number of operations covered by the CAFO regulations and included requirements to address the land application of manure from CAFOs. The 2003 CAFO Rule required all CAFOs to seek NPDES permit coverage. The EPA developed a Final Regulatory Flexibility Analysis (FRFA) for the 2003 CAFO Rule. In the 2003 CAFO Rule, the EPA took several steps to minimize its impacts on small businesses, including regulatory revisions designed to focus on the largest producers, eliminating the “mixed” animal calculation for operations with more than a single animal type for determining which AFOs are CAFOs, raising the duck threshold for dry manure handling duck operations, and adopting a dry-litter chicken threshold higher than proposed.

Subsequently, a series of court decisions, the response to these court decisions, the rulemaking have limited the requirement for NPDES permit coverage specifically to CAFOs that discharges. In response to these court decisions, the EPA made revisions to the CAFO regulations in 2008 (73 FR 70418) and 2012 (77 FR 44494). In promulgating the 2008 regulatory revision, the EPA certified that the 2008 rule would not have a significant adverse economic impact on a substantial number of small entities. In promulgating the 2012 regulatory revision, the 2012 rule was not subject to the RFA because the RFA applies only to rules subject to notice and comment rulemaking requirements under the Administrative Procedure Act (APA) or any other statute, and the 2012 rule was not subject to notice and comment requirements. Both rules reduced the potential impact of the EPA’s CAFO regulations on small entities by reducing the universe of CAFOs that must apply for NPDES permits. Although the EPA has made these subsequent revisions to the CAFO regulations, the scope of this 610 review is limited to the impacts on small entities of the 2003 CAFO Rule as amended.

II. Extension of Comment Period for the Section 610 Review of the 2003 CAFO Rule

The EPA is extending the deadline for submitting comments on the section 610 review of the CAFO Rule to March 1, 2013. The original deadline for comments, based on a 60-day comment period, was December 31, 2012. The EPA’s decision responds to a request to extend the comment deadline. The EPA believes that this 60-day extension will assist in providing an adequate amount of additional time for the public to review the action and to provide written comments.

Director, Office of Regulatory Policy and Management.
