60-Day Notice of Intention to Request Clearance of Collection of Information; Special Park Use Applications

AGENCY: National Park Service, Interior.
ACTION: Notice; request for comments.

SUMMARY: We (National Park Service) will ask the Office of Management and Budget (OMB) to approve the information collection (IC) described below. As required by the Paperwork Reduction Act of 1995 and as part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to take this opportunity to comment on this IC. This IC is scheduled to expire on June 30, 2013. We may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: To ensure we are able to consider your comments, we must receive them on or before March 8, 2013.

ADDRESSES: Please send your comments on the IC to Madonna L. Baucum, Information Collection Clearance Officer, National Park Service, 1201 I Street NW., MS 1237, Washington, DC 20005 (mail); or madonna_baucum@nps.gov (email). Please reference “OMB Control Number

1024–0026, Special Park Use Applications” in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: Lee Dickinson, Special Park Uses National Manager, 1849 C St., NW (2465), Washington, DC 20240; via fax at (202) 371–1710; or via email at lee_dickinson@nps.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

Under 16 U.S.C. 1 (National Park Service Act Organic Act), we must preserve America's natural wonders unimpaired for future generations, while also making them available for the enjoyment of the visitor. Meeting this mandate requires that we balance preservation with use. Maintaining a good balance requires both information and limits. In accordance with regulations at 36 CFR parts 1–7, 13, 20, and 34, we issue permits for special park uses. Special park uses cover a wide range of activities including, but not limited to, special events, First Amendment activities, grazing and agricultural use, commercial filming, still photography, construction, and vehicle access.

We currently use Forms 10–930 (Application for Special Use Permit), 10–931 (Application for Commercial Filming/Still Photography Permit (short form)), and 10–932 (Application for Commercial Filming/Still Photography Permit (long form)) to collect information for special use permits. In order to reduce paperwork burden on the public, we are proposing two additional forms, which will require less information than the existing forms:

- Form 10–930S (Application for Special Use Permit (short form)). The short form will reduce the burden on applicants for smaller, less complicated activities, such as small picnics, gatherings, weddings, etc.
- Form 10–933 (Application for Vehicle Use). This new form applies specifically to vehicle access, such as off-road, over-sand, or commercial vehicle access. We will only request information specific to the activity eliminating unneeded information.

The information we collect in the special use applications allows park managers to determine if the requested use is consistent with the laws and NPS regulations referenced above and with the public interest. The park manager must also determine that the requested activity will not cause unacceptable impacts to park resources and values.
