

and MNX options for other options exchanges, and the Exchange believes that harmonizing the standard across options markets will enable market participants to handle trading in NDX and MNX options similarly regardless of which options market in which they are trading.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act²⁴ and Rule 19b-4(f)(6) thereunder.²⁵

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay so that it can list and trade NDX and MNX options with no position limits without delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest.²⁶ The

Commission notes the proposal is substantively identical to prior proposed rule changes and existing rules of other exchanges, and does not raise any new regulatory issues.²⁷ For these reasons, the Commission designates the proposed rule change as operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NYSEArca-2012-140 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSEArca-2012-140. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than

considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68577; File No. SR-Phlx-2012-141]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NASDAQ OMX PHLX LLC Relating to Professional Options Transaction Charges

January 3, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 21, 2012, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend certain electronic Professional³ Options

²⁸ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ The term "Professional" means any person or entity that (i) is not a broker or dealer in securities,

²⁴ 15 U.S.C. 78s(b)(3)(A).

²⁵ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to provide the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has fulfilled this requirement.

²⁶ For purposes only of waiving the 30-day operative delay, the Commission has also

Transaction Charges in Section II⁴ of the Exchange's Pricing Schedule entitled "Multiply Listed Options."

While changes to the Pricing Schedule pursuant to this proposal are effective upon filing, the Exchange has designated the proposed amendment to be operative on January 2, 2013.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Section II of the Exchange's Pricing Schedule to increase the electronic Professional Options Transaction Charges for both Penny Pilot Options⁵

and (ii) places more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s). See Rule 1000(b)(14).

⁴ Section II of the Pricing Schedule includes options overlying equities, ETFs, ETNs, and indexes which are Multiply Listed.

⁵ The Penny Pilot was established in January 2007; and in October 2009, it was expanded and extended through June 30, 2012. See Securities Exchange Act Release Nos. 55153 (January 23, 2007), 72 FR 4553 (January 31, 2007) (SR-Phlx-2006-74) (notice of filing and approval order establishing Penny Pilot); 60873 (October 23, 2009), 74 FR 56675 (November 2, 2009) (SR-Phlx-2009-91) (notice of filing and immediate effectiveness expanding and extending Penny Pilot); 60966 (November 9, 2009), 74 FR 59331 (November 17, 2009) (SR-Phlx-2009-94) (notice of filing and immediate effectiveness adding seventy-five classes to Penny Pilot); 61454 (February 1, 2010), 75 FR 6233 (February 8, 2010) (SR-Phlx-2010-12) (notice of filing and immediate effectiveness adding seventy-five classes to Penny Pilot); 62028 (May 4, 2010), 75 FR 25890 (May 10, 2010) (SR-Phlx-2010-65) (notice of filing and immediate effectiveness adding seventy-five classes to Penny Pilot); 62616 (July 30, 2010), 75 FR 47664 (August 6, 2010) (SR-Phlx-2010-103) (notice of filing and immediate effectiveness adding seventy-five classes to Penny

and non-Penny Pilot Options.⁶ The Exchange believes that increasing the electronic Professional Options Transaction Charges in Penny Pilot and non-Penny Pilot Options will allow the Exchange to compete more effectively. The Exchange also believes that the proposed fees will operate to assist the Exchange in recouping increased costs generally tied to supporting a larger number of options classes, option series and overall transaction volume.

Specifically, the Exchange proposes to increase the electronic Professional Options Transaction Charges for both Penny Pilot Options and non-Penny Pilot Options from \$0.25 to \$0.30 per contract. The Exchange is not proposing to increase the floor Professional Options Transaction Charges or any other electronic Professional transaction charges.

The Exchange also proposes to amend its Pricing Schedule at Section II to add another column to the Professional fees to differentiate electronic and floor fees as it does today with other market participants.⁷ The Exchange also proposes a technical amendment to the Specialist,⁸ Market Maker,⁹ Broker-Dealer¹⁰ and Firm¹¹ transaction fees to correct the Pricing Schedule to note an "N/A" for electronic FLEX¹² and Cabinet¹³ Options pricing instead of

Pilot); 63395 (November 30, 2010), 75 FR 76062 (December 7, 2010) (SR-Phlx-2010-167) (notice of filing and immediate effectiveness extending the Penny Pilot); 65976 (December 15, 2011), 76 FR 79247 (December 21, 2011) (SR-Phlx-2011-172) (notice of filing and immediate effectiveness extending the Penny Pilot); and 67326 (June 29, 2012), 77 FR 40126 (July 6, 2012) (SR-Phlx-2012-86) (notice of filing and immediate effectiveness extending the Penny Pilot). See also Exchange Rule 1034.

⁶ Non-Penny Pilot refers to options classes not in the Penny Pilot.

⁷ Today, the Specialist, Market Maker, Broker-Dealer and Firm fees are differentiated between electronic and firm fees.

⁸ A "Specialist" is an Exchange member who is registered as an options specialist pursuant to Rule 1020(a).

⁹ A "Market Maker" includes Registered Options Traders (Rule 1014(b)(i) and (ii)), which includes Streaming Quote Traders (see Rule 1014(b)(ii)(A)) and Remote Streaming Quote Traders (see Rule 1014(b)(ii)(B)). Directed Participants are also market makers.

¹⁰ Broker-Dealers are assessed a Penny Pilot Options Transaction Charge of \$0.45 per contract for electronic orders and a non-Penny Pilot Options Transaction Charge of \$0.60 for electronic orders.

¹¹ Firms are assessed a Penny Pilot Options Transaction Charge of \$0.40 per contract for electronic orders and a non-Penny Pilot Options Transaction Charge of \$0.45 for electronic orders.

¹² A FLEX option is a customized option that provides parties to the transaction with the ability to fix terms including the exercise style, expiration date, and certain exercise prices. See Exchange Rule 1079. FLEX Options are a trademark of the Chicago Board Options Exchange.

¹³ An "accommodation" or "cabinet" trade refers to trades in listed options on the Exchange that are

\$0.10 per contract. While the \$0.10 per contract fee is noted on the Pricing Schedule, no market participant has been assessed that fee because FLEX and Cabinet Options are transacted on the Exchange's trading floor and are not transacted electronically.¹⁴ The Exchange proposes to note "N/A" for those electronic fees because these types of transactions are not able to be executed electronically on the Exchange and this would correct the Pricing Schedule to reflect no fee is being assessed.

2. Statutory Basis

The Exchange believes that its proposal to amend its Pricing Schedule is consistent with Section 6(b) of the Act¹⁵ in general, and furthers the objectives of Section 6(b)(4) of the Act¹⁶ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members and other persons using its facilities.

The Exchange's proposal to increase the electronic Professional Options Transaction Charges in both Penny Pilot and non-Penny Pilot Options is reasonable because of the greater costs incurred by the Exchange associated with supporting a larger number of options classes, option series and overall transaction volume. Also, the Exchange believes increasing the electronic Professional Options Transaction Charges in both Penny Pilot and non-Penny Pilot Options from \$0.25 to \$0.30 per contract is reasonable because the \$0.05 per contract increase would allow the Exchange to recoup the aforementioned costs while also continuing to assess a Professional a rate that is lower than Broker-Dealer and Firm electronic rates. Also, the increased Professional fees are comparable with electronic Professional fees at other options exchanges.¹⁷

worthless or not actively traded. Cabinet trading is generally conducted in accordance with Exchange Rules, except as provided in Exchange Rule 1059 entitled "Accommodation Trading", which sets forth specific procedures for engaging in cabinet trading below \$1 per option contract. Cabinet or accommodation trading of option contracts is intended to accommodate persons wishing to effect closing transactions in those series of options dealt in on the Exchange for which there is no auction market.

¹⁴ The Exchange's systems do not allow for FLEX or Cabinet transactions to be executed electronically.

¹⁵ 15 U.S.C. 78f(b).

¹⁶ 15 U.S.C. 78f(b)(4).

¹⁷ The Chicago Board Options Exchange Incorporated ("CBOE") assesses professionals and voluntary professionals a \$0.30 per contract transaction fee for electronic orders. See CBOE's Fees Schedule. See also NYSE Amex LLC's ("NYSE Amex") Fee Schedule, which assesses Professional Customers a \$0.32 per contract fee for electronic

Continued

The Exchange's proposal to increase the electronic Professional Options Transaction Charges in both Penny Pilot and non-Penny Pilot Options is equitable and not unfairly discriminatory because Professionals would continue to be assessed lower fees as compared to Broker-Dealers and Firms with respect to electronic options transactions charges. Market Makers and Specialists would be assessed lower fees, both electronic and floor, as compared to Professionals, because Market Makers and Specialists have burdensome quoting obligations¹⁸ to the market which do not apply to Professionals, Customers, Firms and Broker-Dealers. Customers are not assessed Options Transactions Charges in either Penny Pilot or non-Penny Pilot Options because Customer order flow brings liquidity to the market, which in turn benefits all market participants. Broker-Dealers and Firms today pay higher fees as compared to a Professional for electronic transactions and this is not changing. The Professional Options Transaction Charges in both Penny Pilot and non-Penny Pilot Options for non-electronic transactions or floor transactions would remain unchanged.

The Exchange believes that assessing higher electronic Options Transaction Charges in both Penny Pilot and non-Penny Pilot Options of \$0.30 per contract as compared to a floor Options Transaction Charge in both Penny Pilot and non-Penny Pilot Options of \$0.25 per contract is reasonable, equitable and not unfairly discriminatory because these fees recognize the distinction between the floor order entry model and the electronic model and the proposed fees respond to competition along the same lines.¹⁹ Floor participants incur costs associated with accessing the floor, i.e. need for a floor broker, and other costs which are not born by electronic members. Today, the Exchange assesses different fees for electronic as compared to floor transactions for Firms, Broker-Dealers, Specialists and Market Makers in Section II of the Pricing Schedule. The Exchange is proposing to likewise

orders which take liquidity from 1 to 16,999 contracts.

¹⁸ See Exchange Rule 1014 entitled "Obligations and Restrictions Applicable to Specialists and Registered Options Traders."

¹⁹ A transaction resulting from an order that was electronically delivered utilizes Phlx XL II. See Exchange Rules 1014 and 1080. Electronically delivered orders do not include orders transacted on the Exchange floor. A transaction resulting from an order that is non-electronically-delivered is represented on the trading floor by a floor broker. See Exchange Rule 1063. All orders will be either electronically or non-electronically delivered.

distinguish electronic and floor Professional Options Transactions Charges in both Penny and non-Penny Pilot Options. Other options exchanges likewise distinguish floor and electronic fees for Professionals.²⁰ The Exchange believes that the proposed fees are in line with similar fees offered on other exchanges.

The Exchange operates in a highly competitive market, comprised of eleven exchanges, in which market participants can easily and readily direct order flow to competing venues if they deem fee and rebate levels at a particular venue to be excessive.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed electronic Professional Options Transaction Charges in Penny and non-Penny Pilot Options remain competitive with fees at other options exchanges. The Exchange believes that the proposed fees are competitive and do not misalign the differentials currently assessed with respect to other market participants. Market participants can easily and readily direct order flow to competing venues if they deem fee and rebate levels at a particular venue to be excessive. Accordingly, the fees that are assessed and the rebates paid by the Exchange must remain competitive with fees charged and rebates paid by other venues and therefore must continue to be reasonable and equitably allocated to those members that opt to direct orders to the Exchange rather than competing venues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section

²⁰ CBOE assesses a Professional and Voluntary Professional a \$0.25 per contract manual fee in Penny and Non-Penny Classes and assesses a \$0.45 per contract electronic fee in Penny and a \$0.60 per contract electronic fee in Non-Penny Pilot Options. NYSE Amex assesses a \$0.25 per contract fee for manual Professional Customer transactions and a tiered electronic Professional Customer rate starting at \$.32 per contract for electronic orders which take liquidity from 1 to 16,999 contracts.

19(b)(3)(A)(ii) of the Act.²¹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 3468570; File No. SR-ISE-2012-82]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Make Non-Substantive, Technical Corrections to ISE Rules

January 3, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 21, 2012, the International Securities Exchange, LLC (the "Exchange" or "ISE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to make a number of non-substantive, technical corrections to its rules. Examples of such technical corrections include updating ISE rule number citations and cross references, correcting typographical errors, deleting obsolete rule text, and updating references to outdated terms, such as changing references from the National Association of Securities Dealers ("NASD") to Financial Industry

Regulatory Authority ("FINRA"). The text of the proposed rule change is available on the Exchange's Internet Web site at <http://www.ise.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to make a number of non-substantive, technical corrections to its rules. Examples of such technical corrections include updating ISE rule number citations and cross references, correcting typographical errors, deleting obsolete rule text, and updating references to outdated terms, such as changing references from NASD to FINRA. Following is a narrative description of each of the corrections:

- The Table of Contents to the ISE Rules is being amended to reflect that ISE Rule 718 is now "Reserved" since ISE Rule 718 (Accommodation Liquidations (Cabinet Trades)) was deleted.
- The Table of Contents is being amended to make conforming changes to the title of ISE Rule 720 (Obvious and Catastrophic Errors) so that it matches the title as it appears in the rules.
- ISE Rule 210 (Liability for Payment of Fees) is being amended to update an incorrect rule cross-reference number in paragraph (a).
- ISE Rule 312 (Limitation on Affiliation between the Exchange and Members) is being amended to delete references in paragraph (a) to Maple Merger Sub LLC because that subsidiary no longer exists. Paragraphs (b) and (c) are being deleted since the Exchange is no longer affiliated with Direct Edge ECN LLC ("DE ECN"), DE ECN is no longer a facility of the Exchange, and ISE (including its affiliates) no longer

maintains an ownership interest in Ballista Securities LLC. Since paragraphs (b) and (c) are being deleted, the opening paragraph no longer needs to be designated as paragraph (a), so the (a) is being deleted.

- ISE Rule 604 (Continuing Education for Registered Persons) is being amended to change a reference in paragraph (b) from NASD to FINRA and brackets are being changed to parentheses wherever they appear throughout the rule.

- ISE Rule 704 (Collection and Dissemination of Quotations) is being amended to change references in paragraphs (a) and (b) from Rule 11Ac1-1 to Rule 602 of Regulation NMS.

- ISE Rule 713 (Priority of Quotes and Orders) is being amended to update an incorrect rule cross-reference number in paragraph (a), as well as to add non-substantive words to correct the sentence structure of paragraph (a). Additionally, Supplementary Material .03 to ISE Rule 713 was amended to update an incorrect rule cross-reference number in paragraph (d).

- ISE Rule 715 (Types of Orders) is being amended to correct the defined term of "Priority Customer Orders" in paragraph (g), and to correct the defined term of "Add Liquidity Order" in paragraph (n). In addition, Supplementary Material .02 to ISE Rule 713 is being moved into ISE Rule 713 itself as new paragraphs (o), (p), and (q), since ISE has fully-migrated to its new trading system, Optimise. Thus, it is no longer necessary to separately maintain those order types in the Supplementary Material.

- ISE Rule 718 (Accommodation Liquidations (Cabinet Trades)) is being deleted in its entirety, since that trading functionality is not offered in Optimise, and therefore not possible on the Exchange. ISE Rule 718 is now "Reserved."

- ISE Rule 722 (Complex Orders) is being amended to delete the obsolete clause to ISE's Optimise platform in Supplementary Material .03 and .04. In addition, ISE Supplementary Material .05 is being amended to correct the defined term "Priority Customer Orders", to insert a missing word, and to update an incorrect rule cross-reference number.

- ISE Rule 723 (Price Improvement Mechanism for Crossing Transactions) is being amended to delete paragraph (d)(6) since that trading functionality is not offered in Optimise. As a result, the corresponding sentence that cross-referenced paragraph (d)(6) is being deleted from Supplementary Material .05 and .09.
