

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will keep trading license fees the same as they have been since June 2011. As a result, the Exchange does not believe that the proposed rule change will place an unreasonable burden on potential members because their trading license fees will remain the same. In addition, the Exchange does not believe that the proposed rule change will place an unreasonable burden on potential members because a potential member's fees will be the same as for a current member and pro-rated for licenses held for less than year.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁶ of the Act and subparagraph (f)(2) of Rule 19b-4⁷ thereunder, because it establishes a due, fee, or other charge imposed by NYSE.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

trading license fee was initially set at \$40,000 in January 2009. See Securities Exchange Act Release No. 59140 (December 22, 2008), 73 FR 80488 (December 31, 2008) (SR-NYSE-2008-130).
