

The permit covers limited interstate marketing tests of products identified as “no drain canned tuna” products. These test products deviate from the U.S. standard of identity for canned tuna (21 CFR 161.190, hereinafter “the standard”) in that the test products are prepared by: (1) Adding such a small amount of liquid that the products will not contain a packing medium in accordance with the standard; (2) adding seasoning and flavoring ingredients (*i.e.*, lemon juice concentrate, lime oil, and chili paste) that are not permitted under the current standard; and (3) deviating from the fill requirements of the standard without including on the product label a general statement of substandard fill. The test products meet all the requirements of the standard with the exception of these three deviations. The purpose of this temporary permit is to market test the product throughout the United States. The permit will allow the applicant to measure customer acceptance of the new product and assess the new product’s commercial feasibility.

This permit provides for the temporary marketing of a total 533,333 cases of 12 x 4 ounce cans (totaling 6.4 million cans), covering 1.6 million pounds (725,747 kg) of test products. The test products will be manufactured by: Thai Union Frozen Products Public Company PLC (located at 30/2 Sethakit 1 Rd., Tambon Tarsrai, Amphur Muang, Samutsakon 74000, Thailand); Paul Paulet SAS (located at SA Zone Industrielle De Pouldavid, 29177 Dourrneinez, France); Pioneer Food Company (located at Pioneer Food Company Building, P.O. Box 4D, Fishing Harbour, Tema, Ghana); and Indian Ocean Tuna LTD (located at P.O. Box 676, Fishing Port Victoria, Mahé, Seychelles). Chicken of the Sea International will distribute the test products throughout the United States. Under this temporary permit, the principal display panels of the test products must bear the phrase “no drain

canned tuna” in addition to one of the following names: “Solid Light Tuna,” “Solid White Albacore Tuna,” “Solid Light Tuna Thai Chili,” and “Solid Light Tuna Lemon Pepper.” The information panels on the labels of the test products must bear nutrition labeling in accordance with 21 CFR 101.9. Each of the ingredients used in the food must be declared on the labels of the test products as required by the applicable sections of 21 CFR part 101. This permit is effective for 15 months, beginning on the date the applicant introduces or causes the introduction of one or more of the test products into interstate commerce, but not later than April 10, 2013.

Dated: December 26, 2012.

**Health Resources and Services Administration**

**Agency Information Collection Activities: Submission to OMB for Review and Approval; Public Comment Request**

**ACTION:** Notice.

**SUMMARY:** In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Health Resources and Services Administration (HRSA) will submit an Information Collection Request (ICR) to the Office of Management and Budget (OMB). Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public during the review and approval period.

To request a copy of the clearance requests submitted to OMB for review, email [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or call the HRSA Reports Clearance Office at (301) 443–1984.

*Information Collection Request Title:* Telehealth Resource Center Performance Measurement Tool (OMB No. 0915–xxxx)—NEW.

*Abstract:* In order to ensure the best use of public funds and to meet GPRA requirements, the Office for the Advancement of Telehealth (OAT) in collaboration with Telehealth Resource Centers (TRCs) has developed a set of performance metrics to evaluate the technical assistance services provided by the TRCs. The TRC Performance Indicator Data Collection Tool contains the data elements that would need to be collected by TRCs in order to report on the performance metrics. This tool can be easily translated into a web-based data collection system (PIMS). Also, it will allow the TRCs to report to OAT around their projects’ performance progress and will allow OAT to demonstrate to Congress the value added from the TRC Grant Program.

*Burden Statement:* Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

The annual estimate of burden is as follows:

Form name	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
Telehealth Resource Center Performance Data Collection	10	76	760	0.07	53
Total .....	10	76	760	0.07	53

**ADDRESSES:** Submit your comments to the desk officer for HRSA, either by email to [OIRA\\_submission@omb.eop.gov](mailto:OIRA_submission@omb.eop.gov) or by fax to 202–395–5806. Please direct all correspondence to the “attention of the desk officer for HRSA.”

*Deadline:* Comments on this ICR should be received within 30 days of this notice.

Dated: December 28, 2012.
