### Methodology

The Department has conducted this antidumping duty investigation in accordance with section 731 of the Act. Export prices and constructed export prices have been calculated in accordance with section 772 of the Act. Because the PRC is a non-market economy within the meaning of section 771(18) of the Act, normal value has been calculated in accordance with section 773(c) of the Act. Specifically, the respondents’ factors of production (“FOPs”) have been valued using data from Thailand, the primary surrogate country, which is economically comparable to the PRC and is a significant producer of comparable merchandise.

For a full description of the methodology underlying our conclusions, see “Decision Memorandum for Preliminary Determination of the Antidumping Duty Investigation of Xanthan Gum from the People’s Republic of China” from Christian Marsh, Assistant Secretary for Import Administration, dated concurrently with this notice (“Preliminary Decision Memorandum”) and hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at http://iaaccess.trade.gov, and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at http://www.trade.gov/ia/. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Suspension of Liquidation

In accordance with section 733(d) of the Act, the Department will instruct CBP to require a cash deposit equal to the weighted-average amount by which normal value exceeds U.S. price as follows: (1) The separate-rate weighted-average dumping margin for the exporter/producer combinations listed in the table above will be the rate the Department has determined in this preliminary determination; (2) for all combinations of PRC exporters/producers of merchandise under consideration which have not received their own separate-rate weighted-average dumping margin above, the cash deposit rate will be the cash deposit rate established for the PRC-wide entity; and (3) for all non-PRC exporters of merchandise under consideration which have not received their own separate rate above, the cash deposit rate will be the cash deposit rate applicable to the PRC exporter/producer combination that supplied that non-PRC exporter. These cash deposit instructions will remain in effect until further notice.

International Trade Commission ("ITC") Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our preliminary affirmative determination of sales at LTFV. Section 735(b)(2) of the Act requires the ITC to make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of xanthan gum, or sales (or the likelihood of sales) for importation, of the merchandise under consideration within 45 days of our final determination.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act.
