Title: Worksheet for the Supplemental Nutrition Assistance Program's (SNAP) Quality Control Reviews.

Form Number: FNS-380.

OMB Number: 0584-0074.

Expiration Date: April 30, 2013.

Type of Request: Revision of a currently approved collection.

Abstract: Form FNS-380, is a SNAP worksheet used to determine eligibility and benefits for households selected for review in the quality control sample of active cases. We estimate the total reporting burden for this collection of information as 8.9 hours, equating to a total of 467,631 hours collectively. This includes the time for State agencies analyzing the household case record; planning and carrying out the field investigation; gathering, comparing, analyzing and evaluating the review data and forwarding selected cases to the Food and Nutrition Service for Federal validation. It also includes an average interview burden of 30 minutes (0.5 hours) for each household. Additionally, we estimate the recordkeeping burden per record for the State agency to be 0.0236 hours, thereby making the recordkeeping burden associated with this information collection for the State agency to be 1,226 hours. The total estimated reporting and recordkeeping burden for this collection is 463,661.33 hours.

The reporting and recordkeeping burden for this form was previously approved under OMB clearance number

0584-0074. OMB approved the burden through April 30, 2013. Based on the most recent table of active case sample sizes and completion rates (FY2011), we estimate 51,959 FNS-380 worksheets and interviews will now be completed annually. This is a decrease of 4,106 responses from the estimate made to substantiate the current collection. This estimate will also cause a corresponding decrease in the reporting and recordkeeping burden. The decrease in response is a result of a reduction in the number of cases being pulled for review over the minimum required review amount. We are requesting a three-year approval from OMB for this information collection.

Agency Information Collection

Activities: Proposed Collection:

Comment Request: FNS-583, Supplemental Nutrition Assistance Program Employment and Training Program Activity Report

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act, this notice invites the public and other public agencies to comment on a proposed information collection burden for the Supplemental Nutrition Assistance Program (SNAP), Employment and Training (E&T) Program, currently approved under OMB No. 0584-0339. This is a revision of a currently approved collection, which proposes to decrease the currently approved burden of 26,083 hours by 4,194. The adjusted burden is 21,889 hours. This decrease is due to greater efficiencies in tracking and reporting E&T component placements. In prior collections, FNS estimated that State agencies used one minute per component placement to compile and record this data. This estimate is now reduced to 10 seconds per component placement, which is the same amount of time allotted for States to compile and record work registrant data.

DATES: Submit written comments on or before March 18, 2013.

ADDRESSES: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden of the proposed collection of information, including validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical or other technological collection techniques or other form of information technology.

- On the first quarter report, the number of work registrants receiving SNAP as of October 1 of the new fiscal year;
- On each quarterly report, by month, the number of new work registrants; the number of able-bodied adults without dependents (ABAWDs) applicants and recipients participating in qualifying components; the number of all other applicants and recipients (including ABAWDs involved in non-qualifying activities) participating in components; and the number of ABAWDs exempt under the State agency's 15 percent exemption allowance;
- On the fourth quarter report, the total number of individuals who participated in each component, which is also sorted by ABAWD and non-ABAWD participants and the number of individuals who participated in the E&T Program during the fiscal year.

7 CFR 273.7(d)(1)(i)(D) provides that if a State agency will not expend all of the funds allocated to it for a fiscal year, FNS will reallocate unexpended funds to other State agencies during the fiscal year or the subsequent fiscal year as FNS considers appropriate and
