[A–570–601]

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On July 10, 2012, the Department of Commerce (“Department”) published the preliminary results of, and intent to rescind in part, the 2010–2011 administrative review of the antidumping duty order on tapered roller bearings (“TRBs”) from the People’s Republic of China (“PRC”). Further, the Department released the results of its post-preliminary analysis on December 7, 2012. The period of review (“POR”) is June 1, 2010, through May 31, 2011.

We invited interested parties to comment on our Preliminary Results and post-preliminary analysis. Based on our analysis of the comments received, we made certain changes to our margin calculations for CPZ/SKF. The final weighted-average dumping margins for this review is listed in the “Final Results of Review” section below.

DATES: Effective Date: January 16, 2013.

The PRC-wide entity is under review.
• We are not rescinding this review, in part, for Tianshui Hailin.

Separate Rates
In the Preliminary Results, we found that ZXY, a separate-rate respondent, demonstrated its eligibility for a separate rate. For the final results, we continue to find that the evidence placed on the record of this review by ZXY demonstrates an absence of both de jure and de facto government control with respect to its exports of the merchandise under review, and, thus continue to find that it is eligible for a separate rate. As stated in the Preliminary Results, CPZ/SKF reported that it is wholly foreign-owned, and, therefore, consistent with the Department’s practice, a further separate rate analysis was not necessary to determine whether CPZ/SKF’s export activities were independent from government control, and we preliminarily granted a separate rate to CPZ/SKF. For the final results, we continue to find that CPZ/SKF is eligible for a separate rate.

Margin for the Separate-Rate Companies
As discussed above, the Department continues to find that ZXY has demonstrated its eligibility for a separate rate. For the exporters subject to a review that are determined to be eligible for a separate rate, but are not selected as individually examined respondents, the Department generally weight-averages the rates calculated for the individually examined respondents, excluding any rates that are zero, de minimis, or based entirely on facts available. Consistent with the Department’s practice, as the separate rate, we have established a weighted-average dumping margin for ZXY based on the rate calculated for the individually examined respondent, CPZ/SKF.

We determine that the following weighted-average dumping margins exist for the period June 1, 2010, through May 31, 2011:

Assessment Rates
Pursuant to section 751(a)(2)(A) of the Tariff Act of 1930, as amended (“the Act”) and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

For any individually examined respondents whose weighted-average dumping margin is above de minimis, we calculated importer-specific assessment rates for merchandise subject to this review. For Changshang Peer Bearing Co., Ltd., we calculated an ad valorem rate for each importer by dividing the total amount of dumping calculated for the importer’s examined sales by the total entered values associated with those sales. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting ad valorem rate against the entered customs values for the subject merchandise. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review where an importer-specific assessment rate is above de minimis (i.e., 0.50 percent). Where either the respondent’s weighted-average dumping margin is zero or de minimis, or an

We will instruct CBP to liquidate entries of subject merchandise exported by the PRC-wide entity at the ad valorem rate of 92.84 percent of entered value.

**Cash Deposit Requirements**

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For CPZ/SKF and ZXY, the cash deposit rate will be their respective rates established in the final results of this review, except if the rate is zero or de minimis, then no cash deposit will be required; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the PRC-wide entity of 92.84 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

**Notification to Importers**

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

**Notification to Interested Parties**

This notice also serves as a reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

**Disclosure**

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

We are issuing and publishing the final results and notice in accordance with sections 751(a)(1) and 777(j)(1) of the Act.

Dated: January 8, 2013.

Paul Piquado,
Assistant Secretary for Import Administration.
