BILLING CODE 9111-97-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5690-N-01]

Notice of Proposed Information for Public Comment for: Energy and Performance Information Center

AGENCY: Office of the Assistant Secretary for Public and Indian Housing, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

HUD created the Energy and Performance Information Center ("EPIC") data system to track the amount and types of Energy Efficiency Measures (EEMs) being implemented within Public Housing units (OMB Control Number 2577-0274). This revision expands the data collected to include the amount and type of Public Housing development, including development in conjunction with Low Income Housing Tax Credits; other planning collections and performance reports presently collected in hard copy; the Physical Needs Assessment; and modernization undertaken by PHAs through Energy Performance Contracts. The EPIC data system is necessary in order to support the Department's Agency Performance Goals (APGs), specifically APG # 4, Measure # 13 which sets numeric targets for completing green retrofits and creating energy efficient units. In addition to the direct support of HUD APG # 4, Measure # 13, the implementation of the EPIC data system will enable HUD to provide reports on the progress of EEMs completed with PIH funding. The EPIC data system will also improve PHA planning by making the five year plan and annual statement process electronic and also enabling HUD to aggregate this information in order to track APG # 2, Measure # 5, which sets goals for expanding the number of families housed. The EPIC data system will also allow improved tracking of the Energy Performance Contract process and will include the Physical Needs Assessment tool.

DATES: *Comments Due Date:* March 25, 2013.

This Notice Also Lists the Following Information

Title of Proposal: Energy and Performance Information Center (EPIC).
OMB Control Number, if applicable: 2577-0274.

Description of the need for the information and proposed use: The Department has recognized the need for improving energy efficiency in affordable housing and has prioritized this in Agency Priority Goal # 4, Measure # 13. The Department pioneered its data collection in this area with the American Recovery and Reinvestment Act of 2009 in creating the Recovery Act Management Performance System ("RAMPS"). The data collected through the RAMPS gave the Department a more comprehensive dataset regarding energy efficient improvements than it had ever had previously. The EPIC data system builds upon the successes of the RAMPS and adds data collection for other areas. This form is to revise the collection to include other information. Some of this information is presently collected in paper form and will be collected electronically through the EPIC data system.

The EPIC data system will gradually automate the collection of the five year plan and annual statement forms from grantees. These are required forms presently collected in hard copy on
