33 CFR Part 165

[USCG-2013-0019

RIN 1625-AA11

Regulated Navigation Area; Reporting Requirements for Barges Loaded With Certain Dangerous Cargoes, Inland Rivers, Ninth Coast Guard District; Stay (Suspension)

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Commander, Ninth Coast Guard District is staying (suspending) reporting requirements under the Regulated Navigation Area (RNA) established for barges loaded with certain dangerous cargoes (CDC barges) in the inland rivers of the Ninth Coast Guard District. This stay (suspension) extension is necessary because the Coast Guard continues to analyze future reporting needs and evaluate possible changes in CDC reporting requirements. This stay (suspension) of the CDC reporting requirements in no way relieves towing vessel operators and fleeting area managers responsible for CDC barges in the RNA from their dangerous cargo or vessel arrival and movement reporting obligations currently in effect under other regulations or placed into effect under appropriate Coast Guard authority.

DATES: This rule is effective in the CFR on January 23, 2013 until 11:59 p.m. on September 30, 2013. This rule is effective with actual notice for purposes of enforcement at 12:01 a.m. on January 15, 2011 until 11:59 p.m. on September 30, 2013.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG-2013-0019. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket

number in the “SEARCH” box and click “SEARCH”. Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions about this temporary rule, call or email LCDR David Webb, U.S. Coast Guard; telephone 216-902-6050, email: David.M.Webb@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

DHS	Department of Homeland Security
FR	Federal Register
NPRM	Notice of Proposed Rulemaking

A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it would be impracticable, unnecessary, and contrary to the public interest.

The contract for the CDC barge reporting system at the Inland River Vessel Movement Center (IRVMC) expired in January 2011. Due to the expiration of this contract, the Coast Guard would not be able to receive and process reports, therefore, in late December 2010, the Coast Guard decided to suspend the IRVMC reporting requirements for a two-year period. This suspension was published in the **Federal Register** at 76 FR 2829 (January 18, 2011), and expired on January 15, 2013.

At this time, the contract for the CDC barge reporting system has not been renewed, and the Coast Guard is still considering whether to enter into a new contract and lift the suspension, modify the reporting requirements in the RNA, or repeal the RNA completely. An extension of the stay is necessary while

the Coast Guard continues to consider these options.

We believe prior notice and comment is unnecessary because we expect the affected public will have no objection to resuming the stay (suspension) of regulatory requirements that expired on January 15, 2013. The Coast Guard received no public comment or objection regarding the suspension that was in effect from 2011 until January 15, 2013. Prior notice and comment is also contrary to the public interest because there is no public purpose served by continuing to require reports when there is no mechanism for receiving or processing those reports.

Under 5 U.S.C. 553(d)(1), a substantive rule that relieves a restriction may be made effective less than 30 days after publication. This temporary final rule, suspending the reporting requirements and thereby relieving the regulatory restriction on towing vessel operators and fleeting area managers provided by 33 CFR 165.921, is effective in the CFR on January 23, 2013 and, for purposes of enforcement, is effective at 12:01 a.m. on January 15, 2011.

B. Basis and Purpose

The legal basis for this rulemaking is the Coast Guard’s authority to establish regulated navigation areas, under 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6, 160.5; Public Law 107-295, 116 Stat. 2064; and Department of Homeland Security Delegation No. 0170.1. An RNA is a water area within a defined boundary for which regulations for vessels navigating within the area have been established, to control vessel traffic in a place determined to have hazardous conditions. 33 CFR 165.10; Commandant Instruction Manual M16704.3A, 1-6.

The purpose of this temporary final rule is to resume the suspension of reporting requirements that was in place between January 2011 and January 15, 2013. This temporary rule relieves the towing vessel operators and fleeting area managers responsible for CDC barges from the 33 CFR 165.921 reporting requirements for a nine month period.

C. Discussion of the Final Rule

During the suspension of reporting requirements, towing vessel operators and fleeting area managers responsible for CDC barges will be relieved of their obligation to report their CDCs under 33 CFR 165.921(d), (e), (f), (g), and (h). This suspension in no way relieves towing vessel operators and fleeting area managers responsible for CDC barges

from their dangerous cargo or vessel arrival and movement reporting obligations currently in effect under other regulations or placed into effect under appropriate Coast Guard authority.

D. Regulatory Analyses

We developed this temporary final rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 14 of these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under that Order. This rule is temporary and limited in nature by extending the previously published suspension of CDC barge reporting requirements for an additional nine-month period, creating no undue delay to vessel traffic in the regulated area.

2. Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some which may be small entities: Owners or operators of CDC barges intending to transit the Inland Rivers in the Ninth Coast Guard District during this nine month period. This rule will not have a significant economic impact on those entities or a substantial number of any small entities because this rule suspends reporting requirements for nine months.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in

understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the

effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule involves the nine-month extension of a previously

published suspension of reporting requirements established for CDC barges transiting the inland rivers of the Ninth Coast Guard District. This rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction. Under figure 2–1, paragraph (34)(g), of the Instruction, an environmental analysis checklist and a categorical exclusion determination are not required for this rule.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701; 50 U.S.C. 191, 195; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Amend § 165.921 by staying paragraphs (d), (e), (f), (g), and (h) from January 23, 2013 until 11:59 p.m. on September 30, 2013.

Dated: January 11, 2013.

Michael N. Parks,

Rear Admiral, U.S. Coast Guard, Commander, Ninth Coast Guard District.

Coast Guard

33 CFR Part 165

[Docket Number USCG–2012–0938]

RIN 1625–AA87

Security Zone, Potomac and Anacostia Rivers; Washington, DC

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary security zone encompassing certain waters of the Potomac River and Anacostia River. This action is necessary to safeguard persons and property, and prevent terrorist acts or incidents. This rule prohibits vessels and people from entering the security zone and requires vessels and persons in the security zone

to depart the security zone, unless specifically exempt under the provisions in this rule or granted specific permission from the Coast Guard Captain of the Port Baltimore. This action is intended to temporarily restrict vessel traffic in portions of the Potomac and Anacostia Rivers during the event.

DATES: This rule is effective from January 15, 2013 until January 24, 2013.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG–2012–0938]. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Mr. Ronald L. Houck, at Sector Baltimore Waterways Management Division, U.S. Coast Guard; telephone 410–576–2674, email Ronald.L.Houck@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:

Table of Acronyms

DHS Department of Homeland Security
FR Federal Register
NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

On October 24, 2012, we published a notice of proposed rulemaking (NPRM) entitled “Security Zone, Potomac and Anacostia Rivers; Washington, DC” in the **Federal Register** (77 FR 64943). After the NPRM was published in the **Federal Register**, however, the Coast Guard determined that the boundary of the proposed security zone on the south between the Virginia shoreline and the District of Columbia shoreline along latitude 38°51′00″ N needed to be relocated farther downstream to and along latitude 38°50′00″ N. On November 28, 2012, we published a supplemental notice of proposed rulemaking (SNPRM) entitled “Security Zone, Potomac and Anacostia Rivers; Washington, DC” in the **Federal Register** (77 FR 70964). We received one comment on the proposed rules. No

public meeting was requested, and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Due to the need for immediate action, the restriction of vessel traffic is necessary to protect life, property and the environment; therefore, a 30-day notice is impracticable. Delaying the effective date would be contrary to the safety zone’s intended objectives of protecting persons and vessels involved in the event and its associated activities, and enhancing public and maritime safety.

B. Basis and Purpose

On January 20, 2013, the U.S. Presidential Inauguration swearing-in ceremony will take place at the U.S. Capitol in Washington, DC. Activities associated with the Presidential Inauguration include several Inaugural ceremonies, balls, parades and receptions in the District of Columbia, which are scheduled to occur from January 15, 2013 through January 24, 2013. During these activities, gatherings of high-ranking United States officials and the public-at-large are expected to take place. These activities are located along navigable waterways within the Captain of the Port Baltimore’s Area of Responsibility. The Coast Guard has given each Coast Guard Captain of the Port the ability to implement comprehensive port security regimes designed to safeguard human life, vessels, and waterfront facilities while still sustaining the flow of commerce.

The Captain of the Port Baltimore is establishing a security zone to address the aforementioned security concerns and to take steps to prevent the catastrophic impact that a terrorist attack against the large gatherings of high-ranking United States officials, the public-at-large, and surrounding waterfront areas and communities would have. The security zone is necessary to safeguard life and property on the navigable waters before, during, and after activities associated with the Presidential Inauguration and will help the Coast Guard prevent vessels or persons from bypassing the security measures established on shore for the events and engaging in waterborne terrorist actions during the highly-publicized events.

C. Discussion of Comments, Changes and the Final Rule

The Coast Guard received one comment in response to the NPRM. No public meeting was requested and none was held. What follows is a review of,
