of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend controlled airspace at Omak Airport, Omak, WA.

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71
Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment
Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

§ 71.1 [Amended]
2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9W, Airspace Designations and Reporting Points, dated August 8, 2012, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

ANM WA5 Omak, WA [Amended]
Omak Airport, WA (Lat. 48°27′52″ N., long. 119°31′05″ W.)
That airspace extending upward from 700 feet above the surface within a 4.3-mile radius of the Omak Airport, and within 1.8 miles each side of the 177° bearing of the Omak Airport extending from the 4.3-mile radius to 7.5 miles south of the airport; that airspace extending upward from 1.200 feet above the surface within 6.1 miles east and 8.7 miles west of the 177° and 357° bearings of the Omak Airport extending from 6.5 miles north to 17.9 miles south of the airport; that airspace extending upward from 4,500 feet MSL beginning at lat. 48°00′00″ N., long. 118°36′04″ W.; to lat. 47°45′00″ N., long. 118°36′04″ W.; to lat. 47°45′00″ N., long. 120°00′00″ W.; to lat. 48°00′00″ N., long. 120°00′04″ W.; to lat. 48°00′00″ N., long. 120°04′04″ W.; to lat. 48°09′37″ N., long. 119°35′04″ W.; to lat. 48°10′00″ N., long. 119°37′04″ W.; to lat. 48°11′00″ N., long. 119°22′24″ W., thence to the point of origin; that airspace extending upward from 8,500 feet MSL bounded on the north by the U.S./Canadian border, on the east by long. 119°00′04″ W., on the south by lat. 47°59′59″ N., and on the west by a line from lat. 47°59′59″ N., long. 120°30′04″ W.; to lat. 49°00′00″ N., long. 120°00′04″ W.

Issued in Seattle, Washington, on December 6, 2012.

Clark Desing,
Manager, Operations Support Group, Western Service Center.

14 CFR Part 71

[Docket No. FAA–2012–0394; Airspace Docket No. 12–AEA–8]

Proposed Amendment of Class E Airspace; Easton, PA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend Class E Airspace at Easton, PA, as the Allentown VORTAC has been decommissioned and new Standard Instrument Approach Procedures (SIAPs) have been developed at Braden Airpark. This action would enhance the safety and airspace management of Instrument Flight Rules (IFR) operations at the airport. This action also would recognize the airport’s name change and update the geographic coordinates of the airport.

DATES: Comments must be received on or before March 11, 2013.

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305–6364.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested persons are invited to comment on this rule by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA–2012–0394; Airspace Docket No. 12–AEA–8) and be submitted in triplicate to the Docket Management System (see “ADDRESSES” section for address and phone number). You may also submit comments through the Internet at http://www.regulations.gov.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: “Comments to Docket No. FAA–2012–0394; Airspace Docket No. 12–AEA–8.” The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded from and comments submitted through http://www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA’s Web page at http://www.faa.gov/airports/airtraffic/publications/airspace_amendments/

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the ADDRESSES section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal Holidays. An informal docket may also be examined during normal business hours at the office of the Eastern Service Center, Federal Aviation Administration, room 350, 1701 Columbia Avenue, College Park, Georgia 30337.
Persons interested in being placed on a mailing list for future NPRM's should contact the FAA’s Office of Rulemaking, (202) 267–9677, to request a copy of Advisory circular No. 11–2A, Notice of Proposed Rulemaking distribution System, which describes the application procedure.

The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to amend Class E airspace extending upward from 700 feet above the surface to support new Standard Instrument Approach Procedures developed at Braden Airpark, Easton, PA. Airspace reconfiguration is necessary due to the decommissioning of the Allentown VORTAC and cancellation of the VOR/DME approach, and for continued safety and management of IFR operations at the airport. Also, the airport name would be changed from Easton Airport to Braden Airpark, and the geographic coordinates of the airport also would be adjusted to coincide with the FAA’s aeronautical database.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9W, dated August 8, 2012, and effective September 15, 2012, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part, A. Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would amend Class E airspace at Braden Airpark, Easton, PA.

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

§ 71.1 [Amended]

1. The authority citation for part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9W, Airspace Designations and Reporting Points, dated August 8, 2012, effective September 15, 2012, is amended as follows:

Paragraph 6005. Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

AEA PA E3 Easton, PA [Amended]

Braden Airpark, Easton, PA

(Lat. 40°44′32″ N., long. 75°14′35″ W.)

That airspace extending upward from 700 feet above the surface within an 8.2-mile radius of the Braden Airpark. This Class E airspace area is effective from sunrise to sunset, daily.

Issued in College Park, Georgia, on December 12, 2012.

Barry A. Knight,

Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

Proposed Amendment of Class E Airspace; Reno, NV

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend Class E airspace at Reno/Tahoe International Airport, Reno, NV. Decommissioning of the Compass Locator at the Instrument Landing System Middle Marker (LMM) and the Middle Marker (MM) has made this action necessary for the safety and management of Instrument Flight Rules (IFR) operations at the airport. This action also would adjust the geographic coordinates of the airport.

DATES: Comments must be received on or before March 11, 2013.
