

We expect that the users of NHCS will be similar to the users of NHDS, NHAMCS, and DAWN data. These users include but are not limited to CDC, Congressional Research Office, Office of the Assistant Secretary for Planning and Evaluation (ASPE), National Institutes of Health, American Health Care Association, Centers for Medicare & Medicaid Services (CMS), Bureau of the Census, Office of National Drug Control

Policy, state and local governments, and nonprofit organizations. Other users of these data include universities, research organizations, many in the private sector, foundations, and a variety of users in the print media.

Data collected through NHCS are essential for evaluating health status of the population, for the planning of programs and policy to elevate the health status of the Nation, for studying

morbidity trends, and for research activities in the health field. Historically, NHDS and NHAMCS data have been used extensively in the development and monitoring of goals for the Year 2000, 2010, and 2020 Healthy People Objectives.

There is no cost to respondents other than their time to participate. The total burden is 7,224 hours.

ESTIMATED ANNUALIZED BURDEN HOURS

Respondents	Form	Number of respondents	Number of responses per respondent	Avg. burden per response (in hours)
Department of Health Information Management (DHIM) or Health Information Technology (DHIT) staff Hospital CEO/CFO.	Initial Hospital Intake Questionnaire	133	1	1
