

trading symbol to distinguish Jumbo SPY options from the related regular option contracts and therefore, ease any investor confusion as to the product they are trading.

The Exchange also believes Jumbo SPY options will provide investors with an additional tool for hedging risk in the highly liquid ETF. Further, the proposed rule change is limited to just the SPY ETF, a single, high-priced, highly liquid security.

Finally, the Exchange notes that the Commission previously approved option contracts on ETFs that overly [sic] 1,000 shares for NYSE Amex.⁸

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes this proposed rule change will benefit investors by providing additional methods to trade options on the liquid SPY, and providing greater ability to mitigate risk in managing large portfolios. Specifically, the Exchange believes that investors would benefit from the introduction and availability of Jumbo SPY options by making options on large blocks of the SPY ETF more available as an investing tool, particularly for institutional investors. The Exchange also believes Jumbo SPY options will provide investors with an additional tool for hedging risk in the highly liquid ETF. Further, the proposed rule change is limited to just the SPY ETF, a single, high-priced, highly liquid security. Finally, the Exchange is not proposing any limitations regarding market participants that will be able to trade Jumbo SPY options if they choose.

For all the reasons stated, the Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act, and believes the proposed change will enhance competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period (i)

as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve or disapprove such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Self-Regulatory Organizations; C2 Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Amending the Fees Schedule

January 29, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 18, 2013, C2 Options Exchange, Incorporated (the "Exchange" or "C2") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Fees Schedule. The text of the proposed rule change is provided below.

Type of permit	Cost per month
Market-Maker Permit	\$5,000.
Electronic Access Permit.	\$1,000.
SPXPM Tier Appointment.	\$4,000 (waived through March 31, 2013).

Market-Maker Permit- Entitles the holder to act as a Market-Maker. This permit provides an appointment credit of 1.0, a quoting and order entry bandwidth allowance, up to three logins and Trading Permit Holder status. The quoting bandwidth allowance for a Market-Maker Permit is equivalent to a maximum of 156,000,000 quotes over the course of a trading day.

Electronic Access Permit- Entitles the holder to access to the Exchange. Holders must be broker-dealers registered with the Exchange and are allowed to submit orders to the Exchange. The EAP provides an order entry bandwidth allowance, up to three logins and Trading Permit Holder status.

SPXPM Tier Appointment- In order for a Market-Maker Permit to be used to act as a Market-Maker in SPXPM, the Trading Permit Holder must obtain an SPXPM Tier Appointment (Registration) for that Market-Maker Permit. The SPXPM Tier Appointment fee will be assessed to any Market-Maker Permit Holder that has an SPXPM Tier Appointment at any time during a calendar month.

Access fees are non-refundable and are assessed through the integrated billing system during the first week of the following month. If a Trading Permit is issued during a calendar month after the first trading day of the month, the access fee for the Trading Permit for that calendar month is prorated based on the remaining trading days in the calendar month. Trading Permits will be renewed automatically for the next month unless the Trading Permit Holder submits written notification to the Registration Services Department by the 25th day of the prior month (or the preceding business day if the 25th is not a business day) to cancel the Trading Permit effective at or prior to the end of the applicable month. *If cancellation of a Trading Permit is effective prior to the end of the applicable month, and the cancelling Trading Permit Holder later requests issuance of the same type of Trading Permit for the remainder of that month, the Exchange may issue the same type of Trading Permit (provided that a Trading Permit is available) but*

will not impose the additional prorated access fee for that month.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fees Schedule.³ More specifically, the Exchange is proposing to make changes to the section "Access Fees." Pursuant to that section, the Exchange charges a Trading Permit Holder a monthly fee to use a Trading Permit, the amount of which fee is based on the type of Trading Permit.

Currently, the Exchange charges the following access fees:

Type of permit	Cost per month
Market-Maker Permit ⁴ .	\$5,000.
Electronic Access Permit ⁵ .	1,000.
SPXPM Tier Appointment ⁶ .	4,000 (waived through March 31, 2013).

Pursuant to the Fees Schedule, the Exchange assesses the access fees in

³ See Exchange Rule 2.1, which authorizes fees to Participants to be "fixed from time to time by the Exchange."

⁴ A Market-Maker Permit entitles the holder to act as a Market-Maker. This permit provides an appointment credit of 1.0, a quoting and order entry bandwidth allowance, up to three logins and Trading Permit Holder status. The quoting bandwidth allowance for a Market-Maker Permit is equivalent to a maximum of 156,000,000 quotes over the course of a trading day.

⁵ An Electronic Access Permit entitles the holder to access the Exchange. Holders must be broker-dealers registered with the Exchange and are allowed to submit orders to the Exchange. The permit provides an order entry bandwidth

allowance during the first week of the following month. For example, a Trading Permit Holder will be billed in February for use of a Trading Permit in January. The Fees Schedule further provides that if a Trading Permit is issued during a calendar month after the first trading day of the month, the access fee for the Trading Permit for that calendar month is prorated based on the remaining trading days in the calendar month. A Trading Permit will be renewed automatically for the next month unless the Trading Permit Holder submits written notification to the Registration Services Department by the 25th day of the prior month (or the preceding business day if the 25th is not a business day) to cancel the Trading Permit effective at or prior to the end of the applicable month.

Under the Fees Schedule, if a Trading Permit Holder cancels a Trading Permit effective prior to the end of the applicable month, the Trading Permit Holder will still be assessed the full access fee for that month (the same amount it would pay if the Trading Permit Holder had cancelled the Trading Permit effective at the end of the month). However, if the Trading Permit Holder later requests that the Exchange issue the same type of Trading Permit for the remainder of that same month, pursuant to the Fees Schedule, the Exchange will assess a prorated access fee based on the remaining trading days in that month. Thus, the Trading Permit Holder would be double-paying the access fee for that remaining portion of the month.

The purpose of the proposed rule change is to prevent a Trading Permit Holder from double-paying a portion of the monthly access fee in this situation. The proposed rule change amends the Access Fees section of the Fees Schedule to provide that if cancellation of a Trading Permit is effective prior to the end of the applicable month, and the cancelling Trading Permit Holder later requests issuance of the same type of Trading Permit for the remainder of that same month, the Exchange may issue the same type of Trading Permit (assuming one is available)⁷ but will not

allowance, up to three logins and Trading Permit Holder status.

⁶ An SPXPM Tier Appointment must be obtained by a Market-Maker for its Market-Maker Permit in order for the Market-Maker to act as a Market-Maker in SPXPM. The SPXPM Tier Appointment fee will be assessed to any Market-Maker that has an SPXPM Tier Appointment at any time during a calendar month.

⁷ The Exchange will determine whether to issue a Trading Permit to the Trading Permit Holder in the same manner that it issues any Trading Permit pursuant to Rule 3.1, including subject to any

impose the additional prorated access fee for the remainder of that month.⁸ The proposed rule change results in a Trading Permit Holder that cancels a Trading Permit prior to the end of the month but then has the same type of Trading Permit issued during that same month paying the same monthly access fee amount as it would if it had cancelled its Trading Permit effective at the end of a month.

For example, if a Trading Permit Holder cancels a Market-Maker Permit effective January 18, 2013, but upon request of the Trading Permit Holder issues [sic] a Maker-Maker [sic] Permit effective January 23, 2013, the Trading Permit Holder will be billed a total of \$5,000 for use of the Market-Maker Permit during January (which will be billed during the first week of February).⁹ Without the proposed rule change, the Trading Permit Holder would be billed \$5,000 for use of the Market-Maker Permit for the trading days in January through January 18 plus a prorated amount of \$1,666.67 for use of the Market-Maker Permit for the trading days in January between January 23 and January 31. Thus, with the proposed rule change, the Trading Permit Holder will pay the same amount in access fees for January as it would if it had cancelled the Market-Maker Permit effective at the end of January.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹⁰ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitation [sic] transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market

announced limit on the number of Trading Permits that may be issued.

⁸ The proposed rule change does not change the amounts of the access fees imposed on Trading Permit Holders for the use of Trading Permits.

⁹ At that point, the Trading Permit will be subject to the auto-renewal provision described above unless the Trading Permit Holder requests that the Trading Permit not be automatically renewed at the end of the applicable month.

¹⁰ 15 U.S.C. 78f(b).

¹¹ 15 U.S.C. 78f(b)(5).

system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹² requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange also believes the proposed rule change is consistent with Section 6(b)(4) of the Act,¹³ which provides that Exchange rules may provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities.

In particular, the proposed rule change is equitable and not unfairly discriminatory as it applies to all Trading Permit Holders that cancel a Trading Permit effective prior to the end of a month and request issuance of the same type of Trading Permit during that same month. The Exchange believes the proposed rule change protects investors and the public interest, as it prevents a Trading Permit Holder from paying the monthly access fee twice during the same month for a Trading Permit in the event that the Trading Permit Holder cancels the Trading Permit effective prior to the end of the month but later requests issuance of the same type of Trading Permit during that month. The Exchange believes that the proposed rule change is fair and reasonable, because it results in a Trading Permit Holder that cancels a Trading Permit prior to the end of the month but then has the same type of Trading Permit issued that month paying the same amount in access fees for that month as a Trading Permit Holder that cancels a Trading Permit effective at the end of a month. A Trading Permit Holder is able to trade the same amount in either situation; therefore, the Exchange believes it is reasonable that the Trading Permit Holder pay the same amount in either situation.

B. Self-Regulatory Organization's Statement on Burden on Competition

C2 does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change applies in the same manner to all Trading Permit Holders that request the issuance of a Trading Permit during the same month they cancelled the same type of Trading Permit. Additionally, the proposed rule change results in a Trading Permit Holder that cancels a Trading Permit effective prior to the end

of the month but then has the same type of Trading Permit issued that same month paying the same amount in access fees as a Trading Permit Holder that cancels a Trading Permit effective at the end of a month. Thus, these Trading Permit Holders would pay the same access fee during the month for the same allowable trading activity in each situation. The proposed rule change does not change the amounts of the access fees imposed on Trading Permit Holders for the use of Trading Permits.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and paragraph (f) of Rule 19b-4¹⁵ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68745; File No. SR-NYSE-2013-05]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending NYSE Rule 80C, Which Provides For Trading Pauses in Individual Securities Due to Extraordinary Market Volatility, Extending the Effective Date of the Pilot Until the Earlier of the Initial Date of Operations of the Regulation NMS Plan To Address Extraordinary Market Volatility or February 4, 2014

January 28, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 15, 2013, New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE Rule 80C, which provides for trading pauses in individual securities due to extraordinary market volatility, to extend the effective date of the pilot by which such rule operates from the current scheduled expiration date of February 4, 2013, until the earlier of the initial date of operations of the Regulation NMS Plan to Address Extraordinary Market Volatility or February 4, 2014. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at

the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend NYSE Rule 80C, which provides for trading pauses in individual securities due to extraordinary market volatility, to extend the effective date of the pilot by which such rule operates from the current scheduled expiration date of February 4, 2013,³ until the earlier of the initial date of operations of the Regulation NMS Plan to Address Extraordinary Market Volatility or February 4, 2014. The pilot will continue to operate as to individual securities until such security is subject to the Regulation NMS Plan to Address Extraordinary Market Volatility.

NYSE Rule 80C requires the Exchange to pause trading in an individual security listed on the Exchange if the price moves by a specified percentage as compared to prices of that security in the preceding five-minute period during a trading day, which period is defined as a "Trading Pause." The pilot was developed and implemented as a market-wide initiative by the Exchange and other national securities exchanges in consultation with the Commission staff and is currently applicable to all NMS stocks and specified exchange-traded products.⁴
