

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes are being made to delay the operation of the market-wide circuit breakers pilot until April 8, 2013 to allow the pilot period to begin and end at the same time as the LULD Plan, which contributes to the protection of investors and the public interest. Other competing equity exchanges are subject to the same methodology for determining when to halt trading in all stocks due to extraordinary market volatility and the same requirements specified in the LULD Plan. Thus, the proposed changes will not impose any burden on competition while providing that the market-wide circuit breakers pilot period corresponds to the pilot period for the LULD Plan so that the impact of the two proposals can be reviewed together.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Doing so will delay the operative date of the market-wide circuit breakers pilot until

the initial date of operations of the LULD Plan, thereby allowing the pilot to run simultaneously with the LULD Plan, providing an opportunity to properly assess the impact of the two pilots on the marketplace and evaluate the pilots' effectiveness. Therefore, the Commission designates the proposal operative upon filing.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁵ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-CBOE-2013-011 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-CBOE-2013-011. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written

communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CBOE-2013-011 and should be submitted on or before February 26, 2013.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁶

Self-Regulatory Organizations; C2 Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Delay the Operative Date of a Rule Change to Exchange Rule 6.32.03

January 30, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on January 28, 2013, C2 Options Exchange, Incorporated (the "Exchange" or "C2") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

² 17 CFR 240.19b-4.

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission has waived this requirement.

¹⁴ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to delay the operative date of a rule change to Exchange Rule 6.32.03, which provides for methodology for determining when to halt trading in all stocks due to extraordinary market volatility, from the date of February 4, 2013, until April 8, 2013.

The text of the proposed rule change is available on the Exchange's Web site (<http://www.c2exchange.com/Legal/>), at the Exchange's Office of the Secretary, and at the Commission [sic].

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 6.32.03, which provides the methodology for determining when to halt trading in all stocks due to extraordinary market volatility,³ to delay the operative date of the pilot by which such Rule operates from the current scheduled date of February 4, 2013, until April 8, 2013, to coincide with the initial date of operations of the Regulation NMS Plan to Address Extraordinary Market Volatility ("LULD Plan").⁴ As proposed, the pilot period

³ Exchange Rule 6.32.03 does not currently contain any reference to the specific levels of decline in the DJIA that would trigger a market-wide trading halt. Instead, the rule provides that a market-wide halt will be triggered on the Exchange whenever a market-wide halt is in effect on the New York Stock Exchange ("NYSE").

⁴ The Exchange adopted the proposed changes to the market-wide circuit breakers on a pilot basis for a period that corresponds to the pilot period for the LULD Plan so that the impact of the two proposals can be reviewed together. See Securities Exchange Act Release No. 67090 (May 31, 2012), 77 FR 33531 (June 6, 2012) (SR-C2-2011-024). The Exchange anticipates that the initial date of LULD Plan operations will be changed to April 8, 2013. The proposal would delay the operative date of the market-wide circuit breakers pilot to April 8, 2013

will begin and end at the same time [sic] the pilot period for the LULD Plan. The current Rule 6.32.03 would remain in effect until April 8, 2013. If the pilot is not either extended or approved permanently at the end of the pilot period, the current version of Rule 6.32.03 would be in effect.

Current Rule 6.32.03

In its current form,⁵ the rule provides for Level 1, 2, and 3 declines and specified trading halts following such declines. The values of Levels 1, 2 and 3 [sic] are calculated at the beginning of each calendar quarter, using 10%, 20% and 30%, respectively, of the average closing value of the DJIA for the month prior to the beginning of the quarter. Each percentage calculation is rounded to the nearest fifty points to create the Levels' trigger points. The NYSE disseminates the new trigger levels quarterly to the media and via an Information Memo and is available on NYSE's Web site.⁶ The values then remain in effect until the next quarterly calculation, notwithstanding whether the DJIA has moved and a Level 1, 2, or 3 decline is no longer equal to an actual 10%, 20%, or 30% decline in the most recent closing value of the DJIA.

Once a circuit breaker is in effect, trading in all stocks halt for the time periods specified below:

Level 1 Halt

anytime before 2:00 p.m.—one hour;
at or after 2:00 p.m. but before 2:30 p.m.—30 minutes;
at or after 2:30 p.m.—trading shall continue, unless there is a Level 2 Halt.

Level 2 Halt

anytime before 1:00 p.m.—two hours;
at or after 1:00 p.m. but before 2:00 p.m.—one hour;
at or after 2:00 p.m.—trading shall halt and not resume for the rest of the day.

Level 3 Halt

at any time—trading shall halt and not resume for the rest of the day.

Unless stocks are halted for the remainder of the trading day, price

in order for the implementation date for the market-wide circuit breakers pilot would [sic] remain the same date as for the LULD Plan.

⁵ The rule was last amended in 1998, when declines based on specified point drops in the DJIA were replaced with the current methodology of using a percentage decline that is recalculated quarterly. See Securities Exchange Act Release No. 39846 (April 9, 1998), 63 FR 18477 (April 15, 1998) (SR-NYSE-98-06, SR-Amex-98-09, SR-BSE-98-06, SR-CHX-98-08, SR-NASD-98-27, and SR-Phlx-98-15).

⁶ See e.g., NYSE Regulation Information Memos 11-19 (June 30, 2011) and 11-10 (March 31, 2011).

indications are disseminated during a trading halt for stocks that comprise the DJIA.

Amended Rule 6.32.03

The Exchange amended Rule 6.32.03 to revise the current methodology for determining when to halt trading in all stocks due to extraordinary market volatility ("market-wide circuit breakers").⁷ The Exchange, other equities, options, and futures markets, and FINRA amended the market-wide circuit breakers to take into consideration the recommendations of the Joint CFTC-SEC Advisory Committee on Emerging Regulatory Issues, and to provide for more meaningful measures in today's markets of when to halt trading in all stocks. Accordingly, the Exchange amended Rule 6.32.03 as follows: (i) Replaced the DJIA with the S&P 500; (ii) replaced the quarterly calendar recalculation of Rule 6.32.03 triggers with daily recalculations; (iii) replaced the 10%, 20%, and 30% market decline percentages with 7%, 13%, and 20% market decline percentages; (iv) modified the length of the trading halts associated with each market decline level; and (v) modified the times when a trading halt may be triggered. The Exchange believes that these amendments update the rule to reflect today's high-speed, highly electronic trading market while still meeting the original purpose of Rule 6.32.03: to ensure that market participants have an opportunity to become aware of and respond to significant price movements.

The Exchange adopted the proposed changes to the market-wide circuit breakers on a pilot basis for a period that corresponds to the pilot period for the LULD Plan so that the impact of the two proposals can be reviewed together.⁸ In addition, in order for the markets and the single plan processors responsible for the consolidation of information pursuant to Rule 603(b) of Regulation NMS under the Securities Exchange Act of 1934 to make the necessary technological changes to implement both the changes to the market-wide circuit breakers and the proposed LULD Plan, the Exchange established that the implementation date for the proposed rule changes should be the same date that the LULD Plan is implemented. The Exchange anticipates that the initial date of LULD Plan operations will be changed to April 8, 2013. For the same reasons as stated

⁷ See Securities Exchange Act Release No. 67090 (May 31, 2012), 77 FR 33531 (June 6, 2012) (SR-C2-2011-024).

⁸ See *id.*

above, the Exchange proposes to delay the operative date of the market-wide circuit breakers pilot to April 8, 2013 in order for the implementation date for the market-wide circuit breakers pilot would remain the same date as for the LULD Plan.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁹ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitation transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, this rule proposal supports the objectives of perfecting the mechanism of a free and open market and the national market system because it promotes uniformity across markets concerning when and how to halt trading in all stocks as a result of extraordinary market volatility. Additionally, delaying the operative date of the market-wide circuit breakers pilot until the initial date of operations of the LULD Plan would allow the pilot to begin and end at the same time of the LULD Plan so that the Exchange and the Commission could further assess the impact of the two pilots on the marketplace or whether other initiatives should be adopted in lieu of the pilots, which contributes to the protection of investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed changes are being made to delay the operation of the market-wide circuit breakers pilot until April 8, 2013 to allow the pilot period to begin

and end at the same time as the LULD Plan, which contributes to the protection of investors and the public interest. Other competing equity exchanges are subject to the same methodology for determining when to halt trading in all stocks due to extraordinary market volatility and the same requirements specified in the LULD Plan. Thus, the proposed changes will not impose any burden on competition while providing that the market-wide circuit breakers pilot period corresponds to the pilot period for the LULD Plan so that the impact of the two proposals can be reviewed together.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Doing so will delay the operative date of the market-wide circuit breakers pilot until the initial date of operations of the LULD Plan, thereby allowing the pilot to run simultaneously with the LULD Plan, providing an opportunity to properly assess the impact of the two pilots on the marketplace and evaluate the pilots' effectiveness. Therefore, the Commission designates the proposal operative upon filing.¹⁴

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission has waived this requirement.

¹⁴ For purposes only of waiving the 30-day operative delay, the Commission has considered the

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁵ of the Act to determine whether the proposed rule change should be approved or disapproved.

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Designation of a Longer Period for Commission Action on Proposed Rule Change To Require Members To Report to TRACE the "Factor" in Limited Instances Involving Asset-Backed Security Transactions

January 30, 2013.

On November 29, 2012, the Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to require FINRA members to report to the Trade Reporting and Compliance Engine ("TRACE") the Factor used to determine the size (volume) of each transaction in an Asset-Backed Security ("ABS") (except ABS traded To Be Announced ("TBA")), in the limited instances when members effect such transactions as agent and charge a commission.³ The proposed rule change was published for comment in the **Federal Register** on December 18, 2012.⁴ The Commission received one comment on the proposal

and a response to the comment from FINRA.⁵

Section 19(b)(2) of the Act⁶ provides that, within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The 45th day for this filing is February 1, 2013. The Commission finds that it is appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the proposed rule change, the comment received, and the response to the comment submitted by FINRA. Therefore, the Commission is extending this 45-day time period.

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁷ designates March 18, 2013, as the date by which the Commission should either approve or disapprove or institute proceedings to determine whether to disapprove the proposed rule change.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁸

("Exchange" or "C2") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend its Bylaws concerning the nomination of Representative Directors, petition candidates, and the size of the Exchange's Board of Directors ("Board"), and to make conforming changes to the C2 Certificate of Incorporation. On December 19, 2012, the proposed rule change was published for comment in the **Federal Register**.³ The Commission received no comments on the proposed rule change. This order grants approval to the proposed rule change.

II. Description of the Proposed Rule Change

Compositional Requirements Determined by the Board

In December of 2011, C2 amended its Bylaws and Certificate of Incorporation to, among other things: (i) Eliminate the requirement that its Board of Directors be composed of at least 30% Industry Directors, and (ii) eliminate the requirement in Section 3.2 of the Bylaws that the Representative Directors must be Industry Directors.⁴ In connection with these changes, C2 also amended Section 3.1 of the Bylaws to provide that: "[T]he Board shall determine from time to time pursuant to resolution adopted by the Board the total number of directors, the number of Non-Industry Directors and Industry Directors (if any), and the number of Representative Directors that are Non-Industry Directors and Industry Directors (if any)."⁵

C2 proposed to amend the Bylaws to expressly provide that any person nominated by the Representative Director Nominating Body⁶ and any petition candidate nominated pursuant to the Section 3.2 of the Bylaws must satisfy the compositional requirements
