

exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 11 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Howard K. Bradley (VA) Kirk G. Braegger (UT) Ambrosio E. Calles (NM) Jose G. Cruz (TX) Harry P. Henning (PA) Christopher L. Humphries (TX) Ralph J. Miles (OR) Thomas C. Rylee (GA) Stanley B. Salkowski, III (PA) Michael G. Thomas (PA) William H. Twardus (DE)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 11 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (65 FR 45817; 65 FR 77066; 67 FR 71610; 67 FR 76439; 68 FR 10298; 70 FR 7545; 72 FR 7812; 74 FR 6689; 76 FR 9859). Each of these 11 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement

specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by March 8, 2013.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 11 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was made on the merits of each case and made only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

49 U.S.C. 5310—Capital Assistance Program for Elderly Persons and Persons with Disabilities and Section 5311—Nonurbanized Area Formula Program—Elan Flippin, FTA Office of Program Management (202) 366-3800, or email Elan.Flippin@dot.gov.

SUPPLEMENTARY INFORMATION:

Interested parties are invited to send comments regarding any aspect of these information collections, including: (1) The necessity and utility of the information collections for the proper performance of the functions of the FTA; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the collected information; and (4) ways to minimize the collection burden without reducing the quality of the collected information. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection.

Title: 49 U.S.C.—5307 Capital Assistance Program and Section 5309—Urbanized Area Formula Program

(OMB Number: 2132-0502)

Background: 49 U.S.C. 5307—Capital Assistance Program and Section 5309—Urbanized Area Formula Program authorize the Secretary of Transportation to make grants to State

and local governments and public transportation authorities for financing mass transportation projects. In response to requirements authorized by the new legislation, Moving Ahead for Progress in the 21st Century (MAP-21), a Passenger Ferry Grant Program has been added under 49 U.S.C. 5307. The Passenger Ferry Grant Program is a new discretionary grant program that will award funding on a competitive selection basis. Grant recipients for 49 U.S.C. 5307 and 5309 are required to make information available to the public and publish a program of projects for affected citizens to comment on the proposed program and performance of the grant recipients at public hearings. Notices of hearings must include a brief description of the proposed project and be published in a newspaper circulated in the affected area. FTA also uses the information to determine eligibility for funding and to monitor the progress of the grantee in implementing and completing project activities. The information submitted ensures FTA's compliance with applicable federal laws, OMB Circular A-102 and 49 CFR Part 18, "Uniform Administrative Requirements for Grants and Cooperative Agreements with State and Local Governments."

Respondents: State and local government, business or other for-profit institutions and non-profit institutions.

Estimated Annual Burden on Respondents: Approximately 50 hours for each of the 3,345 respondents.

Estimated Total Annual Burden: 167,250 hours.

Frequency: Annual.

Title: 49 U.S.C. 5310—Capital Assistance Program for Elderly Persons and Persons with Disabilities and Section 5311—Nonurbanized Area Formula Program

(OMB Number 2132-0500)

Background: 49 U.S.C. 5310—Capital Assistance Program for Elderly Persons and

Persons with Disabilities provides financial assistance for the specialized transportation service needs of elderly persons and persons with disabilities in all areas, urbanized, small urban and rural. 49 U.S.C. 5311—Nonurbanized Area Formula Program provides financial assistance for the provision of public transportation services in nonurbanized areas. Both programs are administered by the State. The Tribal Transit Program, which was approved as a separate program under the American Recovery and Reinvestment Act (ARRA), is now being added under 49 U.S.C. 5311. Under the new

legislation, Moving Ahead for Progress in the 21st Century (MAP-21), the Tribal Transit Program continues to be a set-aside from the rural area formula program (Section 5311), but now consists of a \$25 million formula program and a \$5 million discretionary grant program. This program no longer provides a single apportionment to the State. It now provides apportionments specifically for large urbanized, small urbanized and rural areas and will require new designations in large urbanized areas. MAP-21 also expands the eligibility provisions to include operating expenses.

49 U.S.C. 5310 and 5311 authorize FTA to review applications for federal financial assistance to determine eligibility and compliance with statutory and administrative requirements. The applications must contain sufficient information to enable FTA to make the findings required by law to enforce the requirements of the programs. Information collected during the project management stage provides a basis for monitoring approved projects to ensure timely and appropriate expenditure of federal funds by grant recipients.

Respondents: State and local government, business or other for-profit institutions and non-profit institutions and small business organizations.

Estimated Annual Burden on Respondents: Approximately 111 hours for each of the 178 respondents.

Estimated Total Annual Burden: 20,775 hours.

Frequency: Annual.

Issued: January 30, 2013.

Matthew M. Crouch,

Deputy Administrator for Administration.
