The FAA has determined that these Noise Exposure Maps and accompanying documentation are in compliance with applicable requirements. This determination is effective on January 30, 2013. FAA’s determination on the airport operator’s Noise Exposure Maps is limited to a finding that the maps were developed in accordance with the procedures contained in Appendix A of 14 CFR Part 150. Such determination does not constitute approval of the airport operator’s data, information or plans, or a commitment to approve a Noise Compatibility Program or to fund the implementation of that Program. If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a Noise Exposure Map submitted under Section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise exposure contours, or in interpreting the Noise Exposure Maps to resolve questions concerning, for example, which properties should be covered by the provisions of Section 47506 of the Act.

These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under 14 CFR Part 150 or through FAA’s review of Noise Exposure Maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator that submitted those maps, or with those public agencies and planning agencies with which consultation is required under Section 47503 of the Act. The FAA has relied on the certification by the airport operator, under Section 150.21 of 14 CFR Part 150, that the statutorily required consultation has been accomplished.

Copies of the full Noise Exposure Maps documentation and of the FAA’s evaluation of the maps are available for examination at the following locations: Federal Aviation Administration, Orlando Airports District Office, 5950 Hazeltine National Drive, Citadel International Building, Suite 400, Orlando, FL 32822.

Questions may be directed to the individual named above under the heading, FOR FURTHER INFORMATION CONTACT.

Issued in Orlando, FL, on January 30, 2013.

Bart Vernace, Manager, Orlando Airports District Office, Federal Aviation Administration.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board
[Docket No. FD 35661]

Grand Trunk Western Railroad Company—Acquisition of Operating Easement—CSX Transportation, Inc.

AGENCY: Surface Transportation Board, DOT.

ACTION: Notice of exemption.

SUMMARY: The Board is granting an exemption under 49 U.S.C. 10502 from the prior approval requirements at 49 U.S.C. 11323–25 for Grand Trunk Western Railroad Company (GTW), an indirect, wholly owned subsidiary of Canadian National Railway Company, to acquire from CSX Transportation, Inc. (CSXT) an exclusive, perpetual, non-assignable railroad operating easement over approximately 2.1 miles of CSXT’s Memphis Terminal Subdivision, between Leewood, Tenn., milepost 00F371.4, and Aulon, Tenn., milepost 00F373.4 (Leewood-Aulon Line), subject to employee protective conditions. The Leewood-Aulon Line is currently owned by CSXT. Illinois Central Railroad Company, a GTW affiliate, operates over it via trackage rights. Along with the proposed easement acquisition by GTW, CSXT would retain local and overhead trackage rights over the Leewood-Aulon Line.

GTW’s easement acquisition is one part of an Agreement for Exchange of Perpetual Easements between GTW and CSXT. In exchange for GTW’s acquiring an easement from CSXT over the Leewood-Aulon Line, GTW has agreed to grant CSXT an exclusive, perpetual, non-assignable railroad operating easement over 22.37 miles of GTW track on the Elsdon Subdivision between the connection with CSXT at Munster, Ind., milepost 31.07, and Elsdon, Ill., milepost 8.7, which connects to the southern end of the BNSF Railway Company’s Corwith Yard. The Board is separately granting authority for CSXT’s acquisition of this operating easement in the Chicago area in Docket Nos. FD 35522 et al.1

DATES: This exemption will be effective on March 10, 2013. Petitions to stay must be filed by February 19, 2013. Petitions to reopen must be filed by February 28, 2013.
