

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency**

[Docket ID: FEMA–2012–0031; OMB No. 1660–0085]

Agency Information Collection Activities; Submission for OMB Review; Comment Request: Crisis Counseling Assistance and Training Program

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission will describe the nature of the information collection, the categories of respondents, the estimated burden (i.e., the time, effort and resources used by respondents to respond) and cost, and the actual data collection instruments FEMA will use.

DATES: Comments must be submitted on or before March 13, 2013.

ADDRESSES: Submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the Desk Officer for the Department of Homeland Security, Federal Emergency Management Agency, and sent via electronic mail to oir.submission@omb.eop.gov or faxed to (202) 395–5806.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Records Management Division, 1800 South Bell Street, Arlington, VA 20598–3005, facsimile number (202) 646–3347, or email address FEMA-Information-Collections-Management@dhs.gov.

SUPPLEMENTARY INFORMATION: Section 416 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, (Stafford Act) (42 U.S.C. 5183) Public Law 93–288, as amended, authorizes the President to provide financial assistance to States, U.S. Territories, and Federally Recognized Tribes for professional counseling services to survivors of major disasters to relieve mental health problems caused by or aggravated by a major disaster or its aftermath. FEMA

has codified Section 416 of the Stafford Act at section 44 CFR 206.171 entitled Crisis Counseling Assistance and Training. Under Section 416 of the Stafford Act and 44 CFR 206.171, the President has designated the Department of Health and Human Services–Center for Mental Health Services (HHS–CMHS) to coordinate with FEMA in administering the Crisis Counseling Assistance and Training Program (CCP). FEMA and HHS–CMHS signed an interagency agreement under which HHS–CMHS provides program oversight, technical assistance and training to States applying for CCP funding.

We received one comment during the 60-day FRN period. Main points addressed include (1) CCP grants do not reimburse states for indirect costs associated with administrative overhead which has proven burdensome to the state, (2) the 60-day ISP grant program period is not sufficient time to prepare and submit the required ISP application (due 14 days from the date of the IA declaration), hire staff, initiate contracts with local mental health providers and provide immediate response activities to those impacted by the disaster, (3) the immediate availability of CCP services following a major disaster is recommended to mitigate the psychological impact to first responders, disaster survivors, etc., and to expedite funding to states, and finally, (4) that certain sections of the ISP application should be pre-approved by FEMA prior to a disaster to expedite access to disaster funding so that staff can be hired and supplies and equipment obtained quickly to implement the program.

All comments received are issues currently being reviewed by the Community Services Section within the Individual Assistance Division of FEMA's Recovery Directorate. A FEMA economist is currently reviewing program data to determine what policy and/or program changes (to include possible regulatory changes) are necessary to ensure that the CCP program is cost effective, efficient and not overly cumbersome to States applying for the program.

Collection of Information

Title: Crisis Counseling Assistance and Training Program.

Type of information collection: Revision of a currently approved information collection.

OMB Number: 1660–0085.

Form Titles and Numbers: FEMA Form 003–0–1, Crisis Counseling Assistance and Training Program, Immediate Services Program

Application; FEMA Form 003–0–2, Crisis Counseling Assistance and Training Program, Regular Services Program Application.

Abstract: The CCP consists of two grant programs, the Immediate Services Program (ISP) and the Regular Services Program (RSP). The ISP and the RSP provide supplemental funding to States, U.S. Territories, and Federally Recognized Tribes following a Presidentially-declared disaster. The grant programs provide funding for Training and Services, including community outreach, public education and counseling techniques. States are required to submit an application that provides information on Needs Assessment, Plan of Service, Program Management, and an accompanying Budget.

Affected Public: State, local or Tribal Government.

Estimated Number of Respondents: 24 respondents.

Number of Responses: 57 responses.

Estimated Total Annual Burden Hours: 2,580 hours.

Estimated Cost: The estimated annual cost to respondents for the hour burden is \$142,674. There are no annual costs to respondents operations and maintenance costs for technical services. There are no annual start-up or capital costs. The cost to the Federal Government is \$139,654.

Dated: January 24, 2013.

Charlene D. Myrthil,

Director, Records Management Division, Mission Support Bureau, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9110–13–P

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency**

[Docket ID FEMA–2013–0002]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final Notice.

SUMMARY: New or modified Base (1% annual-chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or the regulatory floodway (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities

listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities. The flood hazard determinations modified by each LOMR will be used to calculate flood insurance premium rates for new buildings and their contents.

DATES: The effective date for each LOMR is indicated in the table below.

ADDRESSES: Each LOMR is available for inspection at both the respective Community Map Repository address listed in the table below and online through the FEMA Map Service Center at www.msc.fema.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Associate Administrator for Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The new or modified flood hazard determinations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the

National Flood Insurance Program (NFIP).

These new or modified flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

These new or modified flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings, and for the contents in those buildings. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at www.msc.fema.gov.
