BILLING CODE 6355-01-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Publication of Housing Price Inflation Adjustment Under 50 U.S.C. App. § 531

AGENCY: Office of the Under Secretary (Personnel and Readiness), DoD.

ACTION: Notice.

SUMMARY: The Servicemembers Civil Relief Act, as codified at 50 U.S.C. App. § 531, prohibits a landlord from evicting a Service member (or the Service member's family) from a residence during a period of military service except by court order. The law as originally passed by Congress applied to dwellings with monthly rents of \$2,400 or less. The law requires the Department of Defense to adjust this amount annually to reflect inflation and to publish the new amount in the **Federal Register**. We have applied the inflation index required by the statute. The maximum monthly rental amount for 50 U.S.C. App. § 531 (a)(1)(A)(ii) as of January 1, 2013, will be \$3,139.35.

DATES: *Effective Date:* January 1, 2013.

FOR FURTHER INFORMATION CONTACT: Major Ryan Oakley, Office of the Under Secretary of Defense for Personnel and Readiness, (703) 697-3387.

Dated: February 6, 2013.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-P

DEPARTMENT OF ENERGY

Energy Employees Occupational Illness Compensation Program Act of 2000; Revision to the List of Covered Facilities

AGENCY: Department of Energy.

ACTION: Notice of revision of listing of covered facilities.

SUMMARY: The Department of Energy ("Department" or "DOE") periodically publishes revisions to its list of facilities covered under the Energy Employees Occupational Illness Compensation Program Act of 2000, as amended ("EEOICPA" or "Act"). This notice amends the list of covered facilities by

removing the designation of the Bridgeport Brass facility in Adrian, Michigan, as an atomic weapons employer (AWE) facility.

ADDRESSES: The Department welcomes comments on this notice. Comments should be addressed to: Patricia R. Worthington, Ph.D., Director, Office of Health and Safety (HS-10), U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: Patricia R. Worthington, Ph.D., Director, Office of Health and Safety (HS-10), (301) 903-5926.

SUPPLEMENTARY INFORMATION:

This notice amends the list of covered facilities by removing the designation of the Bridgeport Brass facility in Adrian, Michigan, as an atomic weapons employer (AWE) facility. Previous lists or revisions were published by DOE on February 6, 2012 (77 FR 24); May 26, 2011 (76 FR 102); June 30, 2010 (75 FR 125), as amended August 3, 2010 (75 FR 148); April 9, 2009 (74 FR 67); June 28, 2007 (72 FR 124); November 30, 2005 (70 FR 229); August 23, 2004 (69 FR 162); July 21, 2003 (68 FR 139); December 27, 2002 (67 FR 249); June 11, 2001 (66 FR 112); and January 17, 2001 (66 FR 11).

Purpose

EEOICPA establishes a program to provide compensation to certain employees who develop illnesses as a result of their employment with AWEs, DOE and its predecessor Agencies, certain of its contractors and subcontractors, and listed beryllium vendors. Section 3621(4) of the Act (codified at 42 U.S.C. 73841(4)) defines an AWE as "an entity, other than the United States, that—(A) processed or produced, for use by the United States, material that emitted radiation and was used in the production of an atomic weapon, excluding uranium mining and milling; and (B) is designated by the Secretary of Energy as an [AWE] for purposes of the compensation program." Section 3621(5) defines an AWE facility as "a facility, owned by an [AWE] that is, or was, used to process or produce, for use by the United States, material that emitted radiation and was used in the production of an atomic weapon, excluding uranium mining or milling."

It has recently come to the attention of the Department that the Bridgeport Brass facility in Adrian, Michigan, was mistakenly identified as an AWE facility in the Department's previous lists. Records related to the Bridgeport Brass facility indicate that the United States,

not Bridgeport Brass, owned the facility in Adrian, Michigan, and, therefore, it does not meet the above definition of an AWE facility.

This notice formally makes the changes to the listing of the covered facility as indicated below:

- The Bridgeport Brass facility in Adrian, Michigan, is no longer designated as an AWE facility. This change has no effect on any determination by the Department of Labor regarding the status of the site.

Issued in Washington, DC, on January 24, 2013.

Glenn S. Podonsky,

Chief Health, Safety and Security Officer, Office of Health, Safety and Security.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Multi-stakeholder Process To Develop a Voluntary Code of Conduct for Smart Grid Data Privacy

AGENCY: Office of Electricity Delivery and Energy Reliability, Department of Energy.

ACTION: Notice of Open Meeting.

SUMMARY: The U.S. Department of Energy, Office of Electricity Delivery and Energy Reliability (DOE OE) will convene the first meeting of the smart grid data privacy multistakeholder process concerning the development of an Voluntary Code of Conduct for utility and third parties providing consumer energy use services.

DATES: Tuesday, February 26, 2013 (9:30 a.m. to 4:30 p.m., Eastern Standard Time).

ADDRESSES: Federal Energy Regulatory Commission (FERC), Commission Meeting Room, 888 First Street NE., Washington, DC 20426.

The meeting will also be webcast. There will be an opportunity for stakeholders viewing the webcast to participate remotely in the meeting. Please register your intent to participate at www.smartgrid.gov/privacy.

Instructions for remote participation will be sent to registrants and posted on the Web site www.smartgrid.gov/privacy seven (7) days prior to the meeting.

FOR FURTHER INFORMATION CONTACT: Eric Lightner, U.S. Department of Energy, Office of Electricity Delivery and Energy Reliability, 1000 Independence Ave. SW., Washington, DC 20585; telephone (202) 586-8130; email eric.lightner@hq.doe.gov.

SUPPLEMENTARY INFORMATION:
Background:

On January 31, 2012, the U.S. Department of Energy, Office of Electricity Delivery and Energy Reliability (DOE OE) hosted the Smart Grid Privacy Workshop¹ to facilitate a dialog among key industry stakeholders. On February 23, 2012, the White House released the report, *Consumer Data Privacy in a Networked World: A Framework for Protecting Privacy and Promoting Innovation in the Global Digital Economy*² (Privacy Blueprint). The Privacy Blueprint outlines a multi-stakeholder process for developing voluntary codes of conduct that, if adopted by businesses, would instill consumer confidence. In response to workshop findings and in support of the Privacy Blueprint, DOE OE and the Federal Smart Grid Task Force will facilitate a multistakeholder process to develop a Voluntary Code of Conduct (VCC) for utilities and third parties providing consumer energy use services. The goal of the process is to develop a common set of practices that will provide privacy protections for consumers with regard to access, use, and sharing of electricity usage and related data and will provide regulators and decision makers with a resource for evaluating potential privacy regulations and practices.

Matters to be considered: The meeting on February 26, 2013 will be the first in a series of DOE-convened multi-stakeholder discussions concerning the development of a VCC and will engage stakeholders in an open, transparent process. The objectives of the meeting are to (1) promote discussion among stakeholders regarding a proposed VCC outline, including the types of data to be covered and (2) establish procedural rules for developing the VCC. Additional information can be found at www.smartgrid.gov/privacy.

Audience: Stakeholders who may be interested in participating include—but are not limited to—utilities, consumer advocates, regulators, third party providers, building energy managers, academics, and home energy auditors.

Other Information: The meeting is open to the public and the press. Attendees should arrive at least one-half hour prior to the start of the meeting to facilitate entry to the FERC building. Participants will be required to show valid, government-issued photo identification upon arrival. Foreign nationals must contact Eric Lightner at

(202) 586–8130 or eric.lightner@hq.doe.gov at least seven (7) business days prior to the meeting in order to provide the necessary clearance information and must present valid, government-issued photo identification upon arrival. This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Eric Lightner at (202) 586–8130 or eric.lightner@hq.doe.gov at least seven (7) business days prior to the meeting.

Issued in Washington, DC, on February 4, 2013.

Patricia A. Hoffman,
Assistant Secretary.

BILLING CODE 6450–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP13–58–000]

National Fuel Gas Supply Corporation; Prior Notice of Activity Under Blanket Certificate

On January 24, 2013, National Fuel Gas Supply Corporation (National Fuel) filed with the Federal Energy Regulatory Commission (Commission) an application under section 7 of the Natural Gas Act and Sections 157.205 and 157.216 of the Commission's regulations for authorization to abandon facilities at its Boone Mountain Storage Field located in Elk County, Pennsylvania. National Fuel seeks authority to plug and abandon Well 4940 and to abandon the associated well line F–W4940. Well 4940 has not contributed to storage field deliverability since 2005, so the abandonment will not affect overall storage field performance.

Questions regarding this application may be directed to David W. Reitz, Deputy General Counsel, National Fuel Gas Supply Corporation, 6363 Main Street, Williamsville, New York 14221, or by calling 716–857–7949.

Any person or the Commission's staff may, within 60 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the regulations under the NGA (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be

authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the allowed time for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such motions or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant, on or before the comment date. It is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the “eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov> using the “eLibrary” link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an “eSubscription” link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Comment Date: 5:00 p.m. Eastern Time on April 2, 2013.

Dated: February 1, 2013.

Kimberly D. Bose,
Secretary.
