

D. The Paperwork Reduction Act of 1995

HHS/CDC has reviewed the information collection requirements of the final rule and has determined that the information collection requested in the final rule is already approved by the Office of Management and Budget (OMB) under OMB Control No. 0920–0263, expiration date June 30, 2014. The final rule does not contain any new data collection or record keeping requirements.

E. National Environmental Policy Act (NEPA)

Pursuant to 48 FR 9374 (list of HHS/CDC program actions that are categorically excluded from the NEPA environmental review process), HHS/CDC has determined that this action does not qualify for a categorical exclusion. In the absence of an applicable categorical exclusion, the Director, CDC, has determined that provisions amending 42 CFR 71.53 will not have a significant impact on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.

F. Civil Justice Reform (Executive Order 12988)

This final rule has been reviewed under Executive Order 12988, Civil Justice Reform. Under this final rule: (1) All State and local laws and regulations that are inconsistent with this rule will be preempted; (2) no retroactive effect will be given to this rule; and (3) administrative proceedings will not be required before parties may file suit in court challenging this rule.

G. Executive Order 13132 (Federalism)

The Department has reviewed this rule in accordance with Executive Order 13132 regarding Federalism, and has determined that it does not have “federalism implications.” The rule does not “have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.”

H. Plain Language Act of 2010

Under Public Law 111–274 (October 13, 2010), executive Departments and Agencies are required to use plain language in documents that explain to the public how to comply with a requirement the Federal Government administers or enforces. HHS/CDC attempted to use plain language in promulgating this rule consistent with the Federal Plain Writing Act guidelines

and requested comment from the public on this topic. HHS/CDC did not receive any public comment to this request.

List of Subjects in 42 CFR Part 71

Communicable diseases, Public health, Quarantine, Reporting and recordkeeping requirements, User fees, Testing.

For the reasons discussed in the preamble, the Centers for Disease Control and Prevention amends 42 CFR part 71 as follows:

PART 71—FOREIGN QUARANTINE

■ 1. The authority citation for 42 CFR part 71 continues to read as follows:

Authority: Sec. 311 of the Public Health Service (PHS) Act, as amended (42 U.S.C. 243), secs. 361–369, PHS Act, as amended (42 U.S.C. 264–272).

Subpart F—Importations

■ 2. In § 71.53, add paragraph (j) to read as follows:

§ 71.53 Nonhuman primates.

* * * * *

(j) *Filovirus testing fee.* (1) Non-human primate importers shall be charged a fee for filovirus testing of non-human primate liver samples submitted to the Centers for Disease Control and Prevention (CDC).

(2) The fee shall be based on the cost of reagents and other materials necessary to perform the testing; the use of the laboratory testing facility; irradiation for inactivation of the sample; personnel costs associated with performance of the laboratory tests; and administrative costs for test planning, review of assay results, and dissemination of test results.

(3) An up-to-date fee schedule is available from the Division of Global Migration & Quarantine, Centers for Disease Control and Prevention, 1600 Clifton Road, Atlanta, Georgia 30333. Any changes in the fee schedule will be published in the **Federal Register**.

(4) The fee must be paid in U.S. Dollars at the time that the importer submits the specimens to HHS/CDC for testing.

Dated: February 4, 2013.

Kathleen Sebelius,

Secretary, Department of Health and Human Services.

BILLING CODE P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA–2013–0002]

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated in the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646–4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Associate Administrator for Mitigation has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended as follows:

PART 67—[AMENDED]

■ 1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.11 [Amended]

■ 2. The tables published under the authority of § 67.11 are amended as follows:

Federal Railroad Administration

49 CFR Part 209

[Docket No. FRA-2004-17530, Notice No. 3]

RIN 2130-ZA11

Minimum and Ordinary Maximum and Aggravated Maximum Civil Monetary Penalties for a Violation of the Hazardous Materials Transportation Laws or Regulations, Orders, Special Permits, or Approvals Under Those Laws

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: FRA is revising its regulations to reflect amendments to certain statutory civil monetary penalty provisions effected by the Moving Ahead for Progress in the 21st Century Act (MAP-21), which was enacted on July 6, 2012. These statutory amendments became effective on October 1, 2012. Pursuant to the Act, FRA is eliminating the minimum penalty for other than a training violation and adjusting both the ordinary maximum penalty and the aggravated maximum penalty that applies when assessing a civil monetary penalty for a violation of the Federal hazardous materials transportation laws or a regulation, special permit, or approval issued under those laws. FRA is also revising references to these minimums and maximums in its civil penalty assessment guidelines to conform to these statutory changes.

DATES: *Effective Date:* This rule is effective February 12, 2013.

Applicability Date: This final rule applies to all violations of the Federal hazardous materials transportation laws or a regulation, order, special permit, or approval issued under those laws that occur on or after October 1, 2012.

FOR FURTHER INFORMATION CONTACT: Joseph St. Peter, Trial Attorney, U.S. Department of Transportation, Federal Railroad Administration, Office of Chief

Counsel, RCC-12, Mail Stop 10, 1200 New Jersey Ave. SE., Washington, DC 20590 (telephone 202-493-6047), *joseph.st.peter@dot.gov*.

SUPPLEMENTARY INFORMATION:

Amendments to the Statutory Civil Penalty Provisions

Title III of Division C of MAP-21 (Pub. L. 112-141)—the Hazardous Materials Transportation Safety Improvement Act of 2012—revises the maximum and minimum civil penalties for violation of Federal hazardous materials transportation laws at 49 U.S.C. ch. 51 (Federal hazmat laws) or a regulation, order, special permit, or approval issued under the Federal hazmat laws (including the regulations at 49 CFR subtitle B, chapter I, subchapters A (Hazardous Materials and Oil Transportation) and C (Hazardous Materials Regulations)). *See* Sec. 33010 of MAP-21, amending 49 U.S.C. 5123. FRA is revising all references to the maximum and minimum civil penalties in its regulations and guidelines in order to reflect the following statutory changes:

- The maximum civil penalty was increased from \$50,000 to \$75,000 for a knowing violation and from \$100,000 to \$175,000 if the violation results in death, serious illness or severe injury to any person, or substantial destruction of property.
- The minimum civil penalty of \$250 was eliminated, except that a minimum civil penalty of \$450 still applies to a violation related to training.

Revisions to Civil Penalty Assessment Guidelines

FRA's hazardous material transportation enforcement civil penalty guidelines are published in appendix B to 49 CFR part 209, to provide the regulated community and the general public with information concerning the manner in which FRA generally begins its hazmat penalty assessment process and the types of information that respondents in enforcement cases should provide to justify reduction of proposed penalties. These guidelines were first published in the **Federal Register** on July 25, 1996 in response to a request contained in Senate Report 103-150 that accompanied the Department of Transportation and Related Agencies Appropriations Act of 1994. 61 FR 38644. These guidelines are periodically updated, and FRA most recently published revisions to them on July 27, 2010, pursuant to the Federal Civil Penalties Inflation Adjustment Act

of 1990, as amended (28 U.S.C. 2461, note). 75 FR 43840.

In this final rule, FRA is revising all references to the maximum and minimum civil penalties published in appendix B to 49 CFR part 209 in order to reflect the statutory changes of MAP-21.

Statutory Authority

This final rule is published under the authority of 49 U.S.C. 5123, which provides civil penalties for violations of the Federal hazmat laws or a regulation, order, special permit, or approval issued under those laws. The hazardous material transportation regulations are issued by the Pipeline and Hazardous Materials Safety Administration. 49 CFR 1.97(b). Responsibility for the enforcement of the Federal hazmat laws and regulations primarily in instances where violations involve railroads and those entities that ship by rail has been delegated to FRA. 49 CFR 1.89(j). This rule revises references in FRA's regulations to reflect revisions to the civil penalty provisions in the Hazardous Materials Transportation Safety Improvement Act of 2012. The amendments to the statutory provisions became effective on October 1, 2012, and FRA is implementing these amendments within respect to violations that occur on or after that date.

Public Participation

FRA is proceeding to a final rule without providing a notice of proposed rulemaking or an opportunity for public comment. Public comment is unnecessary because, in making these revisions, FRA is not exercising discretion in a way that could be informed by public comment. As such, notice and comment procedures are "impracticable, unnecessary, or contrary to the public interest" within the meaning of the Administrative Procedure Act, 5 U.S.C. 553(b)(3)(B). FRA is issuing these revisions as a final rule applicable to all hazardous material civil penalty cases under its authority to cite for violations that occur on or after October 1, 2012.

Regulatory Impact

A. Executive Orders 12866 and 13563 and DOT Regulatory Policies and Procedures

This final rule has been evaluated in accordance with existing policies and procedures and determined to be non-significant under Executive Orders 12866 and 13563. Accordingly, this final rule was not reviewed by the Office of Management and Budget
