

State Approval Agency for Nurse Education

1. Maryland Board of Nursing (MBN) (Current Scope: State agency for the approval of nurse education.

Submission of Written Comments: Written comments must be received by March 4, 2013, in the accreditationcommittees@ed.gov mailbox and include the subject line "Written Comments: re (agency name)." The email must include the name, title, affiliation, mailing address, email address, telephone and facsimile numbers and Web site (if any) of the person/group making the comment. Comments should be submitted as a Microsoft Word document or in a medium compatible with Microsoft Word (not a PDF file) that is attached to an electronic mail message (email) or provided in the body of an email message. Comments about an agency's compliance report must relate to the issues raised and the criteria for recognition cited in the Secretary's letter that requested the report. Comments about the renewal of an agency's recognition must relate to its compliance with the Criteria for the Recognition of Accrediting Agencies or the Criteria and Procedures for Recognition of State Agencies for Approval of Nurse Education, as appropriate, which are available at <http://www.ed.gov/admins/finaid/accred/index.html>. Third parties having concerns about agencies regarding matters outside the scope of the petition should report those concerns to the Department. Only material submitted by the deadline to the email address listed in this notice, and in accordance with these instructions, become part of the official record concerning agencies scheduled for review and are considered by the Department and the NACIQI in their deliberations. Please do not send material directly to the NACIQI members.

Submission of Requests To Make an Oral Comment: There are two methods the public may use to make a third-party oral comment of three to five minutes. All comments must concern one of the agencies scheduled for review at the June 6–7, 2013 meeting, and must relate to the Criteria for Recognition of accrediting agencies or the Criteria and Procedures for Recognition of State Agencies for Approval of Nurse Education, as appropriate. These criteria are available at: <http://www.ed.gov/admins/finaid/accred/index.html>

Method One: Submit a request by email to the accreditationcommittees@ed.gov mailbox. Please do not send material

directly to NACIQI members. Requests must be received by March 4, 2013, and include the subject line "Oral Comment Request: re (agency name)." The email must include the name, title, affiliation, mailing address, email address, telephone and facsimile numbers and Web site (if any) of the person/group requesting to speak. All individuals or groups submitting an advance request in accordance with this notice will be afforded an opportunity to speak for a maximum of five minutes each. Each request must concern the recognition of a single agency or institution tentatively scheduled in this notice for review, be no more than one page (maximum), and must include:

1. The name, title, affiliation, mailing address, email address, telephone and facsimile numbers, and Web site (if any) of the person/group requesting to speak; and,

2. A brief summary of the principal points to be made during the oral presentation.

Method Two: Register at the meeting location on June 6 or June 7, 2013, to make an oral comment during the NACIQI's deliberations concerning a particular agency or institution scheduled for review that day. The requestor must provide his or her name, title, affiliation, mailing address, email address, telephone and facsimile numbers, and Web site (if any). A total of up to fifteen minutes during each agency review will be allotted for commenters who register on June 6 or June 7, 2013. Individuals or groups will be selected on a first-come, first-served basis. If selected, each commenter may speak from three to five minutes, depending on the number of individuals or groups who signed up the day of the meeting.

If a person or group requests, in advance, to make comments they cannot also register for an oral presentation opportunity on June 6 or June 7, 2013. The oral comments made will become part of the official record and will be considered by the Department and NACIQI in their deliberations. No individual or group in attendance or making oral presentations may distribute written materials at the meeting.

Access to Records of the Meeting: The Department will post the official report of the meeting on the NACIQI Web site shortly after the meeting. Pursuant to the FACA, the public may also inspect the materials at 1990 K Street NW., Washington, DC, by emailing aslrecordsmanager@ed.gov or by calling (202) 219–7067 to schedule an appointment.

Reasonable Accommodations: The meeting site is accessible to individuals with disabilities. If you will need an auxiliary aid or service to participate in the meeting (e.g., interpreting service, assistive listening device, or materials in an alternate format), notify the contact person listed in this notice at least two weeks before the scheduled meeting date. Although we will attempt to meet a request received after that date, we may not be able to make available the requested auxiliary aid or service because of insufficient time to arrange it.

FOR FURTHER INFORMATION CONTACT:

Carol Griffiths, Executive Director, NACIQI, U.S. Department of Education, 1990 K Street NW., Room 8073, Washington, DC 20006–8129, telephone: (202) 219–7035, fax: (202) 219–7005, or email: Carol.Griffiths@ed.gov.

Electronic Access to this Document: The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available via the Federal Digital System at: www.gpo.gov/fdsys. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Adobe Portable Document Format (PDF). To use PDF, you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at: www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

David A. Bergeron,

Acting Assistant Secretary for Postsecondary Education.

DEPARTMENT OF ENERGY

Notice of Availability of Draft Section 3116 Basis for Determination for Closure of H Tank Farm at the Savannah River Site

AGENCY: U.S. Department of Energy.

ACTION: Notice of availability.

SUMMARY: The Department of Energy (DOE) announces the availability of the *Draft Section 3116 Basis for Determination for Closure of the H Tank Farm at the Savannah River Site* (Draft HTF 3116 Basis Document) for public

comment. DOE prepared the Draft HTF 3116 Basis Document pursuant to section 3116(a) of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005 (NDAA), which provides that the Secretary of Energy may, in consultation with the U.S. Nuclear Regulatory Commission (NRC), determine that certain waste from reprocessing of spent nuclear fuel is not high-level radioactive waste if the provisions set forth in section 3116(a) are satisfied. To make this determination, the Secretary of Energy must determine that the waste in the HTF: (1) Does not require permanent isolation in a deep geologic repository for spent fuel or high-level radioactive waste; (2) has had highly radioactive radionuclides removed to the maximum extent practical; and (3)(A) does not exceed concentration limits for Class C low-level waste and will be disposed of in compliance with the performance objectives in 10 CFR Part 61, Subpart C and pursuant to a State approved closure plan or State-issued permit; or (3)(B) exceeds concentration limits for Class C low-level waste but will be disposed of in compliance with the performance objectives of 10 CFR Part 61, Subpart C; pursuant to a State approved closure plan or State-issued permit; and pursuant to plans developed by DOE in consultation with the NRC. Although not required by the NDAA, DOE is making the Draft HTF 3116 Basis Document available for public comment. The Draft HTF 3116 Basis Document demonstrates that the cleaned and stabilized HTF tanks, ancillary structures and their stabilized residuals at HTF closure meet the public dose limits and other criteria in section 3116. DOE is consulting with the NRC and will consider public comments before preparing a final HTF 3116 Basis Document and issuing a Secretarial determination under section 3116.

DATES: The comment period will end on May 1, 2013. Comments received after this date will be considered to the extent practicable.

ADDRESSES: The Draft HTF Section 3116 Basis document is available on the Internet at http://sro.srs.gov/f_htankfarmsdocuments.htm.

Written comments on the draft HTF Section 3116 Basis document may be submitted by U.S. mail to the following address: Ms. Sherri Ross, DOE-SR, Building 704-S, Room 43, U.S. Department of Energy, Savannah River Operations Office, Aiken, SC 29802 (ATTN: H-Tank Farm Draft Basis).

Alternatively, comments may also be filed electronically by email to

sherri.ross@srs.gov, or by Fax at (803) 208-7414.

SUPPLEMENTARY INFORMATION: The HTF is a 45-acre site, located at the Savannah River Site (SRS) near Aiken, South Carolina. The HTF consists of 29 underground radioactive waste storage tanks and supporting ancillary structures. The major HTF ancillary structures are three evaporator systems, transfer lines, eight diversion boxes, one catch tank, a concentrate transfer system, ten pump pits, nine pump tanks, and eleven valve boxes. There are four waste tank types (Type I, II, III/IIIA, and IV) in HTF with operating capacities ranging from 750,000 gallons to 1,300,000 gallons. The waste tanks have varying degrees of secondary containment and in-tank structural features such as cooling coils and columns. All HTF waste tanks are constructed of carbon steel. The HTF tanks and ancillary structures contain, in part, waste from the prior reprocessing of spent nuclear fuel, and from various SRS production, processing and laboratory facilities.

DOE is in the process of closing the HTF and is engaged in an expansive campaign to clean, stabilize, and close the tanks and ancillary structures in the HTF, using a process that includes removing bulk waste from tanks and applicable ancillary structures, followed by deployment of tested technologies to remove the majority of the remaining waste. After completing cleaning operations, a small amount of residual radioactive waste will remain in the tanks and ancillary structures. DOE plans to stabilize the residuals in the tanks and certain ancillary structures in place with grout, followed by a closure cap system for the HTF. Tank waste storage and removal operations in the HTF are governed by a South Carolina Department of Health and Environmental Control (SCDHEC) industrial wastewater operating permit. Removal of tanks from service and stabilization of the HTF waste tanks and ancillary structures will be carried out pursuant to a State-approved closure plan, the *Industrial Wastewater General Closure Plan for H-Area Waste Tank Systems*. Specific Closure Modules for each tank or ancillary structure or groupings of tanks and ancillary structures will be developed and submitted to SCDHEC for approval. After SCDHEC approval of the specific and final closure configuration documentation and grouting, the applicable tank or ancillary structure will be removed from the State's industrial wastewater permit. Where appropriate, the Draft HTF 3116 Basis

Document draws upon DOE's experience in cleaning and closing tanks at the similar F-Area Tank Farm at SRS, for which the Secretary of Energy issued a Section 3116 Determination in March 2012.

As demonstrated and documented in the Draft HTF 3116 Basis Document, the stabilized HTF tanks, ancillary structures and residuals at closure meet the public dose performance objective and other criteria set forth in section 3116(a) of the NDAA. DOE is consulting with the NRC pursuant to section 3116, and will consider this consultation as well as public comments before preparing a final HTF 3116 Basis Document. DOE anticipates that the final HTF 3116 Basis Document will serve as a predicate for the Secretary to determine whether or not the stabilized HTF tanks, ancillary structures and residuals at closure meet the criteria in section 3116(a), are not high-level radioactive waste, and may be disposed of in place as low-level waste.

Issued in Washington, DC, on February 6, 2013.

Mark A. Gilbertson,

Deputy Assistant Secretary for Site Restoration.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Combined Notice of Filings #1

Take notice that the Commission received the following electric rate filings:

Docket Numbers: ER12-1643-001.
Applicants: ISO New England Inc.
Description: ISO New England Inc. submits Order No. 755 Regulation Mkt. Compliance Changes to be effective 12/31/9998.

Filed Date: 2/6/13.
Accession Number: 20130206-5047.
Comments Due: 5 p.m. e.t. 2/27/13.

Docket Numbers: ER12-2277-003.
Applicants: Midwest Independent Transmission System Operator, Inc.
Description: Midwest Independent Transmission System Operator, Inc. submits 2013-02-05 SA 2457 G631-2-3 Term to be effective 4/6/2013.

Filed Date: 2/5/13.
Accession Number: 20130205-5158.
Comments Due: 5 p.m. e.t. 2/26/13.

Docket Numbers: ER13-886-000.
Applicants: Midwest Independent Transmission System Operator, Inc.
Description: Midwest Independent Transmission System Operator, Inc.
