and 516 DM 6 Appendix 1). We base our preliminary determination that issuance of the ITP qualifies as a low-effect action on the following three criteria: (1) Implementation of the project would result in minor or negligible effects on federally listed, proposed, and candidate species and their habitats; (2) Implementation of the project would result in minor or negligible effects on other environmental values or resources; and (3) Impacts of the project, considered together with the impacts of other past, present, and reasonably foreseeable similarly situated projects, would not result, over time, in cumulative effects to environmental values or resources that would be considered significant. This preliminary determination may be revised based on our review of public comments that we receive in response to this notice.

Next Steps

The Service will evaluate the HCP and comments submitted thereon to determine whether the application meets the requirements of section 10(a) of the Act. The Service will also evaluate whether issuance of the section 10(a)(1)(B) ITP complies with section 7 of the Act by conducting an intra-Service section 7 consultation. The results of this consultation, in combination with the above findings, will be used in the final analysis to determine whether or not to issue the ITP. If it is determined that the requirements of the Act are met, the ITP will be issued.

Authority:

We provide this notice under Section 10 of the Endangered Species Act (16 U.S.C. 1531 et seq.) and NEPA regulations (40 CFR 1506.6).

Notice of Final Supplementary Rules for Public Lands in Colorado: Public Lands Administered by the Bureau of Land Management, Royal Gorge Field Office, Arkansas River Travel Management Area in Chaffee, Custer, and Fremont Counties

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Final Supplementary Rules.

SUMMARY: The Bureau of Land Management (BLM) is establishing supplementary rules to regulate conduct on public lands within the Arkansas River Travel Management Area (ARTMA) in Chaffee, Custer, and Fremont Counties, Colorado. These supplementary rules address decisions found in the Arkansas River Travel Management Plan (ARTMP). Travel management actions and changes to the off-highway vehicle (OHV) designations were detailed and analyzed in an Environmental Assessment (EA). The

Royal Gorge Field Office (RGFO) signed a Finding of No Significant Impact (FONSI) on December 18, 2007. The BLM issued two Decision Records following the ARTMP EA: one on April 29, 2008, to amend OHV designations identified in the EA, and a second on May 21, 2008, to implement the travel management actions identified in the EA. The rules were published in the Federal Register as a proposal on July 23, 2010 and public comment was solicited. The Decision Records included revising travel regulations for the area including bicycle use, identifying shooting restrictions, and limiting an area to a certain vehicle type. These travel regulations are designed to provide for public health and safety and to protect natural resources within the ARTMA.

DATES: Effective Date: These supplementary rules are effective March 15, 2013.

ADDRESSES: You may send inquiries by mail to the BLM Royal Gorge Field Office, 3028 East Main Street, Canon City, Colorado 81212; or by email to rgfo_comments@blm.gov and include “Final Supplementary Rules” in the subject line.
